# VALE ANN NEWMARCH OAM

9 June 1945 – 13 January 2022

**L**ocal resident and celebrated artist Ann Newmarch OAM passed away on Thursday 13 January 2022.

Ann Newmarch's art practice spanned a variety of mediums and styles from printmaking, painting, sculpture and installation, and her artworks were always underpinned by the belief that art is a form of activism.

Instrumental in a number of groups, including the Women's Art Movement and the Progressive Arts Movement, Ann was a pivotal figure in the protest arts movement that emerged in Adelaide in the 1970s. Her activism was also directed toward workers' rights, attitudes towards women, community, and the environment.

A pioneer of the Community Arts Movement, Ann initiated the practice of Stobie pole painting in Prospect and the Prospect Mural

Group and Community Association of Prospect Poster Collective. She instructed community members in the art of screen-print for the purpose of creating posters for local events and issues, many of which are now reproduced on the walls of the Prospect Library. The Prospect Mural Group was active until 1983 and many of their works survive around Prospect.

A long-term lecturer at the South Australian School of Art, and a recipient of an Order of Australia Medal for her contribution to art and the community, Ann was also the first living female artist to have had a retrospective exhibition at the Art Gallery of South Australia, and the first Artist in Residence with a local Council.

Ann's artist residency at Prospect spawned the Community Art Show, the popularity of which necessitated a permanent home

for the event and garnered momentum for the establishment of the Prospect Gallery, renamed Newmarch Gallery in her honour in 2019.

Ann's art was always political. Her distinctly feminist perspective was grounded in her personal experiences and community life, saying: 'Art should be made out of personal experience and not out of art concerns. Personal experience is only a useful source of art when it is accompanied by an understanding of the social conditions in which it arises.'

We are very grateful for Ann's support of the Prospect community where she was a long-time resident.

*(Words contributed by Cathy Brooks & Sarah Northcott – Prospect Arts Action Network)*

# HAVE YOUR SAY ON THE DRAFT ANNUAL BUSINESS PLAN 2022/2023

**D**o you care about how your Council rates are spent?

Each year Council prepares an Annual Business Plan and Budget, allocating funding to all the activities and services that it plans to provide in the coming financial year. Before its final adoption, Council undertakes community consultation to ensure that it's striking the right balance and providing the services that our community wants.

To find out more about the draft Annual Business Plan 2022/2023 and how you can provide your feedback, keep an eye on our website [prospect.sa.gov.au/budget-2022-2023](https://prospect.sa.gov.au/budget-2022-2023) and social media channels. To express your interest in attending a focus group on the draft Annual Business Plan, contact our Community Development and Engagement Officer on **8269 5355** or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au)

All feedback received as part of the consultation process will be presented in a report to Council.

We'd love to hear your thoughts and ideas to help make City of Prospect an even better place to be in 2022/2023!

## We are celebrating our sesquicentenary 150 years of City of Prospect!

**L**ooking to celebrate with us? Then look no further. Start exploring our history during History Month.

- **7 May for 'New Tools for Researching your House History in Prospect'**  
Get the tools to research your house history including how to access Rates Assessments, old building application registers, surveyors plans, aerial photos, sanitary plans and more.
- **7 May – Prospect Local History Group Book Sale**
- **14 May – Scanning Day**  
Bring in your historical photos to add to our growing collection or bring in a current image because today is tomorrow's history!
- **21 May – Architectural Inheritance in the Prospect Area**  
Discover stories in an illustrated talk about interesting and unusual architects, builders and their houses in the Prospect council area.
- **22 May – Tales of Prospect Past – Book Launch**  
To celebrate our sesquicentenary, members of our Local History Group have published a book 'Stories of Prospect Past', featuring individual stories and personal memories of people and places related to Prospect.
- **22 May – Air Raid Shelter Tour**  
Join us for a tour of this little piece of World War history.
- **22 May – Memorial Gardens Tour**  
Explore the gardens and their significance as well as learning about those who served in WWI from the local area.
- **28 May – Art Deco and Modernism Talk**  
Art Deco was a short lived but popular style that influenced graphic design, typeface design, art, fashion, furniture and, of course, architecture. This talk examines all aspects of the movement and discusses Art Deco architecture in South Australia as well as providing examples from Prospect.

Looking for more information? Head to [prospect.sa.gov.au/sesquicentenary](https://prospect.sa.gov.au/sesquicentenary) or phone **08 8236 5355** to find out more!

## A SWEET FAREWELL AND DELICIOUS FUTURE

Every so often, customers who are not too familiar with Muratti ask where it is located. Other than their address and naming neighbouring businesses, the Muratti team often find themselves saying “we are located in the heart of Prospect”.

After thirty years of Muratti Cakes & Gateaux, Directors, Robert Ziolek and Darek Pietka have hung up their aprons and leave their own hearts in Muratti’s humble space within the heart of Prospect.

The pair pass on their dream to a team you are already deeply familiar with; Jimmy Parris, Michael Parris, Scott Parris and Aaron Corbo. Combined, they have spent more time with Robert and Darek than Muratti has even been around! A committed and trustworthy team nurtured by Muratti’s original Directors to prepare for the next thirty-year journey and beyond.

In the early 1980s, Pastry chef Robert and Darek came to Adelaide from Poland. Together they started Muratti after Ziolek and his wife Wiesia’s small pastry business, operating out of their Prospect home, required expansion.

Robert and Darek confidently leave behind a legacy of providing opportunity and sharing knowledge to support what was humble beginnings, in a niche part of the industry and not so popular locally, all those decades ago.

“We were focused on people, not their qualifications. You can go far with people who have a good attitude and willingness to learn. You can show them that working in food and hospitality is not a filler job - it is a career and lifestyle that requires passion as much as any other industry,” explains Robert and Darek.

The pair have gradually stepped back over the past four years, ensuring a smooth and seamless transition for their successors to uphold the patisserie’s standards.

Prospect and South Australian icon, Muratti Cakes & Gateaux, is an award-winning institution and paramount in Prospect Road’s journey as a destination.

“We are excited to plan for the future and further the Muratti brand, following Robert and Darek’s mentorship,” says Jimmy.

# OPEN SPACE UPGRADE PROJECTS

Our Open Space Strategy outlines our direction for improving our Parks and Reserves, implementing innovative techniques including sustainable practices to create and deliver broadened opportunities for open space. These are some of the spaces that we are currently working on.

## Irish Harp Reserve

Irish Harp Reserve (350 Regency Road, Prospect) is scheduled for an upgrade from mid-2022. In late 2021, Council was successful in receiving grant funding to support the upgrade of this reserve from the State Government's Open Space Grant Program. We are pleased to receive the funding which will go a long way in providing suitable and flexible facilities in Irish Harp Reserve, including pathways linking the three

park entries with improved accessible entry points, safety lighting, improved lawn and irrigation for the oval area, new backstop netting, family gathering space with shade, and new play equipment and nature play suitable for all ages.

## Percy Street Reserve

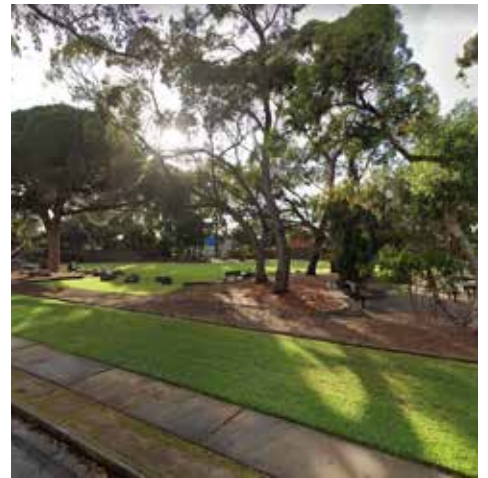

Percy Street Reserve (65 Percy Street, Prospect), a small pocket park, is frequented by locals, particularly those with dogs and small children. The park is scheduled to be upgraded in the 2022/23 financial year and the design will include enhancement of the existing facilities to cater for more of our local community.

## Peppermint Gums Reserve

Peppermint Gums Reserve (corner Dean St and Barker Rd, Prospect) is classified as

a neighbourhood park in our Open Space Strategy which means that it is aimed for purposeful visitation (longer stays) with flexible spaces, gathering areas, play area with both junior and senior play elements and irrigated garden beds/lawn. We are working through the design of the upgrade which will be ready for construction in the 2022/23 financial year. We have already received lots of positive and useful feedback through our previous consultations on this project.

Keep an eye out on our website to see our regular updates on the development of our open space projects. You can also sign up to receive notifications on our projects when they are released for public consultation through our Engagement Hub at [cityofprospect.engagementhub.com.au/](https://cityofprospect.engagementhub.com.au/)

## New community and sports hub for Broadview

A key component of the Broadview Oval/Yarnta Tutu yarta Master Plan is the new Broadview Oval Community and Sports Hub. The building will be a contemporary and long-lasting community asset, designed to maximise accessibility and use by all members of our community and beyond. It will connect to the surrounding public open space and amenity, creating an active and integrated community destination, promoting better health and wellbeing for all who visit. Construction is scheduled to start in the next financial year. The new facility will be located on the centre wing position of Broadview Oval and will

replace the existing Broadview Football Clubrooms.

Key features include:

- Change rooms (male and female)
- Clubrooms
- Function and meeting rooms
- Storage facilities
- Spectator viewing areas

A total of \$4M funding is now available to commence work on this new facility, thanks to a State Government grant of \$1.5M, and \$2.5M from Council.

A Community Reference Group consisting of community representatives and stakeholders has been established to provide information, advice and feedback to the Project Control Group and Elected Members regarding the development and implementation of the Project.

To keep up-to-date on the project, visit [cityofprospect.engagementhub.com.au/broadview-community-sports-hub](https://cityofprospect.engagementhub.com.au/broadview-community-sports-hub)

## CITIZEN OF THE YEAR AWARDS FOR 2022

On Australia Day, Mayor David O'Loughlin presented our 2022 Citizen of the Year Awards. These awards acknowledge and celebrate the achievements of our residents who have made outstanding and unique contribution to both the local and wider community.

**Our 2022 Citizen of the Year recipient is Jim Fergusson.**

Since 1999, Jim has built a strong sense of community and involvement within the Prospect Tennis Club, and a high standard and welcoming environment for its members.

Jim has recently decided to step back from most of his involvement with the Club, but over the years Jim has worked to support, educate, inspire and build the involvement of a new generation of volunteers to take up key roles within the Club, ensuring its ongoing success.

**Our 2022 Young Citizen of the Year recipient is Inika Weber.**

As a student at Wilderness School, Inika has made outstanding contributions towards her school activities, being an active member on committees for the Library, Debating, Media Team, Math's Club, Digital Technology and Environment, as well as representing Wilderness School as a Round Square Ambassador in inter-school communications (interstate and overseas). Beyond school activities, Inika is involved in the Youth Environment Council of South Australia, and is also involved as a volunteer in a Foster Care program with Anglicare. Inika was recently selected to be a companion to a young person with special needs on the Sony Foundation Children's Holiday camp, providing 24-hour care and support for three days of the school holidays.

**Our Active Citizenship Award recipient is Lewis Saint.**

As a student at Blackfriars Priory School, Lewis has performed an outstanding role as Head Prefect. His more notable achievements were leading and coordinating the World's Greatest Shave an initiative which raised close to \$7000 for the Mary Potter Foundation, and leading the Walk a Mile and RUOK Day initiatives which raised money for charity, providing outstanding community connection and engagement. As captain of the school First 18 team, and recipient of the School Spirit award, Lewis also comprehensively won the best and fairest player award for the Blackfriars First 18 team.

Congratulations to the above recipients, including all of those who were nominated. We are also pleased to announce that those who did not receive an Australia Day Citizen of the Year Award will be receiving a City of Prospect Community Service Award at our National Volunteer Week Event in May 2022.

On behalf of City of Prospect, we thank you for your valuable contributions.

## Annual Grants Program 2022/2023

City of Prospect's annual grants program provides funding to locally based community groups and organisations, with the aim to create places that enrich everyday experiences, foster a sense of belonging and engage with our community.

The Community Support fund is available annually to eligible non-profit organisations to provide financial support to help deliver local

initiatives that make a positive contribution to our community.

Applications for the Community Support Fund open in mid-July 2022 for the following categories:

- small equipment purchase - \$1,000
- community development projects - \$2,000
- facilities improvement - \$2,000

- small community events and environmental projects / programs - \$2,000

In addition, projects undertaken in partnership with other community organisations can apply for up to \$5,000.

For more information, or to download the guidelines and application form, visit [prospect.sa.gov.au/funding-grants](https://prospect.sa.gov.au/funding-grants)

# COWORKING AND GROWING LOCAL BUSINESS

Prospect's coworking community is flourishing with Little City Coworking growing into a brand new building. Little City will open their new custom-built coworking space in autumn of 2022 in the recently built 132 Prospect Road development, central to Prospect Road's Village Heart retail precinct. The new space doubles their footprint, allowing additional businesses and members to benefit from the community and facilities Little City provides.

The addition of new coworking capacity is welcome news for our local economy, as Prospect's coworking spaces have proven to be great incubators for new and growing local businesses. Spaces like Little City's provide a less isolated work environment for small businesses, home-based, remote or freelance work. Coworking also encourages growth through collaboration, connections

and knowledge sharing with other motivated professionals.

Little City's previous home at 118 Prospect Road was home to 21 different businesses and over 40 members by the end of 2021. The new location will provide an additional 20 workspaces to attract new businesses and remote workers to the coworking community.

"Little City's new premises has been purpose-built to provide our citizens (members) with all the facilities they need from a modern workspace, like our fantastic new alfresco balcony, abundance of natural light, multiple meeting rooms, private conversation areas, end of trip facilities and most importantly social areas," said Little City's Managing Director Shaun Lyon.

"From opening seven years ago, we have learned what our citizens need and want to

truly enjoy the place they choose to work. It goes well beyond the basics of a desk or office. Everything we have learned has been tediously incorporated into the design of the new space and how it will operate. The feedback from our citizens has been incredibly positive, the new space will allow many of them to keep on growing. We're grateful for the higher than anticipated demand the new offices and desks are receiving, they are filling fast and it's exciting to bring new people into our community."

A great contributor to our local community, City of Prospect wishes Little City and its ecosystem of professionals, remote workers and small businesses all the best with their new home and their future prosperity.

To enquire about opportunities to join the Little City Coworking community visit [littlecitycoworking.com.au](https://littlecitycoworking.com.au)

## Commercial property and new business support

Did you know City of Prospect has a vision to be the destination of choice for visitation, investment, and development in inner metropolitan Adelaide?

Our Investment Attraction Officer has commercial property experience, skills

and local market knowledge to support our commercial property owners and help attract on brand tenants for our local community.

Book a confidential one-on-one chat with our Investment Attraction Officer to discuss

your commercial property, development or plans to establish a business in City of Prospect.

You can contact our Investment Attraction Officer on 08 8269 5355 or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au)

# NEW RETAIL ON THE HORIZON

**Y**ou may have noticed a couple of Prospect's notable retail buildings being demolished over the last few months clearing way for two shiny new shopping destinations. A new Aldi supermarket is planned for the former Radio Rentals site on Main North Road, and Prospect Road's old Foodland will be redeveloped to provide a new shopping centre featuring a Foodland supermarket, bottle shop, gym, under-croft car parking, and even two to three new retail shops fronting Prospect Road!

We look forward to the improved shopping experience and consumer choice these developments will bring to residents once completed.

For more information, contact our Investment Attraction Officer on **08 8269 5355** or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au)

## Prospect Eco Market returns to Vine Street Plaza

**P**rospect Local Environment Group Inc (PLEG) is excited to announce the return of its popular Eco Market outdoors in the re-designed Vine Street Plaza alongside Prospect Town Hall!

PLEG's Chairperson Grace Fitzpatrick said, "the return of the Eco Market is a great opportunity to actively support small and home-based environmentally responsible businesses who have been experiencing so many challenges over the last two years because of the Covid-19 pandemic".

Prospect Eco Market is a community market with an environmental focus of being 'eco-friendly'. Its aim is to provide a selling outlet for creative makers and hobbyists, especially locals, as well as encourage local shopping in nearby shops and businesses.

Mark the dates for 2022 in your calendar:

- Saturday 9 April, 9am to 12noon
- Saturday 7 May, 9am to 12noon
- Saturday 6 August, 9am to 12noon
- Saturday 3 December, 9am to 12noon

The Eco Market usually has a range of stalls such as art and craft, jewellery, homewares, fresh produce and preserves (especially homemade) to eat or take home, plants, skincare, books, alternative medicine, and vintage and recycled clothing, just to name a few!

*PLEG acknowledges and thanks City of Prospect for supporting its upcoming markets through its valuable Community Grants program.*

To find out more, or register your own stall, visit [prospectenvironment.com.au](http://prospectenvironment.com.au)

Check our Facebook: [facebook.com/ProspectEcoMarket/](https://facebook.com/ProspectEcoMarket/)

# What do you hope for in 2022?

We asked your Elected Members what they hoped for in 2022, and here are some of their responses.

**Councillor  
Mark Groote**

It's fair to say the last two years have been anything but ordinary! But 2022 brings with it the hope for the return to our new normal. I look forward to seeing Prospect continuing to develop – mainly as a community that looks after each other, living with the amenity that it expects, and a council that responds to need in a timely way! I love our community connectedness – why would I live anywhere else?

**Councillor  
Alison de Backer**

Last year has focused my attention on what I CAN do - make healthier choices, spend time with my family, and contribute to my local community. My hope for 2022 is that more people nominate for Prospect Council than ever before. Get involved and be the change that you want to see in your community. Nominate for Prospect Council in 2022!

**Councillor  
Thuy Nguyen**

I hope that all community programs and activities come back to pre-pandemic levels and that Covid-19 would ease off.

I look forward to the transformation at Irish Harp Reserve, and Percy Street Reserve getting a makeover, as well as work commencing on the Livingstone Avenue Reconstruction project, the Churchill Road Reconstruction and Drainage Upgrade, and the Broadview Hub project, which are all due to be completed by 2023. Very exciting time so watch this space!

**Councillor  
Robin Pearce**

Recently I attended a Prospect Citizenship ceremony, as usual Mayor David O'Loughlin gave a great presentation. He talked about Aboriginal people occupying mainland Australia for at least 65,000 years and South Australia's proclamation in 1836. It is such a pleasure to see people from many nationalities being sworn in.

Conversely, later that night I heard the imminent threat of Russian conflict with Ukraine, I find it difficult to comprehend this discord in today's society.

What do I hope for in 2022? I hope and pray for world peace and health.

**Councillor  
Kristina Barnett**

In 2022 we face many challenges as a society. Let's respond positively, with kindness and respect towards each other. Let's work together, improving our city, celebrating its history, and look optimistically to its future. This year sees another election year where you will get a chance to have a voice in your representation on Council; I encourage more women and young adults to stand for the 2022 council elections, resulting in the best cross representation of our community as possible.

**Councillor  
Steven Rypp**

"Approach the New Year with resolve to find the opportunities hidden in each new day." – Michael Josephson.

Last year was another challenging year for the world, but my hope for 2022 is that as a community we can continue to show resilience, courage, and compassion. I hope we can continue to support community groups and local small businesses.

## BUDGETS, ELECTIONS AND FAREWELLS

**I**t's budget time! We work very hard between February and April to propose the best balance for our community. In May it's your turn. Tell us what you think - and we'll listen, in order to finalise the budget in June.

Take care, before you inundate us with extra things you want, please also suggest things we could cut back on, or stop doing at all, so we can keep rates reasonable.

Are you particularly energised about local issues? It's election season this year, with Council elections in November, so how about putting your hand up? Or do you know someone else who would be terrific? Encourage them to run, or contact me or another elected member, or staff, for a chat about it.

Major achievements have been made across the city this season:

- The State and Federally funded upgrade of Devonport Terrace is looking beautiful.
- The second phase of the Rattley Reserve playground completed.
- LeHunte Street's complex reconstruction finally completed.

- Our loved Men's Shed has doubled in size, through a private donation - thank you!

And staff are working on much needed projects such as:

- A major stormwater capacity upgrade to our north-west corner.
- The long-awaited upgrade of Irish Harp Reserve on Regency Road.
- The new Broadview Community Hub and Football Clubrooms.
- Livingstone Avenue drainage and levels upgrade.

All of the above listed, are only possible through part or joint funding from Federal and/or State governments. Their support is not only welcome, it is vital.

State government also supported our grant application for upgrades to the North Adelaide Football Club facilities, to provide long-overdue women's change rooms and finally shifting the main function area into the glazed pavilion, to capitalise on the wonderful views. This project is entirely funded by the grant and the football club, who have asked to borrow funds through Council at their expense.

It's a busy and vibrant city, and wonderful community. We all owe a debt of gratitude to the many people who helped make it the place we all love to call home.

One such person was Annie Newmarch, our greatest ever local artist, with works held in every major gallery across Australia. We proudly named our new art gallery after her, not just because she was famous, more because of the profound impact Annie had on our local art scene. She was instrumental in establishing the mural group that turned many a vacant and graffitied wall into enduring art, with the Australian mural at 194 Prospect Road, a highlight. She encouraged locals everywhere to get involved, to paint, to sculpt clay tiles, to create posters and to exhibit. She was our first "artist in residence" and advocated for the creation of the State's first "Community Gallery" - our gallery!

Her mark on our community and its spirit of encouragement is profound. We are so blessed to have enjoyed her inspiration and company for so long. Vale Ann Newmarch, your legend lives on.

Hope to see you all out and about!

**Mayor David O'Loughlin**

## NATURE IN YOUR OWN BACKYARD

We interact with nature every day; in our backyards, down our streets, in the local park or even viewed from the bus window. Time spent in nature is good for your health and well-being and luckily, in City of Prospect, you needn't go far to enjoy the outdoors. Prospect's parks, gardens and streetscapes support local plant diversity and native wildlife, and this April and May we're encouraging residents to create wildlife friendly gardens.

### Attracting native wildlife to your garden – Saturday 23 April 2022

Presented by horticulturalist Karen Montgomery, you'll learn practical tips to support wildlife in your urban garden in this free workshop held at Payinthe. For more information, and to register your spot, please visit [attractingnativewildlife.eventbrite.com.au](https://www.eventbrite.com.au)

### 8 ways to connect with nature in your everyday life

1. Potted plants. Bring the outside in with house plants.
2. Watch a sunrise or sunset. Brew a cuppa, head outside, take a deep breath and notice the different birds in your neighbourhood.
3. Learn about local plants, trees and wildlife.
4. Find a nature buddy for mini outdoor excursions.
5. Take a stroll with no agenda. You never know what you might find.
6. Try a new outdoor activity.
7. Keep windows and curtains open. Allow more light, air and views of nature into your home.
8. Opt for outdoors exercise.

### Native plant giveaway – Saturday 28 May 2022

Would you like some free native plants for your garden? Our popular native plant giveaway is back on Saturday 28 May. We're providing residents of City of Prospect with a pack of 8 native plants, each pack contains a variety of local native plants which are drought tolerant and provide a source of food and habitat for local wildlife.

As plant stocks are limited, residents must register for a plant pack and a confirmation will be emailed.

For more information, and to register your spot, please visit [prospectnativeplants2022.eventbrite.com.au](https://www.eventbrite.com.au).

## Have you picked up your roll of compostable bags for your kitchen caddy?

A reminder that each financial year Council provides households and businesses with a roll of compostable bags for free. This year's supply is now available to collect from Payinthe (128 Prospect Road) during business hours, including Thursday evenings 'til 7pm, and Saturdays from 9am – 4pm.

Don't have a caddy? Pick one up for free while you're there!

This offer is only available to residents and businesses in City of Prospect. Please provide proof of residency/business location when collecting compostable bags and kitchen organics baskets. A rates notice, valid licence or copy of a recent bill on your phone is acceptable.

# TACKLING CLIMATE CHANGE AT A LOCAL LEVEL

We have taken a pledge to tackle climate change in our own backyard and joined The Climate Council Cities Power Partnership, partnering with over 145 Australian councils to cut greenhouse gas pollution, switch to clean energy and build resilient communities.

“Our community has long supported environmental initiatives such as recycling water, generating energy from the sun, recycling food waste, minimising single use plastics and maximising procurement of goods made from recycled materials,” said Mayor David O’Loughlin.

“It’s now time to step up and play an even greater role in encouraging our community to mitigate climate change through their decisions and actions. Our membership will enable Council to lead the way, by demonstrating best practice, and providing education and

resources to support our community. Working together, both across the Cities Power Partnership network of Councils, and alongside our community will maximise our collective impact on the vital mitigation task.”

Member councils have six months from their joining date to pledge five ways in which they will reduce carbon emissions across their operations. City of Prospect staff are currently

reviewing evidence-based options, and will make an announcement in May.

We’re excited to be part of the growing national network of councils responding to climate change at a local level

For more information about the program, please visit the Cities Power Partnership website at [citiespowerpartnership.org.au/partners/cityofprospect/](https://citiespowerpartnership.org.au/partners/cityofprospect/)

## Council has a new Tree Strategy

Council endorsed the Tree Strategy 2021-2026 at the Council Meeting in December 2021.

The Strategy provides a framework for how Council will plant more trees while maintaining and protecting our existing trees, and how to work with the community to protect and plant trees on private land. Staff are now busily working towards conducting a tree audit of all Council-owned trees and are conducting a review of the street tree planting guide to ensure we increase species diversity for resilient trees and to ensure Council’s vision for streetscapes lined with green tunnels is achieved.

Thank you to all the community members who contributed comments during the public consultation.

You can view the Tree Strategy on our website [prospect.sa.gov.au/plans-strategies](https://prospect.sa.gov.au/plans-strategies)

# ARE YOU OVER 65 YEARS? LOOKING FOR ACTIVITIES TO DO AND EVENTS TO GO TO?

The Prospect Community Support Social Activities Program Information Booklet provides details of regular activities and special events designed to keep you, our older residents, active and connected with friends and the community.

The diversity of events in this booklet highlight our commitment to continuing improving our program for those of you that we know, and to attract interest from new participants. Friendly and compassionate staff, instructors and volunteers will help you book in, answer any questions, and welcome you to the event you wish to attend.

Prospect Community Support is funded by the Commonwealth Department of Health. To access these services, you need to be aged 65+ years, registered with My Aged Care and have a Social Support Group referral for 'Prospect Community Support'.

*Not registered? Don't have a Social Support Group referral? Don't worry!*

While you are in the process of registering and/or obtaining a referral, the team will be happy to have you booked into and attend events.

For more information, and to book your spot, contact the team on **08 8342 8091**.

## April School Holidays with Bricks 4 Kidz

**B**ricks 4 Kidz run Educational Play programs providing an extraordinary atmosphere for students to build unique creations and have loads of fun using LEGO® Bricks!

Our programs provide a safe, relaxed learning environment where initiative is invited and self-expression is celebrated. Building models provide opportunities for problem-solving and help kids develop an appreciation for how things work. All this takes place while kids are having fun and socialising in a non-competitive atmosphere.

Book into one of the 2 workshops in the April School Holidays!

### **Mining and Crafting**

Tuesday 19 April, 9am to 4pm

### **Junior Robotics 101**

Friday 29 April, 9am to 4pm

Check out our Prospect Library Facebook page for this and more fantastic workshops!

[www.facebook.com/ProspectLibrary](https://www.facebook.com/ProspectLibrary)

## Don't forget the rest of your recommended vaccines!

**E**astern Health Authority (EHA) provides free immunisation services to residents on behalf of City of Prospect.

EHA provides vaccines recommended for children and adults on the National Immunisation Program (NIP) to people with a current Medicare card. EHA also provides the School Immunisation Program (SIP) and adolescent catch-up programs for students in / residents of EHA council areas. Annual flu vaccination, including adults and children eligible to receive free flu vaccine under the NIP, is also available.

Immunisation Clinics are held at Payinthe, 128 Prospect Road, Prospect once a month on a Wednesday, from 10am - 12.30pm. Find out more, and book your spot, visit [prospect.sa.gov.au/immunisations](https://prospect.sa.gov.au/immunisations)

## COMMUNITY BUS PROGRAM

Council's colourful Community Buses are easily recognisable as they travel the leafy streets of our city. Operated by a team of dedicated volunteers, the Community Bus program allows an increased level of independent living for our more vulnerable residents.

Regular activities include monthly day trips to regional places of interest such as the Barossa Valley and metropolitan trips to local shopping centres. Our weekly shopping services, held each Tuesday and Friday, provides the opportunity to explore Northpark Shopping Centre, visit a café with friends and pick-up fresh food and groceries.

Council operates two community buses, one of which is fitted with a hydraulic wheelchair ramp to cater for those with a mobility disability.

Are you interested in volunteering your time to drive our community buses, or help out as a driver's assistant? If yes, contact our Community Support team on **08 8342 8091**.

## Are you concerned about falling?

Prospect Community Support is pleased to announce the continuation of this new program for classes from April 2022.

Dynamic Balance for Life is a 10-week program that introduces participants to judo-based methods for improving balance and learning to fall safely, minimising damage from a fall when it happens!

Dynamic Balance For Life is designed to benefit older adults in their 50s to 80s, who are self-mobile and living independently with no major physical or medical limitations.

Prospect Community Support is funded by

the Commonwealth Department of Health. To access these services, you need to be aged 65+ years, registered with My Aged Care and have a Social Support Group referral for 'Prospect Community Support'.

Not registered? Don't have a Social Support Group referral? Don't worry!

While you are in the process of registering and/or obtaining a referral, the team will be happy to have you booked into and attend events.

For more information, and to book your spot, contact the team on 08 8342 8091.

## BECOME A FRIEND

The Friends of Prospect Library are an independent group of enthusiastic advocates who support and promote the Prospect Library, and they're looking for new members!

Membership is free to individuals, families and like-minded organisations. It's important as a visible means of support and advocacy for Prospect Library and libraries generally.

Since The Friends formed around 1990, activities have included fundraising, author talks, public events, supporting children's writing competitions, volunteering in the library and community consultation. The group ran book sales during 2021 to recycle the Library's old book stock and raise some funds and donated towards the cost of prizes for the Prospect Library Children's Writing Competition.

"Public libraries are the under-recognised and unsung heroes of Australia's education landscape. Collectively they engage more Australians in informal learning than any other of our public institutions. Libraries play a critical role in rebalancing equity and achieving better educational outcomes for country communities," the LBW Trust, who raise funds for country libraries through the National Backyard Cricket fundraiser.

The Friends would love to have your ideas and your membership!

For more information and to join online, go to [www.friendsofprospectlibrary-adelaide.com.au](http://www.friendsofprospectlibrary-adelaide.com.au)

Follow them on Facebook at [facebook.com/Friends-of-Prospect-Library-South-Australia](https://facebook.com/Friends-of-Prospect-Library-South-Australia)

## Payinthe After Five

Do you need somewhere quiet to study, work or meet outside of regular business hours? Look no further than our new initiative, Payinthe After Five!

Payinthe After Five sees our fantastic community facility on vibrant Prospect Road open from 5pm – 9pm Monday to Saturday (excluding public holidays) for passive use. This includes quiet activities, study, reading and work. You can also borrow library items via self-serve if you have a current library card.

Why not bring your own device and take advantage of free public WiFi throughout the building! It's a great opportunity for some dedicated quiet time away from the distractions of home.

During this time there will be no access to core council services, library staff, printing, or the Toy Library. For full service and staff support, you can contact us during business hours. Find out more at [prospect.sa.gov.au/payinthe-after-five](http://prospect.sa.gov.au/payinthe-after-five)

# LIVE, LAUGH, LEARN

Educational and recreational activities for over 50s who are no longer working

A worldwide organisation, the University of the Third Age (U3A) provides courses on a wide range of subjects, presented in an informal manner, for those who have retired or are not in full-time work and who wish to extend their learning to new fields and maybe relearn old skills. Your local branch, U3A Inner North, was formed in Prospect in 2017.

The term "University" is used in the sense of an association or community of teachers and learners united in the pursuit of knowledge. No qualification is required for admission, and there are no exams. The annual subscription cost is low as all teaching and administration is provided by members on a voluntary basis. U3A tutors donate their knowledge, skills and time to share with others. Similarly, U3A members work, in a voluntary capacity, to provide the

range of services required to manage and administer the organisation.

Membership of U3A entitles you to attend as many courses as you wish. Around 50 courses are offered over four terms.

The syllabus is very broad - you can learn a new language, explore the history of other countries or civilisations, listen to speakers on a wide range of subjects, unleash your inner creativity with creative writing or art, participate in a book reading group or film club, or undertake some gentle exercise through Circle dancing or joining a walking group. Use the link to our website for full details and join other Prospect locals living, laughing and learning.

Find out more at  
[www.u3ainnernorth.org.au](http://www.u3ainnernorth.org.au)

## Calling artists for the 23rd Prospect Community Art Show!

Budding, aspiring and experienced local artists are invited to submit an artwork for display in Newmarch Gallery as part of the 23rd Prospect Community Art Show. An artwork can be submitted by anyone who lives in, works in, volunteers in, or has a strong connection to Prospect.

As part of South Australia's SALA Festival, the Community Show always delights with a display as diverse in character as the people who love the city we live in.

There is no fee to participate and be a part of our thriving arts community. Artworks can be for sale and are commission free, so if your artwork sells you will receive the full sale amount.

The deadline for applications is 30 June, with artwork to be delivered to Newmarch Gallery about two weeks prior to the exhibition opening, so now is the time to get creating!

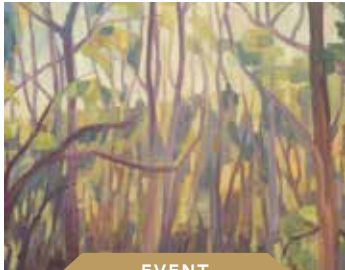

Entry forms and details are available from [newmarchgallery.com.au](http://newmarchgallery.com.au)

For all those exhibiting, as well as those of us who simply enjoy experiencing others' artwork, be sure to lock Sunday 24 July in your calendar and we'll see you at the grand family-friendly opening!

The 23rd Prospect Community Art Show entries will be exhibited from 24 July to 20 August 2022 in Newmarch Gallery, 128 Prospect Road, Prospect.

# REDUCE YOUR CARBON FOOTPRINT

There's lots of things we can all do to reduce our carbon footprint, here's just a few ideas:

- Make the switch to a renewable energy electricity provider
- Purchase energy efficient appliances and lighting
- Consume less
- Use public transport
- Walk to the shops

- Compost your food waste via the green bin
- Plant a tree in your backyard, your front yard, anywhere you can!
- Buy second hand
- Avoid fast fashion
- Choose Australian made, and locally whenever possible

Small things can make a difference so let's all do our bit for a more sustainable and resilient planet!

Want to find out how to calculate and reduce your carbon footprint?

Join us for two upcoming workshops at Payinthis, 128 Prospect Road, Prospect.

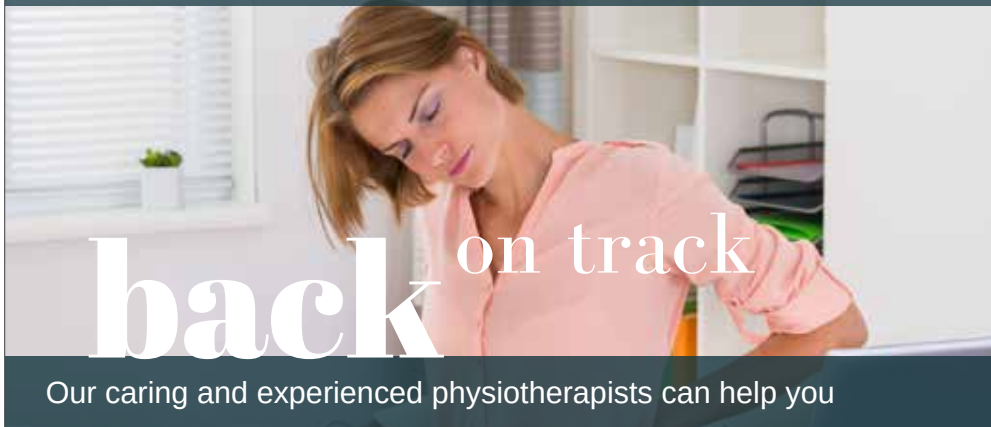

## Calculating your carbon footprint – Thursday 23 June, 6pm

An important step in reducing your environmental impact is understanding your carbon emissions, and what you can do about them. This session will help you to learn how to develop and follow a step by step process to calculate your carbon footprint and explore actions to reduce or offset your greenhouse gas emissions. For more information, and to book your spot, visit [carbonfootprint\\_prospect.eventbrite.com.au](https://carbonfootprint_prospect.eventbrite.com.au).

## Urban planning, transport and energy: reduce your carbon footprint – Thursday 7 July, 6pm

This session will help us understand the areas of our lives where we use energy and learn some tips for saving energy and money. We'll discuss where and how we live, how we move around, and how our reasons for needing to travel impacts on how much energy we use. Participants will be encouraged to implement transport swaps, household energy reduction actions, and lessening consumption of goods and resources. For more information, and to book your spot, visit [carbonfootprint\\_prospect\\_july.eventbrite.com.au](https://carbonfootprint_prospect_july.eventbrite.com.au)
