1 Purpose

- 1.1 The Mobile Food Vendor Location Rules Policy (the “Policy”) is to outline the public roads in the Council’s area where a mobile food vending business (MFVB) that has been granted a MFVB Permit may operate. It is the responsibility of the Permit Holder to comply with these Location Rules.
- 1.2 For the avoidance of doubt, these Location Rules apply to the operation of a mobile food vending business on a road only. It is an offence under the Council’s Local Government Land By-law to operate a mobile food vending business on Local Government land without permission from the Council. As such, a separate permit will be required where a mobile food vendor wishes to operate on Local Government land.
- 1.3 Pursuant to section 222 of the Act a person must not use a public road for a business purpose (including operating a mobile food vending business) without a permit.
- 1.4 Section 222(1a) of the Act requires the Council to grant a permit to authorise a mobile food vending business to operate on a public road. The only exception to this is that pursuant to Regulation 25A(2) of the Local Government (General) Regulations 2013, the Council is not required to grant a permit for a mobile food vending business if the vehicle proposed to be used would unduly obstruct the use of roads in a manner that cannot be adequately addressed by conditions under section 224 of the Act.
