TOURRIFIC UKES AND FUN IN THE SUN!

The fifth Tourrific Prospect street party welcomed an incredible 22,000 visitors to the Prospect Road Village Heart with all enjoying the balmy weather, top tier live entertainment and cycling themed activities. Party-goers enjoyed a host of attractions including the incredible Tourrific Prospect Ukulele Challenge, an Official Guinness World Record attempt for the Largest Ukulele Ensemble.

The Challenge was led by none other than the legendary Peter Combe and supported by the glamorous Marilynys, a group of fabulous Marilyn Monroe impersonators best known for their fundraising for the Cancer Council. Despite missing out on the world record, everyone had a stack of fun in the sun and showed their support for a great charity, Eye Play Sport. With just under 1000 participants, we were pleased to be a part of creating the largest ukulele ensemble ever seen in South Australia!

Adding to the excitement of the night, Cycling SA hosted round 9 of the CIC Cervelo Super Series on the Qattro criterium circuit. There was a thrilling display of local racing talent in the Men’s Elite and Women’s Elite events, as Prospect Road was transformed into a serious road racing circuit.

Tourrific Prospect remains a premier highlight of the Santos Tour Down Under Festival of Cycling social calendar thanks to generous sponsors Qattro, Fenwicks Real Estate, Barossa Music Centre, Harris Real Estate, Pak-Rite, First National Riggall, Little City, Brew Boys, Adelaide Hills Cider, First Drop Wines, Blackfriars Priory School, Wild Fox Wines, Aussie Prospect, Alfred James and Sons Funeral Homes and Lyndoch Hill Winery. Their support ensures that we can put on a great event enjoyed by all our community.

WELCOME TO AUTUMN!

This edition of the Prospect Magazine celebrates children and highlights the beauty of autumn in our city. Autumn is a time when we let go of our summer daydreams as the trees let go of their leaves. It is a time for taking stock of all that we have as the colours of our magnificent autumn leaves shine through the trees like tea lights until they fall to be

crunched under our feet. Autumn in City of Prospect should be truly felt by both kids and adults alike!

KIDS RECIPE: 5MIN CHOCOLATE MUG CAKE

INGREDIENTS

- 35g (1/3 cup) self-raising flour
- 1 tablespoon unsweetened cocoa
- A pinch of salt
- 1 1/2 tablespoons brown sugar
- 1 egg
- 2 tablespoons milk
- 1 tablespoon melted butter
- 1/4 teaspoon vanilla extract

INSTRUCTIONS

- 1 Sift flour, cocoa and salt into a bowl, then stir through the sugar.
- 2 In a separate small bowl, whisk the egg, milk, butter and vanilla.
- 3 Add the egg mix to the dry ingredients and gently stir with a fork.
- 4 Spoon mixture into a 2 cup capacity (500ml) mug.
- 5 Microwave on high for 70–90 seconds, or until pudding has risen and the top is just set.
- 6 Enjoy!

TIP: Mix gently and not for too long, so your cake doesn't become tough. Also, don't overcook.

LOCAL AUTUMN LEAVES!

Even though the weather is getting crisper, it's still fun to play outdoors in the vibrant coloured falling leaves!

Here's where you can find some great leaves to play in:

- AJ Shard Reserve (cnr California & Howard Streets)
- Ern Sconce Rotary Park (Alexandra Street)
- George Whittle Reserve (Churchill Road)

Try drying or pressing the leaves, making a leaf mobile (of the hanging kind!) or maybe a moth or butterfly. The possibilities are as limitless as a child's imagination (and our own!).

- JW Rattley Park (Harvey Street)
- Matthews Reserve (cnr Struan Avenue & Moore Street)
- St Johns Wood Gardens (cnr Alpha & Main North Road)

GARDENING WITH KIDS

Children are naturally inquisitive, so including them in gardening activities helps them learn about our environment and where food comes from. It also encourages them to protect our environment as they grow. Teaching kids how to grow their own veggies is also a great way to get them excited about eating them!

VEGGIES TO PLANT NOW:

Carrots Snow peas Cauliflower Beetroot

PLANTS THAT CREATE AN AUTUMN SPECTACLE:

Dahlias *Dahlia* sp.
Dahlias are grown from underground tubers and flower in many bright attractive colours during autumn and summer.

Tibouchina *Tibouchina* sp.
The Tibouchina plant flowers heavily in autumn and spring, producing vibrant, bright purple flowers to liven any garden.

Box Elder, Maple Tree *Acer negundo* 'Sensation'.
This spectacular tree grows to around 9m high by 6m wide and produces stunning autumn coloured leaves that range from reddish-brown, to orange and yellow. A friend for life, it may live up to 80 years!

TWILIGHT CONCERTS TURNED 21 AS PART OF ADELAIDE FRINGE!

2016 saw the milestone celebration of not only the 21st annual Twilight Concerts at the delightful Prospect Memorial Gardens, but also our first foray into the Fringe Festival program.

The weekly Twilight Concerts, sponsored by proud supporters Fenwicks Real Estate, hold a special place in our community’s heart and this year we attracted new audiences to enjoy the family-friendly festivities.

For the first Friday in February, we danced to Party in the Park featuring Gumbo Ya Ya. The following week saw The Beggars and The Texettes crooning for our Country in the Park evening. Jazz in the Park on week three, with Souzi D Wilson & the Coolmints entertained us well into the night and we concluded celebrations on our fourth and final week with our famous Latin Dance Party finale that featured Soul Macumbia wowing the crowd with their energy.

Young people of all ages got to enjoy a wide range of activities, from a jumping castle to giant games and, of course, the recently upgraded Memorial Gardens playground, which was a big hit with the kids! Meanwhile, those of us who remain young at heart kicked back and caught up with friends while delighting in the balmy summer atmosphere.

The Prospect Blair Athol Lions Club made sure no one went hungry, as they provided an appetising barbecue to raise funds for local community club projects. Thanks again to our long-standing event sponsor Fenwicks Real Estate of 56 Prospect Road, Prospect.

ON THE VERGE OF HAPPINESS

Have you always wanted a vegetable garden, but don't have the right kind of space in your garden? You should consider growing veggies in your verge!

The options are endless, with a wide assortment of vegetables and herbs suitable for greening your patch of the footpath. Imagine arriving home to pick some fresh basil and tomatoes from your verge for a scrumptious bruschetta! Or some fresh rosemary for a quick and easy garlic and rosemary pizza. Yum!

As a special offer for Autumn, there is no cost to you to establish the perfect foundation for a veggie verge. That's right! We'll arrange for your existing soil to be removed and replaced with Jeffries special mix soil. The free program is only for a limited time (first in, best top-dressed!) after which the service

will revert to the standard price of \$14 to \$16 per square metre. Get in quick and get growing!

There are numerous community-wide benefits associated with using the green space outside your home for a vegetable garden, such as neighbourhood beautification, urban re-greening and increasing biodiversity. A kerbside garden also provides a new way for people to engage with each other while using a public space. It's a great way of meeting your neighbours and previous programs have shown that residents with veggie verges feel more connected with their local community.

A special thanks to our generous sponsor Jeffries, the compost, soil and mulch experts.

As a special offer for Autumn, there is no cost to you to establish the perfect foundation for a veggie verge. Simply complete and submit an application form!

 Anders Bogdanowicz, Environment and Transport Engineer: 8269 5355

A PARKS AND RESERVES INVEN-TREE

The local parks and reserves dotted throughout City of Prospect feature a total of approximately 1,500 trees that require ongoing monitoring, management and maintenance, to ensure that they continue to provide benefits to park users and the community at large.

In a first for City of Prospect, Council has engaged consultants to undertake a tree assessment of our parks and reserves using new Geographic Information System (GIS) technology to collect data and create an inventory of the natural features of our parks and reserves. Each tree is marked with an individual identification tag, allowing arborists to collate and review vital tree data including location, species, maturity and life expectancy, health, structure and maintenance priority.

This information helps Council more efficiently manage these vital features of our city, reducing ongoing maintenance costs while ensuring that the safety and amenity of all our parks is maximised.

SCHOOL SAFETY RULES, OKAY!

As we welcomed back the new school year, the amount of traffic around our local schools grew rapidly as parents and caregivers bid tearful (sometimes joyful) farewells to their children as they begin an exciting year of education.

The school drop-off becomes more routine as the weeks pass, while our kids become more confident with each trip from the car door to the school gate. Complacency can soon take the place of alertness, as we settle into this routine and start to focus on what the rest of our day holds in store.

But we have to remain focused around our schools, as young children's perception and awareness of potentially dangerous situations is not yet developed enough for them to cope with the road environment. Children are not easily visible and sometimes act impulsively, which means if you are driving around a school, you must take special care to ensure we keep our children safe.

5 TIPS FOR SCHOOL ZONE SAFETY

As parents and caregivers we have a responsibility to ensure children stay safe in school zones. We also play a key role in educating children about road safety. Keep these 5 helpful tips in mind and you will be sure to set a great example for your children and other road users:

- 1. Make sure you allow enough time to take your child to the school gate without rushing.
- 2. Always observe speed limits and parking signs in and around school zones.
- 3. Talk about signs and traffic lights with your child. Identify and discuss places where it is safe to get out of the car and cross the road.
- 4. Teach your child how to cross the road using the 'stop, look and listen' process - stop at the kerb, look and listen for traffic and then decide whether it is safe to cross.
- 5. Park a few streets away and walk your child to school. This is a great chance to teach your child the fundamentals of road safety rules.

WHAT NOT TO DO

Given the level of activity around schools at drop-off and pickup time, there are a number of behaviours that are actively monitored by police and Council safety officers need to be avoided in school zones. The top 5 behaviours to avoid are:

- Speeding
- Double parking
- Parking too close to an intersection
- Parking across driveways
- Parking too close to pedestrian crossings

Children are not easily visible and sometimes act impulsively, which means if you are driving around a school, you must take special care to ensure we keep our children safe.

If you see road safety issues around your local school that may require intervention, please contact Council's Community Safety Team on

Brad Scholefield, Team Leader
Community Safety: 8269 5355

A SIGN OF THE TIMES

A comprehensive traffic management and parking scheme exists in the streets surrounding your child's school to help make it a safe place. Going against the road rules can place your child's life at risk, as well as others. If all drivers follow the road rules and signage around schools, we can be sure that we are doing our best to keep our children safe.

There can be some confusion around schools due to the number of restrictions in place and the amount of activity, combined with the pressure of getting the kids to school on time, but you'll be okay if you just follow the signs.

No Parking signs indicate that an area is for drop off and pick up only. You must not queue or wait here, and the driver must remain with the vehicle.

No Parking signs (with times) mean that the same rules apply as the previous 'No Parking' sign, but the rules only apply during the times and days shown on the sign.

No Stopping signs indicate that you must not stop in the designated area at any time.

Bus Zone signs mean that you must not stop within a bus zone at any time. This zone is only available to public buses

Watch out also for **Yellow Kerb Lines**. An unbroken yellow kerb line is a no stopping line and therefore the same rules apply as for a 'No Stopping' sign.

The **Zigzag School Zone Markings** are also something to keep an eye out for, as these indicate where the 25 km/h speed limit section of the street begins and ends. Sometimes, the 25km/h speed sign might be obscured by vehicles, so if in doubt, slow down around schools.

And remember, you need to stay within the 25 km/h speed limit for the entire school zone.

NOMINATE YOUR
COMMUNITY
SERVICE HERO

Do you know someone who makes your community a better place?

You can nominate someone who makes a real difference in your community and give them the opportunity to be rewarded for their important contribution.

City of Prospect’s Community Service Awards recognise individuals, organisations, community groups and businesses that have made a noteworthy contribution during the current year.

City of Prospect Community Service Awards are offered in three categories:

Freedom of City of Prospect:
This is presented to the person who has shown exceptional voluntary service to the welfare of the community of City of Prospect.

Community Service Award:
This is presented to citizens who have made a noteworthy, voluntary contribution to City of Prospect.

Local Business Award:
This is presented to a local business that has made an outstanding voluntary contribution to the community of City of Prospect.

Nominations close Friday, 1 April 2016. Successful nominees will be awarded at the City of Prospect Volunteer Week Event on Friday 13 May 2016.

www.prospect.sa.gov.au

Alison Wall, Volunteer Coordinator:
8269 5355

AND THE WINNERS
ARE...

Each year, City of Prospect acknowledges and celebrates the valuable contribution our citizens make to our community with the presentation of Citizen of the Year Awards provided by the Australia Day Council.

Different to the Community Service Awards, the winners of this year’s Australia Day Council awards were:

Citizen of the Year, Pat Brierly
Pat is one of the founding members of the Nailsworth Over 50s Club, and assisted in starting the Australian Retired Persons Association over 25 years ago. These clubs have been meeting at Nailsworth Community Hall since 1989 and Pat continues to provide support to both of these very popular groups.

Young Citizen of the Year, Sophie Harris
Sophie was nominated for her bravery, resilience, courage and contribution through her work for ‘Cure for Brain Cancer’. Sophie was diagnosed with an

inoperable brain stem tumour in 2014 and has played a key role in helping her ‘Walk4Brain Cancer’ team raise over \$15,000 towards brain cancer research.

Community Event of the Year, Prospect District Cricket Club
The Prospect District Cricket Club hosted the Rachel Lawrie LJ Hooker T20 cricket event. Money raised from the free community event was donated to Beyond Blue and Arthritis SA.

A sincere and heartfelt congratulations goes to the worthy recipients of the Citizen of the Year Awards, and to all those who were nominated. Your efforts help make our community a better place in which to live and are an inspiration to us all.

Congratulations Pat Brierly, Sophie Harris and the Prospect District Cricket Club

VOLUNTEER
TO MAKE A
DIFFERENCE!

Volunteers connect closely with the local community to help build vibrant places to live, work and play. In some cases, our community services would be limited without the support of volunteers.

Whether you want to help others, share your own knowledge and skills, meet new people, or gain new experience in an area that can create an employment pathway, volunteering can be immensely rewarding. You can register your interest now to make a real difference to your local community.

Library – Story Time Facilitator
Deliver story time to pre-school aged children (reading children's picture books followed by a related craft session).

Library – Home Selector
Pre-select library items for library members who are unable to visit the library (clients who may be frail, aged, or who have a disability or illness).

Community Transport – Volunteer Bus Driver
A current driver’s licence is essential with some experience driving a large vehicle (12 seater bus) in the metropolitan area. A bus licence is an advantage, but not essential.

Justice of the Peace
Applicants will need to be a registered JP with the SA Attorney General’s Department.

English as a Second Language Tutor 1:1
Help people from non-English speaking backgrounds improve their reading, writing and English speaking Skills. Teachers of English to Speakers of other Languages certificate (TESOL) desirable but not essential.

Community Activity Supporter (Community and Home Support Team)
Assist staff with the community lunch social program. Program alternates each month between Prospect and Walkerville.

The best thing is, just about anyone can volunteer. If you are reliable and enthusiastic, join us by giving us a call.

Alison Wall, Volunteer Coordinator:
8269 5355

LETTING OFF SOME STEAM

Take a trip back in time and bring your family to enjoy a few laps of Railway Park at 370 Regency Road, Prospect on one of the delightful miniature steam trains, which are lovingly maintained by the Adelaide Miniature Steam Railway Society.

Situated just off Regency Road, Railway Park also offers a canteen providing tea, coffee, ice creams

and soft drinks, as well as a regular sausage sizzle run by Prospect Lions Club.

Entry to the Park is \$6 per person and all train rides are free. Birthday parties are also welcome (at no additional cost). Please note that totally enclosed footwear must be worn to ride on the trains.

4th Sunday of the month
1:30–4:30pm

Peter, Society Secretary: 8264 3471

Email: pmcooper16@bigpond.com

GET IMMUNISED!

Immunisation remains one of the most effective preventative strategies for the control and eradication of communicable diseases in the world. It saves millions of lives annually while remaining one of the most cost-effective public health interventions.

Immunising a child not only protects that child, but other children as well, by increasing the general level of immunity and minimising the spread of infection. Immunisation is a national and global initiative that requires a sustained, consistent approach aimed at all the world's population. Society benefits from immunisation through the reduction, elimination or eradication of preventable diseases.

From 1 January 2016, your child must have their immunisations up to date (or have a medical exemption) for you to receive family payments such as Family Tax Benefit Part A supplement and

the Child Care Benefit, due to laws recently passed by the Australian Government.

The Eastern Health Authority provides immunisation services for residents of City of Prospect (and other Council areas) with a drop-in clinic each Wednesday from 10am until 12noon. There's no need to make an appointment, just come along to the Prospect Town Hall at 126 Prospect Road, Prospect (opposite Cibo).

Eastern Health Authority:
8132 3600

Wednesday 12th October RSVP: 5th October	Tap into a world of global opportunities for small business	Prospect Town Hall 6–8pm

 networkprospect.com.au/business-events

RISING HIGH TO GROW WEALTH

Local Prospect Business Owner, Marissa Schulze was recently presented with the prestigious South Australian Telstra Business Women's Entrepreneur Award at the 2015 Telstra Business Women's Awards.

After working in banking for several years, Marissa and her husband James made the brave decision to launch their own Mortgage Broking Business, Rise High Financial Solutions. Since its inception in 2011, the business has gone from strength to strength and is now one of the most awarded and celebrated mortgage broking and finance businesses in Australia.

Marissa attributes the success of Rise High Financial Solutions to a genuine passion to help clients grow wealth, save money and achieve their financial goals. She and James like to educate and empower their clients, improve financial literacy and showcase how to achieve a better financial future and financial freedom through safe property investment.

Part of their winning strategy is to focus on providing proactive, strategic advice based on the client's long term goals and offering fixed price services so clients know the cost up front, with no surprises. Rise High will also be launching an accounting arm to the business in early 2016, with the vision of providing a full suite of accounting and tax services.

Marissa is also in the process of writing her first book. She hopes her book will inspire readers to take control of their financial future and

have the courage and information to build realistic dreams to achieve long term financial freedom. In the meantime, Prospect Magazine readers can sign up via www.risehigh.com.au for Marissa's free property investment education seminars run throughout the year.

The business has gone from strength to strength and is now one of the most awarded and celebrated mortgage broking and finance businesses in Australia.

VINE ST PLAZA'S NEW PROSPECTS

Calling for Expressions of Interest

Having delighted many of us with a range of delectable produce for the last two years, the Prospect Farmers' Market finished trading in the Plaza in December 2015.

City of Prospect is keen to continue to provide unique experiences for our community and as such is seeking expressions of interest from those with great ideas for how they'd like to see Vine St Plaza reactivated. So if you've got a great idea, get in touch with us!

Council is open to suggestions of all types of uses, on any days and at any times. This is a fantastic opportunity to collaborate within a flexible and Council supported environment.

 Jen Uebergang, Economic Development Officer: 8269 5355
 admin@prospect.sa.gov.au

NETWORK PROSPECT

LAUNCHING PROSPECT INTO THE FUTURE

Connect, Network, Discover, Enjoy and Prosper with businesses in Prospect.

Council's Business and Economic Development team recently launched Network Prospect as part of a four year strategic plan to build our digital economy and connect residents, businesses, investors and visitors in their community with each other, and the world.

As the world rapidly embraces digital technology and builds a burgeoning global digital economy, so Network Prospect has delivered the first of several strategically targeted projects developed to support and build our local economy.

Bringing together business, investors, residents and visitors to the region in both a virtual and physical hub, the vibrant Network Prospect website, www.networkprospect.com.au, showcases some of Prospect's best free NBN

our region into an exciting new phase where we reveal the first of many new digital projects scheduled to be rolled out between now and 2018 as part of our Next Generation Digital Economy Strategy. Our vibrant, new NetworkProspect.com.au portal, showcasing and connecting our businesses and region to the globe is only just the start!"

Across the City you'll soon start seeing Network Prospect promoted via banners, marketing material, window stickers, posters and pavement decals.

A series of beautifully produced videos feature on the website, encouraging residents and local professionals to take advantage of the city's new Broadband Café initiative - offering free NBN high speed wifi in the area's 'distinctly Prospect', unique and quirky cafes.

"Our community's workforce demographic indicates a higher than State average proportion of knowledge workers and a younger than State average age, with teleworking emerging as their preferred way to work. Recognising there will remain a need for centralised offices, the flexibility to work on the move is assisting people achieve greater work - life balance, overall improving wellbeing and happiness," said Matt Grant.

The initiative is supported by an Adelaide wide online marketing campaign to promote the website and featured businesses. If you have a local business, being listed on the site is free and the team want to hear from you!

So, what are you waiting for? Tell your business colleagues, neighbours and friends to get sharing on Facebook! Or visit our website to watch the beautiful WiFi Café videos and choose a venue for your next business meeting!

high speed wifi hot spots; a video highlighting investment opportunities; a listing of local professionals; and business events designed to help local businesses gear up for local and global economic success.

Director of Business and Economic Development, Matt Grant, said "We are now the only metro city with every premise having access to a high speed fibre superhighway to globally connect, forever linking our city to the digital economy and its opportunities. This means it's now all-systems-go to catapult

DON'T GET CUT OFF!

Residents in parts of Prospect, Fitzroy & Ovingham need to connect to nbn™ before 8 April 2016

From 8 April 2016, phone and internet services in some areas that are still connected to the old copper network will stop working. For parts of Ovingham, Prospect and Fitzroy it's time to make your move now!

The nbn™ is replacing most existing landline phone and internet networks across the suburbs, or parts of suburbs in the table below. Now is the time to organise your landline phone and internet services to take advantage of the nbn™ network's fast, reliable broadband today.

Suburb (or parts) where nbn™ is available	Existing network switch off starting date (from)
Ovingham, Prospect, Fitzroy	8 April 2016
Prospect, Blair Athol	14 October 2016
Collinswood, Enfield, Nailsworth, Sefton Park, Broadview	9 December 2016
Medindie	9 December 2016
Prospect	13 January 2017
Nailsworth, Collinswood	10 February 2017

 nbn.com.au 1800 687 626

Switching to the nbn™ network isn't automatic - but it is easy.

1. Contact a phone or internet provider.
2. Ask about switching your phone or internet to the nbn™ network.
3. Choose a plan that best suits your needs.

Proudly supported by:

The Youth FM Program!

The Youth FM radio show is produced by young people for young people with the support of the Youth FM Mentor. The Youth FM show is aired weekly, Thursdays 4pm – 5pm on Three D Radio 93.7FM.

Participants must be aged 15 – 25 years and be working, studying, volunteering or living in one of the partnering Councils.

Youth FM participants attend three induction sessions, which provide participants with the necessary skills and knowledge to join the Youth FM team.

Youth FM aims to:

- provide training, skill development and career pathways in radio production
- give local young people a voice
- promote youth events, activities and services
- raise awareness and consult on issues that impact on young people
- showcase the talents of local young people
- give air time to young musicians

What's in it for young people?

Youth FM provides an excellent opportunity for young people to develop skills that will increase their employability. These include public speaking, written and verbal communication skills, time management, working as part of a team, leadership skills, ability to work independently, and the ability to take feedback and direction.

A graduation ceremony is held each year to celebrate presenters' skills and achievements.

How to get involved!

People aged 15 - 25 years from the Cities of Burnside, Campbelltown, Norwood Payneham & St Peters, Prospect and the Town of Walkerville are invited to get involved in the Youth FM program.

To find out more information or register your interest visit www.prospect.sa.gov.au/YouthFM or contact our Youth Development Officer at City of Prospect, Mark Crabtree, via email mark.crabtree@prospect.sa.gov.au or on 8269 5355.

MUD. THERE, I'VE SAID IT.

Try and find some in our city and you would be hard pressed. Over the years our Council forebears carved the land into streets and paths, channelled water into swales on its way to the swamps west of Islington and set aside paddocks for parks.

Years on and those same streets have been paved and kerbed, every metre of footpath paved, and every drop of stormwater collected by concrete channel above ground or concrete pipe below, seemingly to disappear from view and save us from flood. Even the swamps have been drained to the Barker Inlet where our storm water is cleaned and harvested for reuse.

Paddocks became playing fields that were levelled, turfed, irrigated and watered. Our parks have been landscaped and beautified with BBQs and playground equipment added. And the work goes on, with this year's parks budget and project list the biggest in recent memory. The parks and streets are lit at night for safe passage, the lawns are mown, the landscaping tended, the street trees pruned and the leaves and seeds swept. Roses, petunias, kangaroo paws and flowers of all shapes have been added for colour, mulch for water preservation, rainwater tanks for water harvesting, solar panels for energy savings, public art for loving and hating, decorative lighting, public seating, things for dogs, traffic calming, rain gardens, exercise equipment, filtered water fountains, parks for native birds, and more – but not a footprint of mud in sight.

Throw in an art gallery, a library, digital hub, community buses, a men's shed, meeting

rooms and halls, immunisations for babies and travellers, health inspections, graffiti removal, digital training, volunteer programs, on and off-shore investment attraction, business training, economic development, waste processing, heritage protections, planning rules, services for oldies, school crossings, bike paths, street signs, sporting leases, community grants, Twilight Concerts, Tourrific Prospect and the annual Prospect Fair (hope to see you there).

So the next time someone says all your Council does is "roads, rates and rubbish", tell them they're dreaming. Tell them any of the above, even if it's just the bit about getting rid of mud. Meanwhile, I'm off to see the Lord Mayor about the parklands. I can see the potential for mud and I think we can do a lot better. Sure they control the parklands and we can keep pointing the finger, but what if we recognised the potential joy they could bring us if we worked on them together?

Attractive native landscaping alongside Main North and Prospect Roads and Jeffcott Street, better paths and lighting, safer bike paths, welcoming and active club rooms, walking trails, public art, and how about something significant to celebrate our ancient Kurna heritage?

If you have even better ideas then let me know.

Psst. In business, or want to be involved in business? Network Prospect. Get on it. (The website). Just something else we do.

See you and the kids at the fair.

So the next time someone says all your Council does is “roads, rates and rubbish”, tell them they’re dreaming.

MAYOR
David O'Loughlin

- PO Box 171, Prospect SA 5082
- 0408 598 863
- david.oloughlin@prospect.sa.gov.au

Mayor David O'Loughlin speaks to local business owners at Café Komodo as part of Network Prospect.

Hi Kids!

It's Chops here; I hope you all had a great time playing over the summer school holidays and enjoy this special Kids edition we've made just for you!

In Prospect, you'll find some great activities to do in your spare time and in this lift out, you can learn more about some great local playspaces to visit. My friends and I went on an adventure through many of our parks and gardens to show you where you can find great places to play.

We are blessed to have so many choices of parks and reserves in our city and they all offer something different; from the natural environment of Ern Sconce Reserve (Alexandra St) to the flying fox at Peppermint Gums (Barker Rd), the new playground at Memorial Gardens and St Helens Park, or the green areas of Prospect Gardens Narnu Wirra (Mawson St). I don't know about you but I love them ALL!!!

In this special kids liftout, you can search for my name in the word puzzle below and then laugh along to some of my favourite jokes. There's also a short poem about Autumn, as well as a story on the fantastic

Youth Theatre initiative and a special musical puppet show!

If you see me on the streets of Prospect or in the Civic Centre from time to time, make sure you say hi and give me some pats. Hint, I absolutely loooooove being scratched on my chest and under my chin.

Stay cute, Chops (@chopsthesausage)

Here I am skating around part of the George Whittle Reserve skate park.

Kid's Jokes

Q: What did the tree say to autumn?
A: Leaf me alone.

Q: What did one autumn leaf say to another?
A: I'm falling for you.

Q: How does an Elephant get out of a tree?
A: Sits on a leaf and waits for Autumn!

Knock Knocks

Knock knock
Who's there?
Cows!
Cows who?
Cows go 'moo' not who!

Knock, knock.
Who's there?
Boo!
Boo who?
Don't cry, it's just me.

Knock, knock.
Who's there?
A little old lady.
A little old lady who?
I didn't know you could yodel.

Knock, knock.
Who's there?
Interrupting pirate!
Interrup...
ARRRRRRRRRR!

Knock, knock.
Who's there?
Iva.
Iva who?
I've a sore hand from all this knocking!

A Bed in the Leaves

BY MARIAN KENNEDY

My yard is full of leaves today,
Brown and yellow and red.
I think I'll rake them in a pile
Higher than my head.

Then I'll pretend it is my bed.
I'll jump in very quick,
And pile their leaves up over me
For covers soft and thick.

I'll just lie there so nice and warm
And look up at the sky.
And watch more leaves float down for me
To rake up by and by

Local Playspaces

Make the most of local playspaces available in our beautiful city. Kids or no kids, these parks are great!

#1 Memorial Gardens (Menzies Crescent, Prospect)

The Enchanted Memorial Gardens invites you to wander through the bamboo forest stepping stones, get creative in the sand pit and splash about with a little natural water play. Discover and learn about native birds through an interactive signs and climbing posts. Imagine sitting as King and Queen in hand crafted timber thrones under the shaded trees. Climb to new heights into the tree huts where you'll be rewarded with a slide on your way down. Council have provided challenging play equipment for both younger and older children in an extensive nature-play environment. Nature play has shown to improve child development through imaginative play, education, exploration and interaction with nature, encouraging creativity, problem-solving skills and appropriate risk-assessment skills.

#2 St Helens Park (39 Prospect Road, Prospect)

Get into the swing of things at St Helens Park with the recently installed 360 degree GYRO swing that is fun for not only kids but adults too. In addition there are a family of echidnas to discover hidden within the trees, a horse rocker, a slide and a springing swing. Take advantage of the shaded picnic tables and BBQ facilities for gatherings of family and friends. Stay tuned for updates on further development of this playspace.

#3 Peppermint Gums Reserve (Corner of Dean Street and Barker Road, Prospect)

Fly high at Peppermint Gums Reserve, home to unstructured natural play with plenty of rocks to climb on, logs and natural elements to create imaginative play scenarios and trees to view the local birds. There is a large mound to climb with tyres, timber steps and rocks and a long embankment slide at one end to slide back down. There is a flying fox and swings to entice some of the older children and help improve upper body strength.

#4 Prospect Gardens (Corner Mawson Street and Buchanan Street, Nailsworth)

Prospect Gardens has an impressive large playground structure with many elements for climbing and sliding. These elements improve coordination and help strengthen muscles. There is also a double swing set with a toddler seat, a double rocker and two single rockers, and a small flying fox.

#5 Ern Sconce Rotary Park (26 Alexandra Street, Prospect)

Get lost in nature at Ern Sconce Rotary Park with an interpretive nature trail for learning about the history of the area and identifying native plants. There are several opportunities for nature play amongst the native vegetation, the dry creek bed and shade trees. The park also includes a junior playground with a slide, a double swing with a toddler seat and two rockers.

#6 George Whittle Reserve (56 Churchill Road, Prospect)

George Whittle Reserve caters for both youth and younger children and focuses on more active recreation. The reserve draws older children and young adults with a skate park and sporting facilities for tennis and basketball. There is also a shaded playground area for younger kids with a small play structure, rocker and double swing with toddler seat.

Kids Space

Vine Street Plaza is a fun place for children to play while mum or dad enjoy a cup of coffee and catch up with family and friends. Children will have a blast playing games of snakes & ladders, table tennis and hopscotch, and decorating the flower chalk boards. Once the kids have gotten rid of a little energy, wander into the Town Hall to borrow or swap a book from the selection of children's books at our free exchange bookshelf.

Youth Theatre Starring in Prospect

**Does your child love making up stories and performing them for family and friends?
Does your teenager enjoy expressing themselves through acting and performing?**

Prospect Theatre for Young People (PTFYP) teaches kids aged 5 - 16 to participate in the creation of new plays based on their own ideas and interests, with each young person undertaking challenging roles. PTFYP aims to foster natural creativity, with all workshops encouraging children and young people to create stories for performance, and to develop the skills to share them with a wide variety of audiences. PTFYP plays are performed for family, school and general public audiences in a variety of venues.

PTFYP ran its first drama workshop in 2010 with support from City of Prospect. Skip forward to 2016 and the company has gone from strength to strength, now offering five drama and theatre workshops. Their senior kids groups even have two shows for the Adelaide Fringe, Transition and Diary of an Everyday Kid (pictured), at Holden Street Theatres this year!

The Muppets are Coming!

'The Power of Me' is a family friendly musical using puppetry to entertain both children and parents alike.

The musical is about a boy dealing with bullies and trying to establish new friendships when relocating to a new school. This friendly piece of educational theatre is guaranteed to warm hearts with its light humour and catchy original songs.

The show will be held on Thursday 28 April at Prospect Town Hall. Doors open at 10.30am for 11am start.

Tickets are \$10 each and available for purchase from Council's Customer Service Centre, Monday to Friday, 9am until 5pm, 128 Prospect Road, Prospect.

Last school holidays, our theatre show sold out, so buy tickets now to secure your seats!

PLACES TO
STAY

Time flies when you're having fun right? I'm not sure who said this, but they were correct! The last few months have been busy in the City of Prospect. We've managed another very successful Tourrific Prospect in January, the February twilight concerts, and the Prospect Fair is just around the corner. These are family friendly events - wherever I go, I bring my boys with me - and not just as a spectator, but also to participate.

I love these community events - and from the feedback I get, so do most of you. While I occasionally have a negative comment questioning why the council funds these activities, I have many positive comments on how these events help make our community what it is - an inclusive, fun and interesting place to live. We have also been consulting on our new strategic plan, and the future of Main North Road - I hope that you've had your say on both of these.

The other thing I like about our community is that it's a great place to raise children, with council investing heavily on infrastructure for children. There is now an amazing play space in Memorial Gardens - with more to come. We are also spending on other play areas in our council area, recognising that not everyone lives near the Memorial Gardens complex. Some fun additions to Vine Street Plaza have been added too making it a bit more interesting for children, and the library runs lots of events for kids, particularly in the school holidays.

Is there something missing for children in Prospect? Do you have some great ideas about what we could do? Please let me know, and I'd be more than happy to discuss this with you.

Finally, I feel very privileged to have been voted as Deputy Mayor at the end of last year for the next two years. I've enjoyed serving in this capacity, and look forward to continuing in this role. As always, I would welcome your thoughts at any time, and can be contacted on the details above.

SPOTLIGHT ON STAFF:
CATE ATKINSON
Chief Executive Officer

Hi, I'm Cate Atkinson, Prospect's recently appointed Chief Executive Officer. I would like to take this opportunity to introduce myself to you and give you an insight into some of my experiences and background.

I grew up in Adelaide and completed my university degree in urban and regional planning before moving to Sydney to work in both private consulting and local government. I returned to Adelaide after 5 years and worked with many metropolitan and rural councils as a planning consultant on strategic planning, community consultation and planning appeals. This gave me an insightful understanding of the importance of relationships together with a passion for supporting communities.

Having worked in local government for the past 25 years I am proud of many achievements both within the northern suburbs of Adelaide when I worked at the City of Playford and across the Wakefield region whilst at Wakefield Regional Council. In particular, I worked closely with Playford's Mayor and Council to manage the regeneration of some of the poorest communities in Australia in Smithfield and Davoren Park. This included the rebuilding of these suburbs, establishment of community capacity building programs and new suburbs together with schools, upmarket retail activities and high quality open space and recreation facilities.

More recently, my focus as Chief Executive Officer of Wakefield Regional Council has provided an opportunity to work with Council to establish a comprehensive vision for the future, focused on sustaining townships and services, and identifying opportunities for economic growth through the development of an economic action plan. This has repositioned the Council for increased investment in agricultural, animal and hay processing and raised the profile of the area for transport and logistics.

I really love the immediacy of local government, leading an organisation committed to meeting the needs of a diverse community and providing advice to the Council on a wide range of opportunities and issues.

I have always had the philosophy that work and life are integrated and you need to take opportunities as they are presented. This has led me to volunteering a significant amount of time to supporting women working in local government. In 2010 I worked in partnership with the Local Government Association on a comprehensive program celebrating the Year of Women in Local Government. This led me to establishing a comprehensive support network for women as part of LG Professionals SA, the peak industry group for local government staff. I continue to participate in this area as a Board member. In 2012 I was recognised with an Award for Excellence for my role in the network and for providing significant mentoring to staff across a range of councils, together with leading the training and development programs.

I really love the immediacy of local government, leading an organisation committed to meeting the needs of a diverse community and providing advice to the Council on a wide range of opportunities and issues.

In addition to supporting women, I am a strong believer in ensuring staff are mentored and developed throughout their careers so that they have the appropriate skill and expertise to meet the needs and demands of the community. Local Government is a fabulous sector in which to work and to support others in obtaining their work goals and projects, and career objectives.

On a personal note, my two sons have now moved out of home - one recently to Sydney for his first contract in mechatronic engineering and my second son to Roseworthy Campus (University of Adelaide) to focus on his Veterinary Science degree so life at home with my partner is focused on cooking and gardening, live music, golf and skiing, and the joys of wine tasting!

Finally, I am very much looking forward to working with the Council, the community of Prospect, and leading the highly skilled staff of the organisation. If you see me out and about please say "hello" but be aware that my identical twin also works in Prospect - you may see us out for lunch at times so don't be concerned if you think you are seeing double!

DIGITAL
DISRUPTION

There is a lot of talk these days about disrupting traditional business models - 'Uber' and 'airbnb' are a couple of examples a lot of us have heard about - and the general idea is to look at how things have 'always been done' and to see if there are opportunities for change which leads to significant improvements.

This notion was playing on my mind when I found myself sitting in the Western grandstand at Prospect Oval watching the Roosters in July last year. I noted how empty and underutilised the Eastern side of the oval was and it then struck me like a lightning bolt; maybe we need to disrupt our traditional way of thinking and come up with better ways to use some of that space - who knows, maybe even incorporate a new library and community facilities etc.

Pause, think, consider, dream, hypothesise, and question assumptions ; .

Fast forward 6 months and I'm glad to report my lightning bolt moment hasn't ended up on the boulevard of broken dreams (broken ideas) and it is one of the spaces being considered as a possible site for our new library. However I don't want our imagination to stop there - imagine this section of Main North Road as the basis for a significant 'live/work and play' district that could include a library, high performance sports headquarters, community facilities, tech industry hub, tertiary education facilities - given the right mix of innovation, imagination and consultation who knows where this thinking could lead us?

On the theme of disruption, Cr Evans and I are working closely with Council Staff to drive a project around 'Digital Disruption' in Local Government. The goal of this project is to deliver more and improved services to our residents so that your experience living in the City of Prospect continues to trend upwards. This is a long term project however there will be quite a few short term wins along the way and I look forward to keeping you up to date with how things are going.

What do you think? Happy to meet and have a chat so you can share your thoughts and help shape the future of our city.

EAST WARD

 allen.harris@prospect.sa.gov.au

A JOB
WELL DONE

Hi Gang

Well the warm weather is passing, time to tidy up, bring out the jumpers and make sure you are ready for winter. Check the gutters etc for leaves as hopefully we will be having some good rains.

Well, the first part of the year is gone and so have some of Council's big ticket items; the Prospect Fair, Twilight Concerts and Tourrific Prospect, which I hope everyone enjoyed.

To the two Australia Day citizen recipients, congratulations, we feel proud of what you have done. I'm a bit biased here but a special thought to my daughter Sophie; well done.

A big task from here on in is the new library and centre. The current Thomas Street library and gallery is the most used council facility in the city, so we have to get the new centre right.

After the good growing months of summer, we always get a problem of overgrowth as shrubs and trees start to hang over fences causing problems, particularly for the elderly and people with prams. Please trim yours back or contact council if you have a problem. The other problem that is similar is the misuse and dumping of shopping trolleys; it is illegal, so please don't take them home.

If you see me wandering around the streets say Hi, or if you need a chat, do so. Thank you also to the council staff for looking after our city, you're doing a good job.

.....
"A big task from here on in is the new library and centre. The current Thomas Street library and gallery is the most used council facility in the city, so we have to get the new centre right."

CINEMATIC
POTENTIAL

Keen for a Community Moonlight Cinema?

Council has released its draft 2020 strategic plan for consultation, focusing on People, Place, Prosperity, seeking feedback from our community with the hashtag #AreWeOnTrack?

The next 4 years present real opportunities combined with challenges as important decisions around the future of our library, finishing power line undergrounding along Prospect Road, realising the potential of Main North Road through our master planning process and turning our attention to important infrastructure sustainability all need to be worked through and addressed. Your feedback is crucial to making sure we are on the right track, so share your thoughts with us at prospect.sa.gov.au/2020plan

Particularly during the summer months, City of Prospect comes alive. With Tourrific Prospect continuing to grow, our Twilight Concerts always providing entertainment and the Prospect Fair bringing together our community, wouldn't it be great to make the most of beautiful Prospect Estate, just north of Regency Road?

With its iconic running creek, seating potential and downward lean, Prospect Estate would be the ideal location to host a Community Moonlight Cinema during the summer months. Maybe it could consist of a children's film in the early evening followed by a film for all ages with options available to either purchase food and drink or to BYO supper and picnic blanket.

To better understand general interest in the idea, I have put together a 30 second survey. If you would be interested in coming along to a community moonlight cinema, or have ideas or thoughts on how it could be run, please let me know talisevans.com.au/cinema

.....
"Your feedback is crucial to making sure we are on the right track, so share your thoughts with us at prospect.sa.gov.au/2020plan".

THINKING
GREEN

With any shifts in practice, there are challenges (I enjoyed Prospect Ukulele Challenge - want to be in Prospect Ukulele Group?).

It's a fine balance keeping Prospect City an attractive place to live, work and visit without destroying its unique character and charm appealing to many valuing heritage and character buildings. It's disappointing we still have attitudes among some state government politicians and developers that it's OK and a quick fix to demolish older houses. Overseas travellers flock to places preserving heritage and character. Imagine the screams if Rome Colosseum was demolished for a new apartment block! Preserving and upgrading our turn of the century and character houses is far more energy and carbon efficient than knocking them down and building new. Calling a new building "green" when it replaces an existing building is questionable taking so much energy to build. Research shows retention of heritage buildings has environmental sustainability benefits reducing energy usage associated with demolition, waste disposal, new construction and conserving embodied energy in existing buildings.

With more main road apartment buildings and less green spaces in dwelling building footprints, it's time to rethink our urban design, dominated by ornamental exotic and indigenous plants. Urban designers/ landscape architects could incorporate edible species into their design visions with productive species such as fruit and nut trees, vines and climbers, vegetables and herbs creating spaces of edible return. Edible landscapes create environmental, social, economic and health benefits for the community. Projects incorporating edible species at masterplan stage are already at Taylor Cullity Lethlean's Victoria Square/ Tarndanyangga, Hassell's Bowden Urban Village and WAX Design's Jacob's Creek Visitor Centre.

Where are our living green vertical edible wall-gardens in Prospect? When walls are covered in plants there's a significant insulating factor up to 5 degrees reducing the overall temperature of the building itself; absorbing noise and helping purify grey water. These walls take carbon dioxide and emit oxygen - great on main roads. The Republic Hotel, Norwood has a large vertical garden made up of hundreds of plants on the outside of the dining area wall - the first of its kind in a hotel in Adelaide.

Are we up for the challenge?

CENTRAL WARD

HERITAGE
MATTERS

Would New York City be the same without the Brownstones? Chelsea, London without its glorious terraces or the City of Prospect without our villas, bungalows and cottages? The buildings in our area have been bestowed to us and I would like to see them retained and maintained for future generations. It is only policy and education that can save them.

At the time of writing this article the Council voted unanimously to rebuke the State's efforts to remove 56 of the 80 suggested Local Heritage Places and significantly reduce the proposed heritage zones.

It is painful at times to bear witness to the destruction of beautiful properties but the reality is that very few properties are protected under current policy and an uncertain future around State Planning Policy may lead to even less control by Local Government.

The workmanship of these older buildings cannot easily be replaced - double brick, solid stone, hardwood floors, architectural detailing to roofs, fascias, porches and fences. This quality and detail cannot be easily replicated in concrete and fibre cement.

Development and heritage also don't have to be mutually exclusive. There are many fine examples around the state of adaptive reuse of older buildings into new developments.

It has been proposed that the City of Prospect launch a Good Design Awards Program similar to that run by Norwood, Payneham & St Peters Council. Their program aims to "recognise the contribution heritage restoration makes to the City, focus awareness of good design practices and environmental management, recognise meritorious work by designers and developers at the local level and foster a sense of community."

The concept of the Good Design Awards will be brought to a workshop for consideration by Council in the near future. So if you have an interest in good design and heritage get snapping with your camera to find some worthy examples of renovations, additions and new builds in the neighbourhood. Send them through to me and I will use them as positive examples of what can be done when good design principles are applied.

Always feel free to get in touch via email, phone or in person.

RECONCILIATION
ACTION PLAN

We are very excited to let you know we are currently in the process of developing our first Reconciliation Action Plan (RAP)! This plan will outline the practical actions we will take to build strong relationships and enhance respect between Aboriginal and Torres Strait Islander peoples and other Australians.

A RAP Program will turn our good intentions into real actions as we take the first step and create what is known as a **Reflect RAP**.

Did you know – there are 548,000 First Australians and greater than 30,000 in South Australia?

OUR RELATIONSHIP
As a population, we're optimistic for the future. Studies have shown that we're more likely to agree that the relationship between Aboriginal and Torres Strait Islander peoples and non-Indigenous Australians is improving.

66%

believe that Aboriginal and Torres Strait Islander culture is important to Australia

80%

of Australians are open to learning more about Aboriginal and Torres Strait Islander culture

87%

think the Apology was an important milestone in our relationship

80%

believe that Indigenous Australians need help to overcome disadvantage

72%

feel that our relationship is important to Australia as a whole

ARE YOU READY TO MAKE A DIFFERENCE?

To be part of City of Prospect's Reconciliation Action Plan development you are invited to email your expression of interest to **admin@prospect.sa.gov.au** with your contact details (name, address, email and phone) and we will be in touch soon.

Source Reconciliation SA
www.reconciliationsa.org.au

COOL STUFF FOR COOL KIDS!

Prospect Library has a fantastic collection of awesome books for kids, but we also have lots of other cool stuff for kids too! Here's our pick of some great items available at the Prospect Library that are guaranteed to keep the kids entertained.

TOP 3 KIDS BOOKS

1. The 65 Storey Treehouse
The fifth instalment in Andy and Terry's amazing treehouse series, The 65 Storey Treehouse by Andy Griffiths and Terry Denton is perfect for 8–10 year olds who want to experience what it's like to have a birthday room where it's always your birthday, a time machine, and a room full of exploding eyeballs! What are you waiting for? Climb on up!

2. Geek Girl - Head Over Heels
Book 5 in the award-winning Geek Girl series, Geek Girl - Head Over Heels by Holly Smale is the latest hilarious instalment in the adventures of Harriet Manners, a girl who knows everything ; including exactly how her life should go. Perfect for those aged 11 years and over.

3. Geronimo Stilton - Mouse Overboard by Geronimo Stilton
Yet another amazing tale following the journeys of the world's most adventurous mouse. 8–12 year olds will enjoy following Geronimo's quest to retrace the voyage of the first European to reach India by sea.

Coloured Wooden Building Blocks

Fisher Price Medical Kit

Fisher Price Go Baby Go! Bounc and Spin Zebra

LEARN THROUGH PLAY AT PLAYGROUP

Children under five are going through a stage of rapid brain and skill development, and need a stimulating environment in which to play and learn.

Participating in a Playgroup develops physical skills, teaches problem solving, improves communication and social interaction and, of course, it's great fun!

Children learn and develop their social and emotional skills though playing on their own, with other children and with adults. At Playgroup, children can:

- Discover and experience new things
- Learn and develop new skills through play, including problem solving, sharing and co-operation
- Listen to music and stories, and sing
- Do art and craft activities
- Play outdoors and indoors
- Gain self confidence, make friends and have fun!

Playgroups also provide a fantastic opportunity for mums, dads, grandparents and caregivers to meet others, share experiences and support each other. Everyone who attends with their children can:

- Play, learn and engage with their children
- Share experiences and ideas
- Learn new skills
- Socialise, make new friends and have fun
- Be involved in the local community and learn about local services and facilities

If you would like to attend an affiliated Playgroup session, you will need to obtain a Playgroup SA Family Membership, which attracts a low fee (varying between \$18 and \$40 depending on membership duration). New members can attend three weeks of Playgroup before they need to pay the membership fee, which is a great way to confirm that Playgroup is right for you and your child(ren).

WII AND WII U GAMES

New Super Mario Bros U

Initially released in 2012 New Super Mario Bros U for the Nintendo Wii U is a side-scrolling platform video game that allows up to five players to play simultaneously. The second-highest selling game on Wii U, you're sure to enjoy this take on the Mario franchise.

DVDS AND BLURAYS

The BoxTrolls

is an animated film that blends stop-motion with CGI to bring us a tale about a young orphan boy, raised by underground cave-dwelling trash collectors, who tries to save his friends from an evil exterminator.

CDS AND AUDIOBOOKS

I Like To Sing

by Justine Clarke (of Playschool fame), is a gold-selling album and a favourite of many children across Australia. The 2005 release features tunes about watermelons, birthdays and libraries,

which are sure to have kids and parents singing and dancing along.

Monster High - Skultimate Roller Maze

2012's Monster High - Skultimate Roller Maze for the Nintendo Wii allows up to three players to skate their way through the catacombs of Monster High. The importance of teamwork and good sportsmanship are emphasised in the race to victory.

Paper Planes

is an imaginative children's film that tells the story of a young Australian boy who lost his mother in a car accident, then discovers a passion for flight and goes about trying to build the best paper plane in the world.

Harry Potter and the Sorcerer's Stone

written by J.K. Rowling and narrated by Jim Dale, is an audiobook that tells the story of a young boy's adventures as he discovers that he is, in fact, a wizard and is off to Hogwarts to learn how to wield a wand.

Miniature and large paintings using abstraction to express the temporality of personal existence to the desire for a greater individual freedom.

Actors, Drunks and Babies Never Hurt Themselves - Out of the Square

- 🕒 11.00am
- 📅 Friday 24 June
- 📍 Prospect Town Hall, 126 Prospect Road, Prospect

Peter Goers shares amusing stories of show business lore from his 44 years of participation, theatregoing observation and memories.

STRENGTH FOR LIFE

Celebrating 10 years of power and passion

Strength for Life is one of City of Prospect's best success stories! Participation in the program is growing constantly - and we always welcome newcomers.

The program was developed by the Council on the Ageing (COTA) SA some 10 years ago as a strength-based exercise program. It was designed to improve the health and wellbeing of people over 50 years of age through strength and balance training. Run by specially trained and endorsed fitness providers, you are assured of the best support to keep in shape and enjoy the benefits of regular training and exercise.

Research has shown that strength training can alleviate the effects of chronic conditions such as Arthritis, Type 2 Diabetes, Osteoporosis and Heart Disease.

Other benefits include:

- improved balance and reduced risk of falling
- enhanced mental wellbeing
- improved body composition, with more muscle and less fat
- higher self-esteem and self-confidence
- reduced lower back pain
- enhanced ability to undertake activities of daily living and maintain an independent lifestyle

You are assured of the best support to keep in shape and enjoy the benefits of regular training and exercise.

If you are interested in learning more about this strength-based program, either for yourself or for someone you know, please contact Council for further information.

the
physio
clinic

'for all things physio'

Protect your child's posture

Have your child's posture and school bag setup assessed at an initial physiotherapy appointment

CHILDREN'S BACKACHES

With school now underway for the year, one of the main causes of postural problems and pain complaints with children can be a result of carrying heavy backpacks.

Think of the weight in your child's backpack, then think of that force bearing down through your child's spine and lower limb joints.

The weight and position at which the backpack is being carried will impact your child's posture. Check your child's posture; if they are showing poor posture then their backpack may be a contributing factor.

With increasing study and hours spent behind a desk or computer screen, these postural problems can escalate and develop further into back, neck pain and headaches. In addition, sudden growth spurts may cause the bone to grow at a faster rate than the surrounding muscle can adapt. This can again lead to pain and muscular tightness.

If your child is experiencing or complaining of pain, it is best to have them checked as soon as possible and certainly before winter sports begin. Seek the advice of your physiotherapist or general practitioner to determine if there are solutions to the problem.

They have experienced physiotherapists, an onsite gym, physiotherapist-supervised Pilates classes and a free child-minding service to help with everything you and your children need to get straight back into it.

For more information please contact your local specialist, the Physio Clinic of 177 Prospect Road, Prospect on 8342 1233.

‘STEADY AS SHE GOES’ FOR PROSPECT REAL ESTATE

Peter Fenwick, Director of Fenwicks Real Estate, provides his regular half-yearly update on real estate activities in City of Prospect (Thanks Peter!).

Prices, turnover and million dollar sales have remained steady in the City of Prospect through the second half of 2015, with positive signs for the year ahead.

There was only a slight drop for the year of 0.1% in the capital growth in the median house price for Prospect and a reduction of 1.7% in median sale price across the Council area. There was good to strong demand for residential properties in the \$450–800k range, aided by a period of scarcity with fewer properties being offered for sale in the second half of the period.

In the suburb of Prospect, which had the largest sales turnover, there were 266 sales of homes and units for the full year (up from a total of 254 in 2014) with approximately 50% of sales in the \$401k – \$750k range. Demand softened in the second half of the year, however, with 114 houses and units sold, in the second half compared with 152 in the first half of 2015 (a 25% drop). While lower interest rates helped support demand, buyers were still quite price sensitive.

There were 17 properties in the area that sold above \$1million over the course of the year, including six that were above \$1.25m. This compares well with 2014, in which there were 18 properties sold for over \$1million including 12 over \$1.25m, indicating there's plenty of money being invested in valuable real estate in the City of Prospect.

MEDIAN HOUSE PRICE PER SUBURB

Suburb	2015	2014
Prospect	580,790	583,330
Fitzroy	1,109,000	988,000
Thorngate	1,183,000	1,400,000
Collinswood	743,000	695,000
Medindie Gardens	1,070,000	869,000
Nailsworth	614,000	555,000
Broadview	627,000	510,000
Ovingham	642,000	404,000

Interest in Churchill Road and Prospect Road from developers/investors continued, with a number of larger holdings being offered. The most recent sale at time of writing was an 1100m² site on Churchill Road sold through Fenwicks in December for \$1.2m (\$1,089/m²).

It was a busy time for developers, with \$14.6m of new residential development approved for construction. Prospect Road also experiencing considerable growth, with \$16.4m worth of new development approved in the second half of 2015. Smaller holdings seem to be more in demand currently, e.g. Fenwicks sold a 397sqm site on Churchill Road in September for \$495k (\$1,246/sqm). It seems that the larger developers have secured their positions for the larger sites.

It's very encouraging to see that a very high proportion of the new apartments and townhouses being developed along Churchill and Prospect Road have been sold off the plan (pre completion). We look forward to seeing the completion of these in 2016 and to the changing landscape on Churchill and Prospect Roads.

At Fenwicks we believe 2016 will prove to be very much akin to the 2015 outcome.

Peter Fenwick
Director, Fenwicks Real Estate

COME TO OUR ARCHITECT'S FORUM

Are you looking for advice on how to improve your heritage or character home? Come along to a session featuring heritage architects from Archicentre for information on how best to preserve and enhance your home. Experts on salt damp restoration will also be there, so make sure you come along if your house is looking a little flaky! Hear from the experts and then stay a while to get further advice on your property.

The one hour session will be held in the Prospect Community Hall. Bookings are essential.

6pm Tuesday 29 March

Chris Newby, Manager Development Services: 8269 5355

PROTECTING OUR HERITAGE

Council has recently expanded protection for our rich heritage by adding 61 new places to our local heritage list and doubling the size of the Historic Conservation Zone. All affected properties are now protected against demolition, while new development must be sympathetic to the historic character of the area. This is a great outcome for Council as we strike a balance between protecting the highly valued heritage in our side streets while supporting growth along our main roads.

SUPPORTING OUR HERITAGE OWNERS

Do you own a local heritage place? Or a property in a Historic Conservation Zone? Then we've got some good news for you!

Council's Heritage Grants Program provides for the partial funding of conservation work including restoration, conservation or reinstatement of the original heritage features of these places. Council will refund 50% of the cost of the conservation work up to a maximum of \$2,000 per property.

While priority is given to recently listed heritage places and buildings that are prominent within the streetscape, all owners who are undertaking work to maintain our heritage are encouraged to apply.
