## CHRISTMAS CLOSURES

### CIVIC CENTRE

The Civic Centre will close at 1:00pm on Thursday, 24 December 2015, and will re-open at 9:00am on Monday, 4 January 2016. For any emergencies over the Christmas/New Year period, please call 8269 5355 and our after-hours phone service team will assist you.

### THOMAS STREET CENTRE

The Thomas Street Centre, including Prospect Library, Toy Library, Prospect Gallery and Digital Hub, will close at 1:00pm on Thursday 24 December 2015. Full services will return at 10:15am on Tuesday 5 January 2016. Items can still be returned during the Christmas closure period via the after-hours chute located in the car park, and you can still renew your items online through the online catalogue. Due dates for all items will be automatically extended during the closure period.

### DEPOT

Depot and Community Safety services will be closed from 1:00pm on Thursday 24 December 2015, and will resume on Monday, 4 January 2016. Our Rapid Response team will be on call 24/7 over the Christmas and New Year period, including public holidays, to respond to any emergency situations; see Emergencies section below.

### WASTE COLLECTION

There will be no collection on Christmas Day, Friday 25 December 2015, or New Year's Day, Friday 1 January 2016. If you normally have your bins collected on Friday, the pick up will occur the following Saturday. For further information on changes to your waste collection during the Christmas/New Year period, visit [www.prospect.sa.gov.au/waste](http://www.prospect.sa.gov.au/waste) or contact the Waste Enquiry Line on 1800 283 529 or check the My Local Services app.

### EMERGENCIES

For any urgent Council-related matters during the festive season, telephone 8269 5355. Council's Rapid Response team and depot staff will be available to respond as required.

### SOCIAL PROGRAMS

The Commonwealth Home Support Program (CHSP) team wish all their clients a Merry Christmas and a safe New Year. Make sure you keep cool and well hydrated over the holiday period. Please also remember to check on elderly or vulnerable neighbours during days of high temperatures and check out the Telecross REDi service to help keep you safe. For more information, visit [www.redcross.org.au/telecross-redi.aspx](http://www.redcross.org.au/telecross-redi.aspx)

Social Programs will take a short break over the festive season and resume on the following dates in 2016:

- Strength for Life – Monday 11 January
- Prospect Friendship Group – Wednesday 20 January
- Seniors Bowling – Thursday 21 January
- Collinswood Friendship Group – Monday 25 January
- Prospect Exercise Group – Monday 25 January
- Walkerville Exercise Group – Monday 25 January
- Zoo Group (Adelaide) – Monday 1 February
- Men's Shed – Tuesday 2 February
- Community Lunch – Thursday 4 February
- Lunch Group – Monday 15 February
- Central Market Trip – Tuesday 23 February
- Zoo Group (Monarto) – Monday 29 February

**If you'd like more information, contact Denise on 8342 8042.**

Men's Shed participant, Will Burcham

**City of Prospect Elected Members and staff wish you and your family a happy, healthy and safe festive season. 2016 promises to be a wonderful year for our City.**

Chops The Sausage shopping local @chopsthesausage

## CHOPS SAYS "SHOP LOCAL THIS CHRISTMAS!"

Christmas is almost here and Prospect is such a great place to be! I love to stroll our parks and leafy streets, secretly window shopping while my hoomans think they're just taking me for a walk.

Our local traders are very special. They give me plenty of pretty things to look at and smell, making our city so irresistible. I've sniffed out many beautiful, local treasures for my hoomans this year and have almost got Christmas licked.

I love shopping local. Maybe you do too.

**Get out there and support our local traders by checking out the Shop Local: Christmas Gift Ideas on page 25.**

# Welcome to Summer!

We hope you enjoy this edition of our magazine as we know many of you will be on Summer holidays soon, taking full advantage of the great weather to get active outdoors and enjoy the warmth of the sun. The hottest and longest days of all four

seasons brings us out of our spring renewals and into an active phase of completing tasks, taking care of ourselves, helping others and getting together to celebrate with loved ones out and about in the wonderful City of Prospect.

Courtesy of Mindful Diabetic

## MOUTH-WATERING SUMMER SALAD

Make the most of summer produce with this beautiful salad!

- Ingredients**
- 1 head cos/romaine lettuce
  - 1 bunch rocket
  - 1 pint blueberries
  - 1 pint raspberries
  - 1 small papaya
  - 1 avocado
  - 1 punnet cherry tomatoes

- Instructions**
1. Place cut up lettuce and rocket in a large salad bowl.
  2. Add blueberries, raspberries, papaya and avocado.
  3. Chop cherry tomatoes in half and add.
  3. Mix well and enjoy!

Courtesy of Robby at Mindful Diabetic

 <https://instagram.com/mindfuldiabeticrobbby>  <http://mindfuldiabetic.com>

## HEALTH & SAFETY TIPS FOR OUR OLDER RESIDENTS

Our elders are particularly vulnerable to heat stress during the hot Summer months so help them to remain safe during extreme heat by taking a few extra precautions –

- Stay hydrated / drink plenty of water.
- Wear loose fitting clothing, preferably cotton; when outside wear a hat.
- Keep cool by closing curtains and blinds during the hottest part of the day.
- Pre-prepare light, healthy meals that don't require cooking.
- Ensure family, friends or neighbours regularly check in on them.
- If the home is not air-conditioned, arrange to spend the day at a friend's home, a nearby shopping centre, or local library.
- Know the signs of heat stroke (confusion, nausea, rapid pulse, high temperature) and seek medical attention if in need.

## IN THE GARDEN

By summer your garden will be blossoming and any new plants you planted in spring should be growing well. You still have time to plant new vegetables throughout summer; however hold off planting any new flowering plants as most do not establish well if they are planted during stressful weather.

If you like to grow your own produce during summer, vegetables like broccoli, lettuce, radishes and cucumbers can be planted in this season.

- The easiest way to protect your plants during summer is to mulch well to retain moisture and ensure soil doesn't dry out and harden.
- Potted plants should be moved to a location where they won't dry out.
- Protect new plants with shade cloth.
- Water regularly when temperatures get really hot; early morning or early evening is best.
- For veggie patches, it's a good idea to fertilise with a liquid fertiliser, such as seaweed, every two weeks.

### VEGGIES TO PLANT NOW:

Broccoli      Lettuce      Radish      Cucumber

### PLANTS FIT FOR HOT OVERHEAD SUN:

#### Billy Buttons

*Pycnosorus globosus* or *Craspedia globosa*  
Great plant for kids (non-allergenic) and the flowers last a long time if they are cut and dried.

#### Cut Leaf Daisy

*Brachyscome multifida* var. *multifida*  
A great native daisy.

#### Flax Lillies

*Dianella* sp. (eg. *Dianella caerulea* 'Silver Streak', *Dianella tasmanica* 'Blaze', *Dianella revoluta* 'Little Rev')  
These native strappy leaf plants are very hardy and can withstand very dry conditions once established.

# New Directions for Public Art

The inaugural City Wide Public Art Advisory Board (CWPAAB) was endorsed by Council on 10 November 2010.

Its purpose has been 'To oversee and guide the development of a City Wide Public Arts Strategy and assist Council in the future development and placement of public art throughout our City.'

Since its establishment it has achieved a number of fantastic public art outcomes, including:

- An upgrade of the Landmark artwork and site with new landscaping and lighting.
- Establishing a 'small' Temporary Public Art Grants Program.
- Restoration of the Joseph Stanislaus Ostoja-Kotkowski (1922-1994) artwork located at 122 Main North Road.
- Updating the Stobie Pole Art Project process.
- Re-establishing the artworks and environment of the Dudley Park Railway Station.

The Light Box Gallery at the rear of Council Chambers: displays changing several times a year

- The dual naming of Honeysuckle Lane as KAB101 Lane, to recognise an important local street artist.
- Installation of the Light Box 24/7 Gallery at the rear of Council Chambers.
- Leasing public art works from artists for twelve months to refresh the experience of some of our outdoor public spaces.

In August 2015, the CWPAAB underwent a review with the purpose of ensuring future success

and creditable and achievable public art outcomes for the Community. This will include a new name and terms of reference as well an increase in the representation of artists in the group.

The members who are now responsible for this are Mayor David O'Loughlin, Cr Mark Standen, Katie Harten, Cathy Brooks, Jack Condous, Seb Humphries, Gerry McMahon and Peter Syndicas.

Watch this space!

## VOTE FOR THE 8TH PROSPECT PORTRAIT PRIZE

Last chance to see the show!

The 8th Prospect Portrait Prize 2015 has once again delighted, intrigued and caused many an opinion to be cast. The 21 works selected comprise works from interstate, South Australian and local artists, and are on show at the Prospect Gallery until 17 January 2016.

Major Sponsor, Terry Howe Printing, has generously provided sponsorship for the \$5000 Prospect Portrait

Prize and the \$1000 People's Choice Award. The list of finalists can be found online at [www.prospect.sa.gov.au/portraitprize](http://www.prospect.sa.gov.au/portraitprize) where an image of each of the selected works can be viewed before your final vote is cast. Votes can be lodged electronically or in person in the Gallery until voting closes on 13 January 2016.

The winner of the People's Choice Award will be announced at the closing event at 3pm on Sunday 17 January 2016. Everyone is welcome to attend the closing event for a final chance to view the works, the overall winner, the Packers' Pick winners, and hear the announcement of the winner of the People's Choice first-hand.

**To vote, head to**

This is a smoke free event

# 2016 Prospect Gallery Program

The 2016 Gallery Program will hit the ground running when the Gallery opens its doors to the Fringe Festival in February! Will it be art or drama, dance or all of the above?

From the chaos that is Fringe, we move into an exhibition of artworks that were conceived during an artist's time in Saudi Arabia. The 'Desert Atlas: Woven from Memory' is an exploration of the 'maps' created by women who weave carpets using patterns that were passed down from generation to generation.

Alexander Arcus' 'Temporal Fragments' is an exhibition of recent paintings consisting of miniature

paintings in gouache on paper and large oil paintings on canvas. The works in the exhibition are largely autobiographical and have an abstract ambiguity intended to permit viewers to bring their personal experiences to a viewing of the work.

From 19 June, 'Beneath the Stone' curated by Lauren Mustillo; showcases up and coming artists Will Mogan, Alycia Bennett, Cam Smith, Claudia Smith, Reb Rowe, Sarah Campbell and Badiucio. This exhibition will explore the relationship between animals and people, using animals as a metaphor.

In August, PAAN, a small but buoyant group teeming with ideas, bring to you an exhibition by current members called 'PAANDemonium'.

In late September we host 'WTF ; Wasted,

Treasured, Forgotten'; an exhibition by Kveta Deans, Janice Lane, Anna Mycko, Shelley Li, Kocksi Thaelke, and Jane van Mierle. The artists will create individual works that explore the interface between old and new, the forgotten and the remembered, with their creative journey documented in a journal.

In November, 'Outskirts' sees artists Gary Campbell, Jayne Langford and Ewa Skoczynska create an exhibition in which they re-invent objects of no apparent significance into art from items that have been cast adrift.

In December, we close the year with the ever popular 'Prospect Community Show' - an opportunity for those who live or are connected to City of Prospect to exhibit their works in the Prospect Gallery at no cost. Always diverse, always popular, and always worth a look.

## PROSPECT ARTS ACTION NETWORK

### Members in motion

In 2015, Prospect Arts Action Network (PAAN), previously Gallery Advisory Group welcomed new members Bianca Smith, Janneke Posthumus and Sue Michael, and said a heartfelt goodbye to Catherine Aldrete-Morris and Leo Neuhofer. New members will be continuing the tradition of active input, provoking thought and being well connected to Prospect.

Bianca Smith and Janneke Posthumus who joined in March 2015 both seek to re-establish connection with their community. Bianca is an artist and a graphic designer who lives in Prospect, has previously run a gallery, and is now very connected to local business - marketing for Telstra Northpark. Janneke recently graduated as an interior architect and designer, has a history of Community Arts projects, art classes and involvement with local schools.

Sue Michael, who is currently undertaking her PhD in Visual Art at Uni SA, joined the group in September 2015. "I believe the Prospect Arts Action Network will provide me with many opportunities to extend that sense of community care, engagement with new people and sense of possibility," said Sue.

Catherine Aldrete-Morris who joined in 2012 and stepped aside in March 2015, most enjoyed the 'Connect' exhibition and 'Salad Days 2013'. Catherine was proud the Gallery Advisory Group challenged themselves individually and collectively to work toward a new entity and shape their endeavours.

Although his involvement with the arts in Prospect has spanned many years, Leo Neuhofer

became a formal member of the group in 2012, and needed to step aside in October 2015 due to moving. Leo stated "I am very pleased with the progress made in the Gallery since I have been a member of PAAN; especially, the regular inclusion of the art of Indigenous Australians in the space and other more 'edgy' art."

We sincerely thank Catherine and Leo for their work with Gallery Advisory Group and Prospect Arts Action Network and look forward to their continued involvement in our creative community.

Middle: PAAN members and artists at the opening of Tarnanthi.

Bottom: PAAN member, Janneke Posthumus.

# Water Saving Tips

Summer is an important time to utilise our water resources efficiently, and one of the best ways to do this is to reduce our use of mains water in the garden. Here are some tips to help:

- Use mulch to prevent water loss through evaporation and prevent soil erosion. Mulch can also help to smother your weeds.
- Plant indigenous native plants for our local area (for more information, visit [www.prospect.sa.gov.au](http://www.prospect.sa.gov.au)).
- Plant your garden in watering zones. Plants that require large amounts of water should be grouped together and will help to reduce your water use.
- Choose a drought resistant lawn that will cope with our harsh, dry conditions.
- Don't over water your lawn – train it to use less water by encouraging the roots to grow deeper. Also set your mower level higher during summer and let your lawn grow longer. Keeping grass longer shades the soil surface and reduces evaporation loss.
- Don't water during windy weather – water will blow away from where it's needed most.
- Waterproof your terracotta pots before you plant. Terracotta pots are porous and allow the moisture to escape rapidly.
- If you have an outdoor pool or spa keep them covered when not in use. Covers will help prevent water from evaporating.
- Park your car on the lawn before you wash it

and never let water run into the stormwater drain. Alternatively, check out your nearest car washes and find one that recycles its water.

- Instead of hosing, use a broom or rake to clean paths, paved areas and patios.

**For further information visit:**  
**[www.sawater.com.au](http://www.sawater.com.au)**

## MEMORIAL GARDENS PLAYSPACE IS OPEN

Our ever popular Memorial Gardens Playspace was temporarily closed in October/ November while Stage 2 of the project was constructed. We are excited to say that the playground has re-opened and the public is already enjoying the new equipment and facilities.

Stage 2 is more family-orientated with picnic tables, BBQ areas and better spaces to hold parties. Our brand new treetops playground is also in place. Kids will love a visit to the park where they can now climb to the top and spot our beautiful Prospect bird life!

Stage 3 is currently in design for delivery to occur in line with future budgets.

## FIRE PREVENTION AROUND THE HOME

The Fire Danger Season is now here and while Prospect is an inner metropolitan council, there are still things we all need to do around the home to prevent the spread of fire.

These simple steps can help prevent a fire spreading through your property:

- Remove weeds that dry out, becoming

potential fire hazards

- Trim lawns and grasses to below 10cm
- Remove any dead trees or shrubs
- Remove any unwanted debris from yards that may ignite or heat up from the sun and ignite grasses/leaves or shrubs
- Prune trees and shrubs to sit away from your house walls, eaves and windows

**Remember, these simple steps can help prevent fire spreading across your property. For more information, visit the CFS website: [www.cfs.sa.gov.au](http://www.cfs.sa.gov.au)**

## HELP CARE FOR OUR STREET TREES

If Council has recently planted a street tree in front of your property, feel free to help nurture it along for a short time by giving it a little extra water during the hot, dry summer months. Council plants over 100 street trees annually and routinely waters them for the first few years after planting however, a little extra water can make all the difference, particularly during the formative years. The rewards will be a happy, healthy, shady tree in years to come that will make a difference to your street and perhaps your wellbeing too.

## DON'T LET STANDBY POWER DRAIN YOUR WALLET

As the weather heats up this summer, our energy usage and subsequently our carbon footprint also increases. If you leave appliances on stand-by you could be unnecessarily adding to your energy bills, and increasing your carbon footprint. Stand-by power is used by appliances when they are not fully switched off, but not performing their main function. If an appliance is not in use and has a red light on, or an internal clock, then it will be using stand-by power.

**The most common appliances that use stand-by power include:**

- televisions
- computers
- microwaves
- battery chargers
- any appliance with a remote control or an electronic clock built in.

**To reduce stand-by power use:**

- Turn off appliances at the wall (using power boards can make it easier to turn appliances off).
- Use a stand-by controller to automatically turn off appliances when they are not in use.
- When buying electronic appliances look at the energy rating label.

# Local Fitness Trail

Make the most of your parks and gardens this summer by trying a local fitness trail! Some even have exercise equipment to help you on your way.\*

## \*Broadview Oval 26 Collingrove Avenue, Broadview

**1. Stepper:** Develops legs/ lower back/ abdominals.

**2. Sit-up Board:** Develops stomach, legs muscles.

**3. Pushup Bars:** Develops the triceps and biceps

**4. Leg Lift:** Develops Biceps/Triceps/Lats .

**5. Chin-up Bars:** Develops arm strength and upper body.

**6. Parallel Bars:** Strengthens upper body and symmetry skills

## \*R L Pash Reserve 31 Derlander Avenue, Collinswood

**1. Cross Trainer:** Moves feet in the backward and forward walking motion.

**2. Ab-Hip Swinger:** Develops the abdominals .

**3. Ab-Cruncher + Chin Ups:** Develops Biceps/Triceps/Lats .

**4. Ezy Rider:** Develops lower back/abdominals/ Quads.

**5. Shoulder Press + Lat Pull down:** Develops shoulders / Triceps.

**6. Butterfly Press:** Develops Pectorals.

## Prospect Oval/Memorial Gardens 1 Menzies Crescent, Prospect

**1. Relaxation Yoga:** on the grass x 10 mins

**2. Leg Stretches:** On benches x 5 mins

**3. Grandstand Stairs:** Up and down x 5 mins

**4. Skipping:** On the spot x 10 mins

**5. Tricep Dips:** On the bench x 10 mins

## Charles Cane Reserve / Parndo Yerta 104 Churchill Road, Prospect

**1. Jogging:** Laps of the oval x 10

**2. Tricep Dips:** On the bench x 10

**3. Push Ups:** On the grass x 15

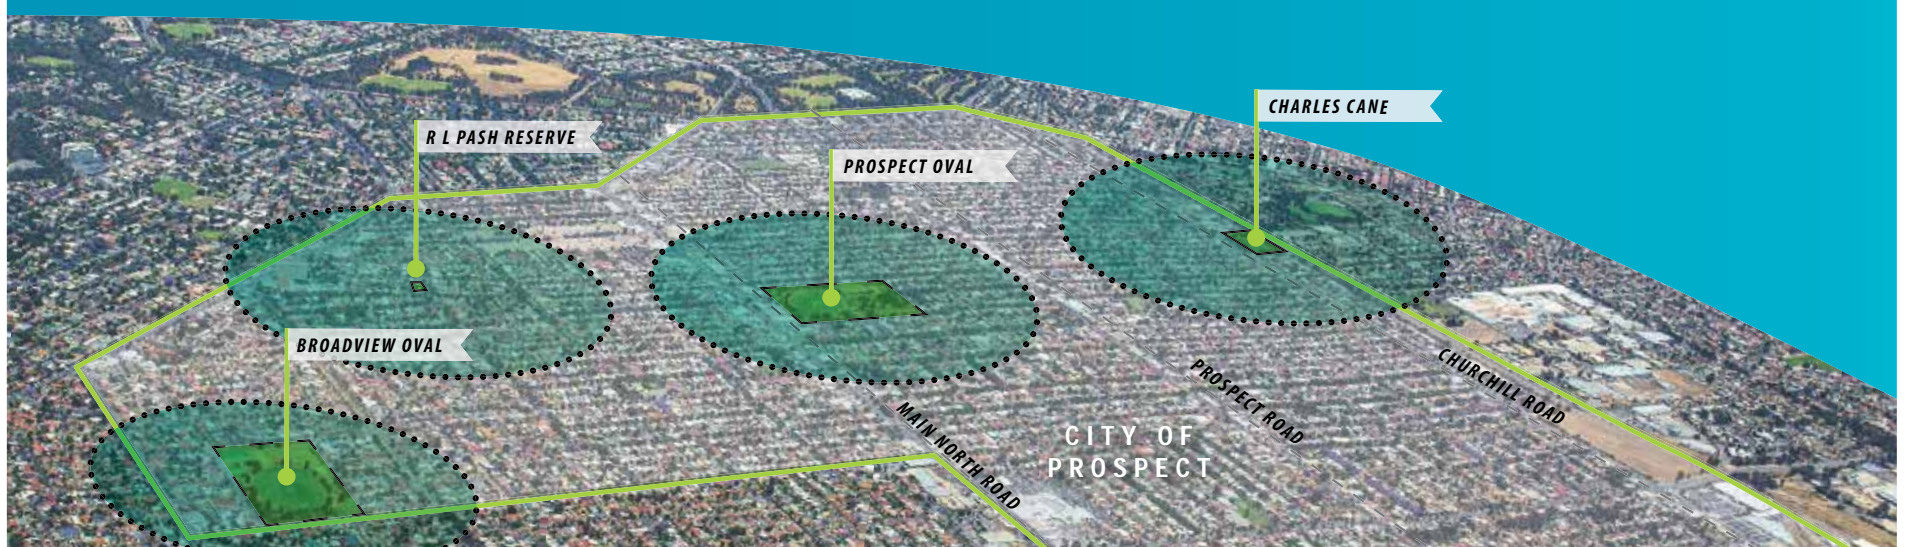

**4. Sit Ups:** On the grass x 30

### LEGEND

- Park location
- 500m walking distance

# You asked for it!

## The results of our 2015 Community Consultation

During 2015, council staff consulted directly with more than 700 community members, ranging in age from 5 to over 75 years old to hear their thoughts on living in City of Prospect.

### Feedback was gathered via:

- Surveys - online, paper based, telephone
- Interactive information booths at various community events including the Tourrific Prospect Street Party and Twilight Concerts
- Meetings with community groups and organisations

Council undertook the consultation to better understand and respond to community needs, ideas, perceptions and future aspirations. It's all about making City of Prospect a better place to live, work and visit now, and for future generations.

### What we asked you:

- What do you like most about City of Prospect?
- What would you like to see in City of Prospect in the future?
- How satisfied are you with the services and facilities provided by Council?

### What you told us:

Top 5 things people like best about living in City of Prospect

1. Location - close proximity to city, services and facilities
2. Sense of Community - vibrant, friendly, safe, culturally diverse, lots of opportunities to be involved
3. Services and Facilities - in particular the parks, playgrounds, community events and library
4. Businesses - increasing variety of shops, cafes and restaurants on Prospect Road
5. Streetscape/Environment - clean, tree-lined streets, character homes and heritage buildings

Clean, tree-lined streets

The majority of respondents stated City of Prospect is a desirable place to live and has become even more desirable over the past two years. Top 5 reasons given for increased desirability:

1. Upgrades to Prospect and Churchill Roads
2. Improvements to streetscapes, parks and facilities
3. Increased variety and quality of businesses

4. Rezoning of Adelaide High School
5. National Broadband Network

### Services and Facilities

There was generally a positive level of satisfaction with the Council services and facilities currently being provided. Top 5 most liked were:

1. Parks
2. Playgrounds
3. Community events
4. Library
5. Prospect Gallery and public art

### Top 5 most used:

1. Community information (Council website, Prospect Magazine)
2. Community events
3. Library
4. Parks
5. Playgrounds

City of Prospect Website

### Top 5 most requested: the most common services and facilities people would like to see more of in the future:

1. Recreational facilities (e.g., seating, BBQs, bike racks, walking trails)
2. Playgrounds
3. Community events
4. A new library
5. More food/drink outlets and pubs

Ern Sconce Reserve recreational facilities

New furniture at Memorial Gardens Playspace

### How we've responded so far:

#### We've listened to what you told us.

Parks, playgrounds and recreational facilities are important to you and that's why we are investing further in them in 2015/16. Many of our parks and reserves have had new equipment installed, including furniture, drinking fountains, paths, public art and play equipment, with more exciting upgrades planned for 2016.

We've also added to our list of things to do in City of Prospect with lots of new programs and events to enjoy, including new school holiday shows in the Prospect Town Hall, a "Prospect Professionals" Networking Group and relevant workshops, speed-linking breakfast networking group, workshops to educate local Prospect Businesses about how to harness the opportunities of doing business with China, and a new exercise program for our older residents - just to name a few. Other favourite activities and services are now available more often - did you know the Toy Library is now open during all Library opening hours?

### Further plans

It's the needs and aspirations of our community that drive Council's priorities. The broad range of feedback received from our community in 2015 is being used to develop Council's 2020 vision, the Strategic Plan and future budgets.

Tourrific Prospect; our feature event of the year

## TRANSPORT TO MEDICAL APPOINTMENTS

Some of our older residents struggle to travel to their medical appointments and subsequently, visit a chemist, as part of on-going efforts to maintain their health, remain independent and continue to live in their own homes.

Thanks to a new partnership between Council and Regency Medical Centre on Regency Road these visits will become much easier.

Commencing early January, Council's 10 seat community bus is available (each Wednesday) to pick up residents from their home, drive to the medical service arriving at 10am in time for pre-scheduled appointments with one of the eight doctors available. At the conclusion of the appointments, it's back into the community bus and onto North Park Shopping Centre to visit one of the chemists prior to dropping participants back to their homes.

Bookings and enquiries for this initiative can be made to:

**Tracey Holgate**  
**Regency Medical Clinic**  
**Tel: 8269 1900**  
**Email: [tholgate@regencyclinic.com.au](mailto:tholgate@regencyclinic.com.au)**

## DO YOU KNOW ABOUT THE TELECROSS REDi SERVICE?

During heatwaves the Telecross REDi service supports people by regularly telephoning them. Telecross REDi service is activated when the Adelaide's average daily temperature is 32°C or above for three or more consecutive days (for example, an average of 40°C daytime and 24°C overnight).

Red Cross volunteers call pre-registered clients up to three times a day to check on their wellbeing. The callers ask people how they are coping and remind clients of important measures to assist them through extreme weather.

People in the community who are at risk during extreme weather events and require phone support during these periods are encouraged to register for the service.

This includes people who live alone, have a disability, are experiencing mental illness, are housebound, frail, aged, recovering from an illness or accident, or have an ongoing illness, such as diabetes or a heart condition. Carers of vulnerable people are also encouraged to register as they may be at risk during an extreme weather event too.

**If you, or someone you know, would benefit from this support, please register with Red Cross by phoning 1800 188 071 or visit: [www.redcross.org.au/telecross-redi.aspx](http://www.redcross.org.au/telecross-redi.aspx)**

## OPEN DOOR POLICY AT THE PROSPECT TOWN HALL

Right in the heart of Prospect, on Vine Street Plaza, the front doors of the historic Prospect Town Hall foyer are now open to the public Monday to Friday from 9am until 5pm.

### Here you will find:

- Community space
- Public piano
- Take / return / swap – books
- Air conditioned foyer
- Public toilets
- Breast-feeding / baby change friendly area
- Recharge point for motorised mobility scooters and mobile devices
- Community notice board

Outside the front doors has been become a fun place for children to play while mum and dad enjoy a cup of coffee, taking in the great community vibe and sunshine. Games of snakes and ladders, hopscotch and chalk boards allow children to play in the shade of the now in-leaf plane trees.

'Take a Book, Share a Book' is a great new initiative of

Prospect Library. Drop into the Town Hall to borrow or swap from the selection of books provided for your enjoyment by our Library staff. A simple book case and an honour system have already resulted in many residents enjoying this service and leaving books for others to enjoy.

out of the SQUARE

# matinee Series

January - June 2016

Come along to cabaret-style matinee performances to be entertained by Adelaide's fabulous live performance artists, right here in Prospect.

All performances are on Fridays at Prospect Town Hall. Doors open at 10:30am for an 11:00am start.

**Series tickets \$85**

**Concert 1 January 22**

**Concert 2 March 25**

**Concert 3 May 20**

- 1. Counting Bars Tickets \$17**  
 The Tale of the singing inmates is an a cappella musical, produced and directed by **Mitre Khammash**.
- 2. Seasons of a Lifetime Tickets \$17**  
 The Dots are an 8 person group presenting songs of love through the power of the human voice and a good story.
- 3. Sway my Way Tickets \$17**

# Global Leveraging for Local Benefit

Could your business benefit from an international relationship with China?

In May 2015, the South Australian Government, in collaboration with the Australia China Business Council and the Local Government Association, coordinated a trade delegation to visit the Shandong Province, in southern China.

The aim of the visit was to establish and build relationships with international counterparts for the long term objective of securing ongoing trade and investment opportunities for our local businesses, while also positioning City of Prospect as an investment attraction destination.

For local businesses interested in potential new trade opportunities with China, Council can play a key role in opening doors for new supply chains, or new customers, and is keen to help bridge those connections.

In particular, Council seeks contact from businesses who currently order or supply large amounts of consumables or materials from China, are considering buying a large items of plant or equipment, or are export ready for new markets.

With rezoned transit corridors and NBN high speed broadband fibre to every premises, City of Prospect is also an attractive area for international investment to assist in delivering Council's vision for Prospect Road, Churchill Road and Main North Road.

Council recognises this is the start of an investment journey, with some of the following early opportunities having already been identified:

- A potential partnership with a large technology company for a 'Smart Appliance Research &

Mayor O'Loughlin pitching Prospect's opportunities to potential investors

Development' project that leverages our unique NBN infrastructure.

- Interest from international investors looking for potential development opportunities on City of Prospect's commercial corridors.

Participation in State-led investment attraction initiatives such as the Shandong visit, not only provide a small Council like City of Prospect with an efficient means to forge valuable new connections for local business, they also help to position our city

as an attractive international destination.

For more information on how your business could potentially benefit from the Shandong visit, please contact Council's Business and Economic Development team on 8269 5355 or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au).

**To view the promotional video used to showcase our region to Shandong, visit**

## Basilico Café

We ask Loren and Suera, the owners of a new cafe on Main North Road about their unique food offering.

### Why was this location chosen?

The reason we chose this location is the gap in the market for local services. There are no cafés around here and no healthy quick food for the locals, or the businesses. When we purchased the business we could see that the service and food was not suitable for the area, and we recognised the opportunity to provide customers what they were missing.

### What are your specialties, what will you become renowned for?

Our specialties are great coffee and fresh and healthy, old school Italian recipes.

### What experience can people expect?

Customers can expect a friendly environment, great customer service and delicious food cooked fresh for them every day. Our mission is to treat our customers just like we would like to be treated and to be a welcoming, comforting presence in the community. We want our customers to feel special because they are the reason we exist.

### What is your vision for the business?

Our vision is to provide an enjoyable ambience where people can get together and enjoy each other's company and promote healthy fresh food that guests can enjoy and take home as well.

**Address:** 140 Main North Rd, Prospect  
**Open:** 7am-6pm weekdays, 9am-2pm weekends  
**Web:** [facebook.com/basilicocafe](https://facebook.com/basilicocafe)

# A Future Vision for Main North Road

Highway 1 is changing, for the better. Have your say on this exciting, new project.

Main North Road, also known as National Highway 1, is the gateway to and from Adelaide's CBD and northern employment, as well as industrial precincts and tourist links beyond the suburbs. It is also a key corridor for City of Prospect, carrying a constant stream of around 47,600 vehicles through it every day and passing and interacting with over 260 City of Prospect businesses. Having a main arterial road in our region comes with both advantages and issues. On the positive side, economic growth indicators for

our part of this road reveal a very low vacancy rate of just 2.56% as at August 2015, demonstrating it is a much sought after location for commercial enterprise. And while visitation to, and through, our City is always welcomed, it has also somewhat negatively impacted on its sense of place. The face of Main North Road has been changing with the development of urban growth outwards in the north of Adelaide CBD, with the volume of traffic steadily increasing over the past few decades. Given this, considerable effort is now being directed at strengthening Main North Road's character as a vibrant commercial precinct, with Council currently exploring opportunities to improve the functionality of this road and its offerings. A Master Plan development for Main North Road is in its early stages and will shape a vision for the road as a commerce-focused arterial route that encourages and provides a range of new employment, business and residential living opportunities, capitalising on the high levels of passing trade. Council is partnering with its community, investors, Federal and State agencies to plan for, and improve, the amenity and infrastructure of this major corridor. Council's aim is to encourage increased commercial activity, promote excellence in building design, improved pedestrian interaction and amenity,

increase the number of street trees, and provide more attractive landscaping. Community input for the Master Plan will be a three stage process that will result in an agreed vision between the Department of Planning Transport and Infrastructure, Federal Government, City of Walkerville, City of Port Adelaide Enfield, landowners and businesses for the corridor. The vision also aims to meet the goals of the State Government's 30 Year Plan for Greater Adelaide, focusing on the growth and development of this important corridor. The Main North Road Master Plan will link to, and inform, the future of other relevant Council assets and initiatives including the Thomas St Centre (Prospect's Library, Art Gallery and Digital Hub), Johns Street Depot and the Milk depot. We encourage you to join the collaborative future planning of economic prosperity for the Main North Road precinct to improve infrastructure, commercial activity, building design, urban amenity and landscaping by taking part in our survey as we really want to hear from you; the people who know the area best. Visit [www.prospect.sa.gov.au/mainnorth](http://www.prospect.sa.gov.au/mainnorth) to contribute your thoughts on the vision for Main North Road.

## PROFESSIONAL SERVICES FOCUS

Did you know that approx. 38% of businesses in City of Prospect belong to the Professional Services sector and almost 30% of our workforce are employed as professionals? Another interesting point you may not be aware of is that a large number of our locals quietly work away behind the scenes in home based businesses, often attracting new clients and visitors into our area to local shops, cafes, restaurants, and other complementary services.

With a higher than State average representation of professionals in our region and superfast NBN broadband, we are now extremely well positioned to connect to, and be highly successful in, the global economy. Council recognises the important role that professional services and home based businesses play in growing our economy and the opportunities they present. Council has developed a range of programs, networking forums and supporting resources to help realise this unique position. Council co-ordinates the Prospect Professionals Network which meets regularly to network and learn about emerging digital trends. This group is

gaining strong momentum and as a result, we have also established a Prospect LinkedIn Mastermind Group accompanied with a unique 'Speed linking' process to assist businesses with their lead generation and increase revenue opportunities. Join the club, it's free and we want to hear from you! If you're a home based business or working in the professional services sector, contact the Economic Development team on 8269 5355 or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au) for more information on these initiatives.

Youth FM presenter

## TUNE IN TO YOUTH FM

Radio produced by young people, for young people.

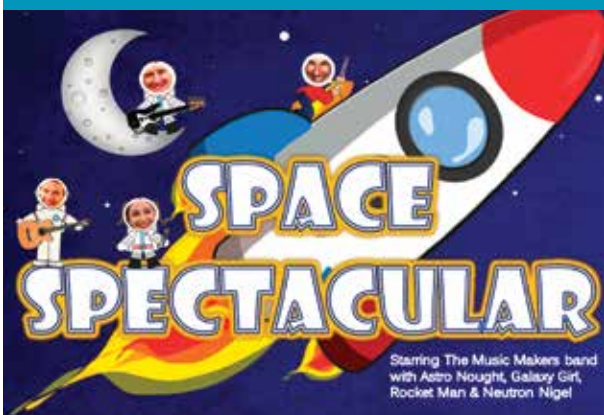

Tune into Youth FM 4:00–5:00pm on Thursdays, on Three D Radio 93.7FM, for interviews, live sets, give aways, features, information, gig guides and much more!

To request your favourite song, simply text the track name and artist to 0438 261 528 during the show and our crew will endeavour to play it for you.

### Want to get involved?

Training is offered in April and October School Holidays for young people aged 15 – 25. This free, highly popular 3 day radio training enables participants to become a regular presenter on the YouthFM show.

For more information, or to register your expression of interest, call Mark Crabtree on 8342 8041 or email [mark.crabtree@prospect.sa.gov.au](mailto:mark.crabtree@prospect.sa.gov.au)

## KIDS SCHOOL HOLIDAY ACTIVITIES

Looking for a high quality children's activity these school holidays that won't break the bank?

Council is blasting into the school holidays with an astronomically cool show for the entire family; 'Space Spectacular' is a live entertainment show for children aged 3-10 years.

Blast off with Astro Nought and Galaxy Girl all the way to Bubble Land! See how Neutron Nige and Rocket Man follow the trail of bubbles that leads all the way to the Giant Parachute PlayDome!

Prospect Town Hall doors open at 10:30am for an 11am start on Wednesday 13 January, 2016. Tickets are \$10 each and available for purchase from Council's Customer Service Centre, open Monday to Friday, 9am until 5pm, 128 Prospect Road, Prospect.

Seating is limited so buy your tickets now to avoid disappointment!

Enquiries Mark Crabtree (08) 8342 8041 or [mark.crabtree@prospect.sa.gov.au](mailto:mark.crabtree@prospect.sa.gov.au)

## Club5082 goes troppo for Tourrific

The Tourrific Prospect street party is nearly here again and to celebrate this special occasion, Club5082 will be transforming the Prospect Town Hall into a tropical beach.

Come dressed in your favourite loud shirt, board shorts and dancing shoes to show your support. It's going to be a night of great entertainment.

Club5082 is thrilled to be part of the Tourrific action and will feature three cover bands pumping out hits both past and present.

Bands include *Unplugged*, *A Party with Kate* and 90's rockers, *White Collar Heroes*.

Nicole Wedding, drummer of *A Party with Kate* said, "the band is so excited to be selected to play at Club5082 for the street party. Tourrific Prospect is an awesome event for the community,

but particularly for local bands as it's such great exposure to play in front of so many people. We cannot wait to be part of the festivities and hope many of you come by, check us out and have some fun!"

The first band will be on-stage at 7.00pm and entry is free!

For more information regarding upcoming Club5082 events and training opportunities visit [www.facebook.com/club5082](http://www.facebook.com/club5082) or call Mark Crabtree on 8342 8041.

## VINE STREET PLAZA HERB GARDEN

City of Prospect has been working with Horticulture Students from Prospect Centre over several years to develop community land at Pash Reserve and most recently the young people have established a herb garden at Vine Street Plaza for local residents to enjoy.

The herb garden is located in a planter box adjacent to Prospect Cibo Café and contains a variety of seasonal herbs that can be picked and incorporated in home cooking.

Prospect Centre lovingly maintains the herb garden at no expense to the community. The project enables students to gain experience and competency in horticulture. Yianni Hondzeas, Prospect Centre student said, "the herb garden is good for the community. It encourages healthy eating. We enjoy making the garden wonderful."

So next time you're in Vine Street Plaza stop by the garden and grab a pinch or a handful of herbs to take home courtesy of Prospect Centre.

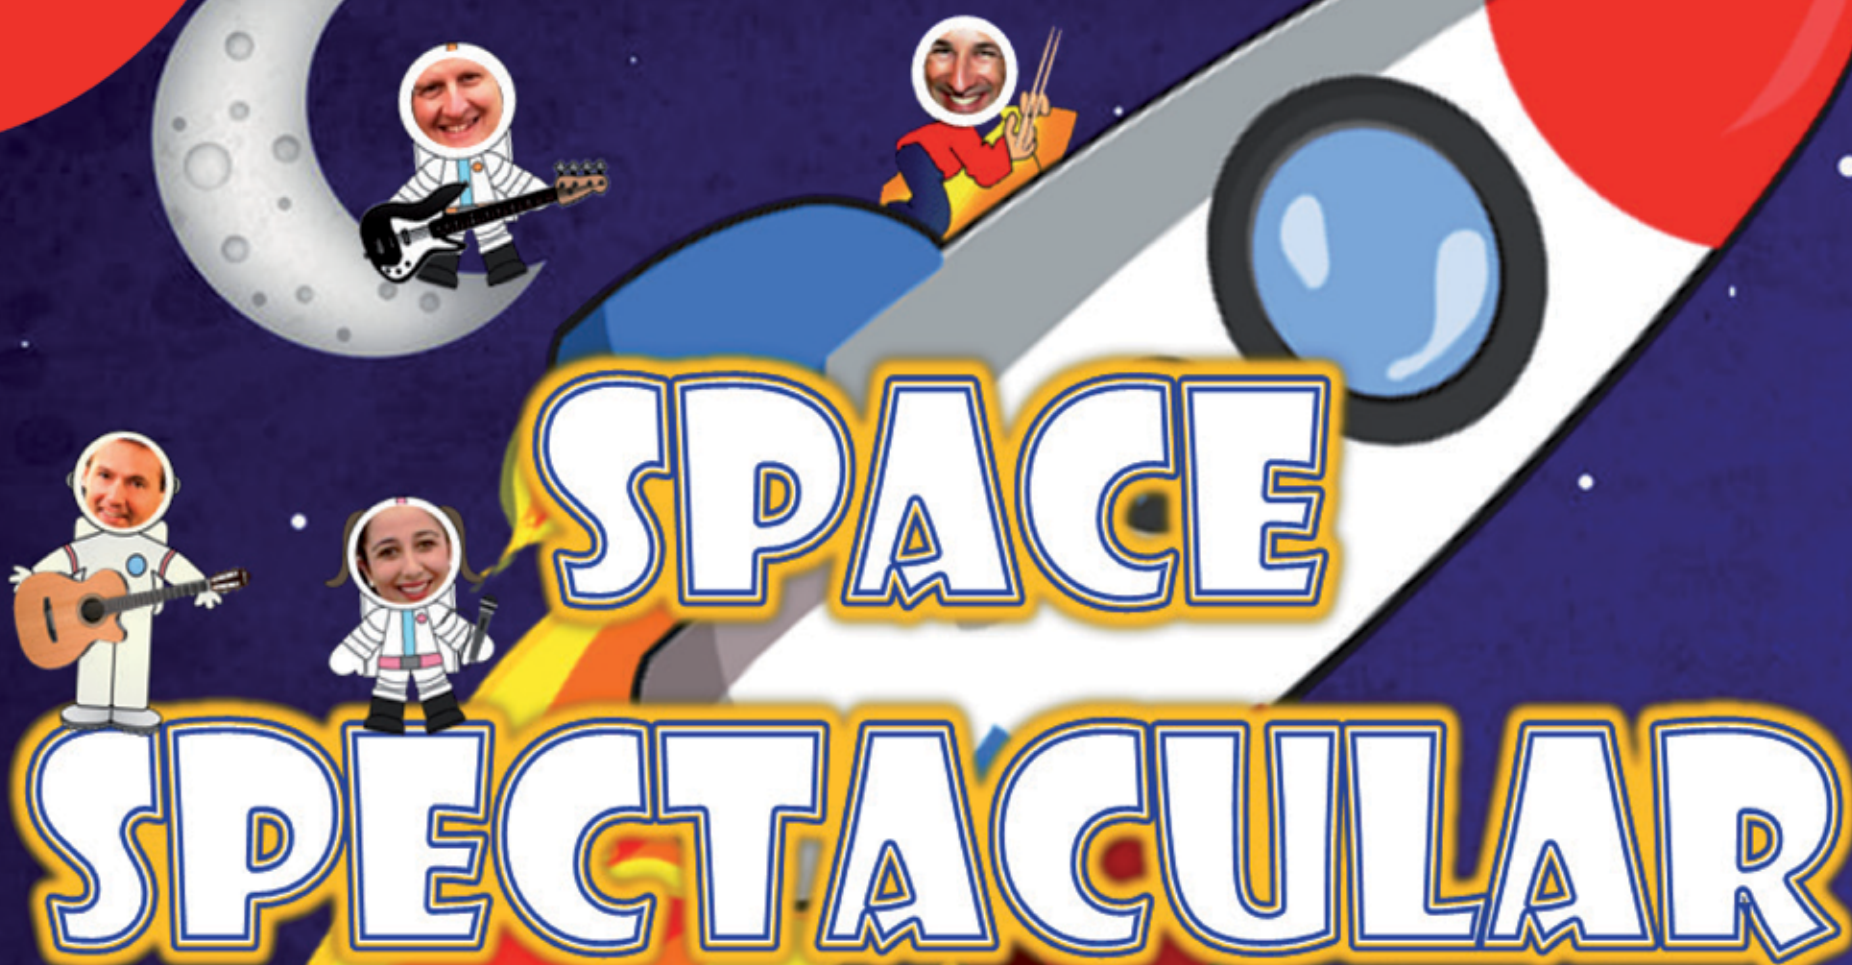

Image: The students from left to right are Dimos, Chris, Tom, Samuel and Yianni. They are completing Agrifoods (Horticulture) Certificate 1.

# Summer is here at last!

This means Christmas celebrations, family time, neighbourly drinks, holidays, parties, relaxation and time to tackle that never-ending list at home. It's also a time to reflect on the year gone and the year ahead.

And what a year it has been, starting with a record breaking Tourrific Prospect street party in January, fabulous Twilight concerts in February, the ever popular Prospect Fair, finishing the southern end of Churchill Road, starting the northern end of Prospect Road, the completion of the NBN rollout in every street in our City (an SA first). The opening of the amazing new playground at Memorial Gardens, and the sad news that our Library lease will not be renewed and we have to seek a new home for the huge range of activities that enjoy the use of our Thomas Street Centre.

The year ahead looks just as eventful, with the Library and Community Centre replacement project an opportunity to create a wonderful new facility for the whole district to enjoy for years to come.

The year starts with Tourrific Prospect – and this year we have secured a TDU Stage Start. Make sure you book your friends and family, get the kids into the Loopy Kids Ride, decorate your bike, and join the 20,000 other locals and friends at our most popular community event.

Be sure to grab a ukulele (they make great Christmas presents) and practice the Daisy Bell song, we have an Australian record to set and a world record to break!

Don't miss the wonderful Twilight concerts in Memorial Gardens – invite your friends and neighbours to join you for an evening picnic. Check out the summer markets, music at Wassail or Komodo, dinner at your favourite restaurant, or try a new one and welcome them to the area.

Bikes and pedestrians sharing the road in Japan

If you are travelling over the break, keep an eye out for great ideas we can use here to make our City an even better place to live, work and play.

On our recent travels to super dense and busy Japan, we were amazed to see mums on bikes with kid seats front and rear, off to kindy and school, men and women in suits riding to work, workers, oldies, families all on bikes, using local roads or footpaths on busy roads – sharing them respectfully with pedestrians. Even better, they weren't sitting in cars clogging up the traffic!

You never know, it might catch on here.

All the very best for the festive season and the year ahead for you and your family.

David O'Loughlin (Mayor)

Mail: PO Box 171

## VALÉ DAVID CARYL BLAIKIE

It is with great sadness that we acknowledge the passing of past Councillor and local identity David Blaikie.

Elected to Council for 15 years, then Presiding Member of our Development Assessment Panel from 2006–2015, David was honoured with an Order of Australia in 2012 for services to the community.

He will also be remembered for his professional contribution to dentistry and community health over many years.

David was highly regarded for his integrity, knowledge, passion and good humour and is a great loss to our community and his family.

## INAUGURAL MAYOR'S SPRING GARDEN SPECTACULAR COMPETITION WINNERS

Congratulations to all entrants in the Inaugural Mayor's Spring Garden Spectacular Competition for the very high quality of their entries, and the amazing amount of effort they have gone to make their gardens and our city a more beautiful place.

I am delighted to announce the winner of the Most Improved Garden is the North Adelaide Croquet Club for their Marj Michael Memorial Garden – a terrific community driven project that has beautified a previously forgotten corner at the club.

Congratulations must also go to Margaret and David Nunn of Milner Street for the love and attention they have lavished on their garden over many years, producing spectacular flowers from their 50 varieties of roses, in addition to succulents, geraniums, agapanthus, camellias, salvias, acanthus and hollyhocks. Trees, herbs and vines have complimented these and many other flowering plants to create a true 'Spring Spectacular'.

Well done Margaret and David, you are the winners of the City of Prospect's inaugural 'Best Overall' garden award and will also receive a \$100 gift voucher, thanks to Prospect Home and Garden.

Congratulations winners, and all entrants, keep those thumbs green and gardens thriving until next year.

Most Improved Garden North Adelaide Croquet Club

Best Overall Garden Margaret and David Nunn

PULL ME OUT

TOURRIFIC  
PROSPECT

TOURRIFIC  
PROSPECT  
18-19 Jan 2016

An associated event of the 2016 Santos Tour Down Under

PULL OUT

OFFICIAL  
ATTEMPT

Join the Guinness World  
Record Largest Ukulele  
Ensemble attempt and be a  
part of history!

In 2016, we're calling on all members of the community  
to be part of the Tourrific Prospect Ukulele Challenge.  
Join City of Prospect as we attempt to break the Guinness  
World Record for the Largest Ukulele Ensemble.

On Monday 18 January 2016, thousands will come  
together and break out their ukuleles in an attempt  
to crack the record currently held by Tahiti at 4,792  
players.

The Ukulele Challenge is a wonderful opportunity  
for your community group, or your friends and family  
to come together to take part in a special once in a  
lifetime experience.

The simple, easy to learn song, Daisy Bell, has  
been selected for the challenge. Bring your ukulele  
to our 'all abilities' ukulele workshops, held at the  
following locations between 6-7pm:

**3 & 10 December** – Prospect Town Hall, Irish  
Harp Room, 126 Prospect Road, Prospect.

**17 December** – Brew Boys, 151 Regency Road,  
Croydon Park.

**6 & 13 January** – Prospect Town Hall, as above.

Email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au) to book into a  
workshop and visit [www.prospect.sa.gov.au/ukulele](http://www.prospect.sa.gov.au/ukulele)  
to register for the attempt, download the Daisy Bell  
song sheet, see great deals on ukuleles and view the  
video tutorial.

## THE MARILYNS

Did you know that Marilyn Monroe was a  
famous ukulele player? Assisting City of  
Prospect in our Guinness World Record  
quest is the glamorous, Marilyn Jetty  
Swim Group, who also raise money for  
the Cancer Council. The fabulous ladies  
will be picking up a ukulele and bringing  
a splash of fun and glamour to this once  
in a life time event.

## THE OFFICIAL SONG FOR OUR WORLD RECORD UKULELE ATTEMPT IS DAISY BELL (A BICYCLE BUILT FOR TWO).

Learn how to play by following the song sheet below, or visit the free,  
online video tutorial and you'll be strumming along to Daisy Bell in no  
time! Visit [www.prospect.sa.gov.au/daisybell](http://www.prospect.sa.gov.au/daisybell)

### DAISY BELL

*(A bicycle built for two)*

Words and music by Harry Dacre

Arrangement by Rick Whitehead

[C] Daisy - Daisy

[F] Give me your answer [C] do

[G7] I'm half [C] crazy

[D7] All for the love of [G7] you

It won't be a stylish [C] marriage

I can't a [F] fford a [C] carriage [G7]

But [C] you'll look [G7] sweet

Up [C] on the [G7] seat

Of a [C] bicycle [G7] built for [C] two

[C]

[F]

[G7]

[D7]

## EYE PLAY SPORT

Eye Play Sport, formerly known  
as the Blind Sporting Council, supports  
blind and vision-impaired athletes to play and  
compete in many sports across Australia and  
on the international stage.

To support this wonderful organisation in its  
work, we will be donating each \$2 registration fee to  
this great cause to help assist some of South  
Australia's best athletes.

## STRUM ALONG TO TOURRIFIC PROSPECT IN 2016

Next year's Tourrific is set to be the biggest and best yet, with new ideas and attractions including the very special Tourrific Prospect Ukulele World Record Attempt.

Preparations for 2016 Tourrific Prospect are in full swing as we gear up to welcome the world's cycling elite.

Join us as we attempt to break the Guinness World Record for the Largest Ukulele Ensemble. The current record is held by Tahiti and stands at a whopping 4,792 players!

The Santos Tour Down Under Hostworks Stage 1 start makes a welcome return to Prospect Road on the morning of Tuesday 19 January, with the race finishing in Lyndoch. Over 30,000 people are expected to line the race route and enjoy community activities from 8am throughout the Prospect Road Village Heart.

In 2016, the Tourrific Prospect street party will

once again be held on Prospect Road from 5pm on the evening of Monday 18 January.

Last year the street party attracted over 21,000 visitors, a number we expect to grow due to the wonderful reputation of the event and the exciting array of new and old favourite activities.

From 5pm the Qattro Criterium Circuit, held on Prospect Road between Labrina Avenue and Milner Street will again feature the Loopy Kid's Ride, giving 200 plus children, aged between 4 and 13, the opportunity to tear up the circuit like a true professional. Spots fill up quickly so be sure to register at [www.prospect.sa.gov.au/LoopyKids](http://www.prospect.sa.gov.au/LoopyKids)

For the first time, Cycling SA will host the final round of the CIC Cervélo Super Series on the Qattro Circuit for a thrilling display of local racing talent.

Kicking off at 6.35pm, the Women's Elite Race, sponsored by Wild Fox Wines will provide a spectacular finale to the women's racing season.

Following the Women's race, Eye Play Sport will return with an incredible blind cycling demonstration.

The last race to take centre stage on the Qattro Circuit will be the Cycling SA CIC Cervélo Men's Elite Race. Be sure to come and cheer the cyclists on as they battle to the finish line.

As well as a whole host of cycling festivities, Tourrific Prospect will be packed with entertainment for all ages.

The newly revamped Kidz Zone, hosted by the Marilyn Jetty Swim Group is a beach haven where the little ones can play in the sand, have their faces painted and even see some Amazing Drumming Monkeys!

Thanks to Fenwick Real Estate, the Fenwicks Stage on Olive Street will be a popular Tourrific destination and will feature a Kaurna Welcome, Paitya Dance company and the unforgettable Lucky Seven. Be sure to swing along!

At Kintore Corner, we will also be launching Prospect's new digital initiatives, on show in the amazing 'Game Truck'. Come and try your skills!

The Vine Street stage, sponsored by Brew Boys, will feature the Mike Bevan Quintet for some soulful jazz, perfect for a balmy, summer evening.

Prospect Town Hall has again been transformed into a youth music haven. From 7pm experience the raw, live music of Prospect's Club5082 program as our incredible young musicians perform a selection of rock to a tropical beach theme!

If all the excitement of the main stages gets too much, take some time out in Busker's Corner at the South end of the street party. A new concept for 2016, here you'll find a live performance space showcasing talented South Australian artists.

In 2016, Tourrific will continue its green waste approach that proved so successful last year. All cutlery, plates and cups provided at the event will be fully compostable; they can be deposited in the green organic bins along with any food scraps. Green and recycling bins will be clearly marked and located throughout the event.

Tourrific Prospect remains a premier highlight of the Santos Tour Down Under Festival of Cycling social calendar, thanks to our generous sponsors Qattro, Fenwicks Real Estate, Cleanaway Transpacific, First National Riggall, Harris Real Estate, Little City, Barossa Music Centre, Adelaide Hills Cider, Brew Boys, Pak-Rite Solutions, First Drop Wines, Blackfriars Priory School, Wild Fox Wines, ANZ, Lyndoch Hill Winery, Aussie Prospect, Alfred James and Sons Funeral Homes and Green Hornet.

**For more information on Tourrific Prospect follow [twitter.com/prospectrd](https://twitter.com/prospectrd) or like [facebook.com/TourrificProspect](https://facebook.com/TourrificProspect).**

## 2016 TOURRIFIC PROSPECT IS BEST DRESSED FOR SUCCESS

We are invited to enter the Santos Tour Down Under Best Dressed Town Competition. In 2013 we were overall winners and we reckon it's time we won it again!

Entry is now open in three Best Dressed categories being - Town, Commercial Property

and Private Residence with more than \$7,000 in cash prizes and local pride up for grabs.

City of Prospect are calling all Prospect creatives and crafty types to come together in a hands-on workshop, to transform ukulele cut-outs into beautiful, quirky and unique pieces of art to decorate our streets.

**When - 10am to 4pm on Saturday 9 January**

**Where - Prospect Town Hall, 128 Prospect Road**

We will supply the ukulele cut-outs for you to decorate; so dig out and BYO paints, scraps of material and any other crafty things lying around

the house, and join us for a day of fun for the whole family! You don't have to be artistic, just willing to have a go!

Check [www.prospect.sa.gov.au/tourrific](http://www.prospect.sa.gov.au/tourrific) for details closer to the date.

The Best Dressed Town award is great for us, the community, businesses, property owners and households as part of the promotion and excitement of the Santos Tour Down Under.

**For more STDU information, head to [www.tourdownunder.com.au/en/whats-on/participate/santos-best-dressed-town-competition](http://www.tourdownunder.com.au/en/whats-on/participate/santos-best-dressed-town-competition)**

City of Prospect would like to thank all our 2016 Tourrific sponsors

## ATTENTION ALL VIBRANT OLDER PEOPLE (VOP'S)

Celebrate Tourrific With Us!  
Would you love to join in the festivities of the Tourrific Prospect street party but are thinking twice about coming along because you are a bit shaky on your legs these days? Book yourself or an older friend or relative in for our special VOP (Vibrant Older Person) experiences.

Council staff are offering personalised VOP chaperone services, providing reserved front row seats, food and drink and personal support to all amenities to ensure comfort and support to be very much part of the event. The service includes door to door transport to and from the event.

For more details and to book to be part of the VOP experience, **telephone Denise on 8342 8042.**

Program funding proudly provided by the Commonwealth Home Support Program (CHSP).

## KIDS GO LOOPY FOR 2016 TOURRIFIC PROSPECT!

It's time to register for the Loopy Children's ride as a part of the 2016 Tourrific Street Party on 18 January.

We're inviting all kids aged between 4 and 13 years to take part in the free ride that enables them to act out and ride with some young cycling heroes and experience the thrill of road racing in a fun and safe environment.

Sponsored by Blackfriars Priory School, entry is completely FREE and includes exclusive access to the Tourrific Prospect Qattro Street Circuit AND a Tourrific Prospect Loopy Kids t-shirt!

Registrations are open until 5pm, 8 January or until fully booked - so we urge you to be quick as we always book out!

For more details and to book your seat, visit [www.prospect.sa.gov.au/loopykids](http://www.prospect.sa.gov.au/loopykids)

## INTRODUCING THE TOURRIFIC PETER COMBE!

We are thrilled to announce that Australian legend Peter Combe will be joining Tourrific Prospect as the Official Ukulele Challenge Ambassador!

For decades Peter has captured the imagination of both young and old Australians with his funny and irresistibly catchy songs for children. He now has three generations of audiences and is still taking the world by storm with his music.

Don't miss this great opportunity to play along with the legendary Peter Combe. Pick up a ukulele, learn the song Daisy Bell and register to join the World Record attempt by visiting [www.prospect.sa.gov.au/ukulele](http://www.prospect.sa.gov.au/ukulele)

Guinness World Record Largest Ukulele Ensemble attempt ambassador: Peter Combe

# GUINNESS WORLD RECORD UKULELE ATTEMPT

I love a challenge and have signed up for Prospect's Ukulele Challenge attempt to set the Guinness World Record for the largest ukulele ensemble during Prospect's Touriffic Street Party on Monday 18 January 2016. I've played the piano but never a ukulele, so I'll be practising (a lot). Join me and register at [www.prospect.sa.gov.au/ukulele](http://www.prospect.sa.gov.au/ukulele).

Wondering what to do with a ukulele after the challenge– how about forming your own Prospe Ukulele Group?

Another challenge for Prospect Council and its community is “where and what shape will the next Prospect Library take”. Being a Friend of Prospect Library member and board–member of Friends of Libraries Australia, my research emphasises that modern libraries have many different roles. They are multi–faceted places bringing people together as a multi–use destination and lively public–gathering places.

Innovative libraries strengthen language and communication skills among users; are stewards and repositories of local history for following generations and connect people to their communities as civic information centres. Libraries can create a critical mass for retail action such as a local market and café, serving users and residents.

Libraries need to be accessible with convenient transit routes, walkable streets, and adequate bicycle facilities and preferably connect to a green space as well as being ecologically sustainable.

Where would you build our next future public library community centre?

The undergrounding of powerlines along Prospect Road north is already making a difference to the streetscape as are improvements at the southern end of Churchill Road. The rate at which new apartments are springing up on Churchill Road is bringing change, which perturbs some residents in the area perceiving a loss to their amenity, while others see it as an opportunity. Another resident wants better bus–shelter design.

Any comments? Happy to assist with both West Ward and across–city matters.

# ROLL UP, ROLL UP FOR THE MAIN NORTH EVENT

The time has now come for the City of Prospect's busiest thoroughfare to get a makeover. Main North Road carries more than 47,600\* cars per day through our area and is the main link between the city and the north.

Master planning has now commenced and the city will be working closely with neighbouring councils, state departments and the community. As with the upgrades to Prospect and Churchill Roads, there will be extensive research, planning and consultation to deliver better landscaping, infrastructure and amenity to the area.

Main North Road is also our biggest commercial centre with many shops, offices and workshops established along the road. Recent planning changes seek to encourage a greater diversity in the tenant mix and to spark a revitalisation of the road.

Change is already happening with the addition of several new businesses in recent months including the welcome addition of Cafe Basilico to the strip.

Amenity for those who live and work in the area is a key focus for the Master plan. Safe pedestrian and cycle access, vegetation and air quality are top of my concerns and I will be working hard to see these addressed in the planning process.

Historically, Main North Road served as route for bullock trains and today it still serves a gateway to the Barossa, the mid–north and the outback. Tourists travel this route every year but how many are stopping in our fair city? We have a wonderful State Heritage Listed, council–owned tram barn and I wonder how it could be better utilised for the benefit of the area.

Please contact me to share your thoughts about Main North Road and what would you like to see in the master plan.

Travel safely over the holiday period and I wish everyone a prosperous 2016.

# TIME TO REFLECT

Hi Gang!

A lot has happened during the year. Hoping you, the residents have been keeping up through the various ways we communicate – particularly from your local councillor. Our employees work very hard for your comfort.

This time of the year residents look back over the year and wonder if the council has done its best to make the city a beautiful, productive and safe place. It's also a time to look at ourselves and say, have I done my best? Have I helped my neighbours? It never takes much to say, hi! Or to give a hand with gardening, cleaning or something that assists your community. Too often I hear, “you know, we are all really busy now”. Something is wrong in our lives if we are too busy to help one another.

Let's hope our playgrounds and parks cater for your families over the New Year. Here's a little tip; take a garbage bag with you and take some of your rubbish home. It makes it a little better for the family that follows.

**It never takes much to say, hi! Or to give a hand with gardening, cleaning or something that assists your community. Too often I hear, “you know, we are all really busy now. Something is wrong in our lives if we are too busy to help one and other.”**

I would like to say a big thank you to all the workers employed by council. Just a quickie also I would like to thank Eden Jones while you don't work here anymore you were a great help to me thanks.

To my precious family; I know we had, and continue to have, some big battles this year and next. You are my strength and my rock. I love you and thank you.

While I know we come from many different cultures and backgrounds – share, enjoy and tolerate each other as we move to 2016. I wish you all the best and hope that 2016 will be good to you and remember to try and give a neighbour a hand. See you in 2016.

## THE PATH TO VIBRANCY

Have you ever considered what life would be like without local councils? It's a question that was posed to me recently by someone who was talking about the size and role of councils in South Australia. It provided me a good opportunity to stop and think about the value the City of Prospect adds.

A lot has occurred in the past year of this new council - but also the past 80 years. Who would have thought that in 1935 when Prospect was declared a city, that in 2015 we would be living in such a vibrant, interesting place!

I personally like the ability to walk around our council area, with shops and services close enough to pop in to and facilities which are only a stone's throw away. To me, this helps create a sense of community. It's also important that we continue to look at ways to drive down costs and find opportunities to share services with other councils - a thing we have done for some time, and will keep doing into the future.

**"Who would have thought that in 1935 when Prospect was declared a city, that in 2015 we would be living in such a vibrant, interesting place! "**

Thinking long term is an important role for councils - and we are in the middle of thinking about some major projects - one of the most important being what our library will look like after we move from the current location at Nailsworth Primary School. This provides us with a great opportunity to think broader than just a library, and have our own community hub - a space to use for all residents to use and be connected with.

Do you feel connected to your council? Perhaps you have some ideas on how to make our place a little better? As always, I would love to receive your feedback and would be happy to take your good ideas forward to Council.

As we head into the Christmas season, on behalf of my family, Lisa, Jacob and Isaac, let me take this opportunity to wish you a very happy Christmas, and a safe new year.

## URBAN ADVENTURES ON TWO WHEELS

Coming from a big family, a bike was a luxury, so I was 18 when I bought my first bike. I've always had one since, but have really only ridden it when the bloke and I took the kids out on weekend rides. To build their confidence, we would avoid the busier roads such as Prospect Rd, Churchill Rd and even Braund Rd. It became an adventure in itself to find routes that would allow the kids to build their skills and help us teach them the fine art of considerate cycling; giving signals, observing road rules and understanding the vulnerability of being a cyclist.

Recently, a friend and I have rediscovered the benefits of cycling. While I've been showing her my old routes, we have braved more direct routes to our destinations along busy streets and have been amazed at the thoughtless behaviour from fellow cyclists and motorists alike. While most people do their best to do the right thing, a little more awareness from both camps wouldn't go astray.

**"It became an adventure in itself to find routes that would allow the kids to build their skills and help us teach them the fine art of considerate cycling."**

The implementation of the Braund Road Bicycle Boulevard is hopefully a way of raising this awareness. Although called a Bicycle Boulevard, the intention is not to prioritise one mode of transport over the other, but rather to provide a low-speed environment for the safety of cyclists, pedestrians and motorists alike. Raised intersections, bicycle markings (known as sharrows) and improved signage are designed to encourage all commuters to learn the fine art of consideration from each other.

A Bicycle Boulevard is a welcome and perhaps, long overdue project. While we still have some time until its completion, let's all try a bit more consideration towards each other in sharing our roads. With summer holidays upon us, some better modelling for our young people wouldn't go astray.

Best wishes for the festive season and stay safe over the holidays.

## JUST TALKIN' RUBBISH...

In what will come as no surprise to many people, I'm about to talk rubbish. Or more specifically, rubbish bins. Let's face it, the 'One Solution Fits All' model doesn't work that well.

It's because my needs are different to my neighbour's, and even mine change throughout the year. Over Christmas I need another three recycling bins and I rarely put out the green bin. Families have different needs to singles or the aged, and so on.

So why do we have this waste model if it's so rubbish? Mostly cost, but partly because the waste contractors set up the models to suit their own practicalities and not ours. We're then locked into an inflexible solution for years and wonder why people complain.

The solution is fantastically simple.

You decide which bins you put out each week. Your choice. One, none or all. Green, yellow, red, whatever. No schedule. We would set you up an overall 'bin budget' of say 104 pickups a year (two bins a week), but then it's up to you. No more one size fits all.

**"The solution is fantastically simple. You decide which bins you put out each week. Your choice. One, none or all. Green, yellow, red, whatever. No schedule. No more one size fits all."**

I would expect a decrease in waste to landfill as people learn to manage their waste in their own way. For example, I personally would use the yellow bin weekly. And if the current model does already work well for you, good news, continue doing that. Simple.

If we're clever, we may not need to increase the weekly 'truck runs'. How about a single truck that can accept both the green and yellow bin on the same run? Let's see some imagination from the contractors.

When our current contract is up next year, I want to see offerings that are flexible enough to suit every resident, not a compromise. Let's be leaders. Let's innovate.

Until then, have a lovely Christmas time and all the best to you and yours from the entire Standen family. Cheers.

FUTURE OF LOCAL GOVERNMENT

UBER | FACEBOOK | ALIBABA | AIRBNB

The world's largest taxi company owns **zero** vehicles

The world's most popular media owner creates **zero** content

The world's most valuable retailer has **zero** inventory

The world's largest accommodation provider owns **zero** real estate

What is the future state of local government? What futures are possible, or plausible, or probable or preferred that you can imagine? Importantly, what will the future look like under each of the above distinct scenarios and how will you want your interactions with council to change?

If we become clear about this, we can drive present-day change in the direction we want to head. Nowhere so far has the word 'technology' appeared, however through technology we can solve present-day problems by thinking differently, disruptively even, to provide traditional services in a completely different way.

**"What is the future state of local government? What futures are possible, or plausible, or probable or preferred that you can imagine?"**

City of Prospect is the 'can do' City. With strong Council interest in the concept of digital leadership, Cr Larwood and I are working on progressing a Digital Transformation Working Group. City of Prospect is in the process of partnering with other local governments to work together on uncovering ways to add value to the lives of our residents in the future.

Technology in this space becomes the enabler, rather than the plan itself. There is real business disruption occurring on a global scale that is irreversibly changing our expectations and concepts of service.

How do we challenge ourselves to think differently? Why are we doing what we do, the way we do it? Challenge the status quo and consider how things can be done better and differently through technology.

Think of all the services council provides and the many ways those services can be challenged. Watch this space, interesting things are happening.

Best wishes to all for a happy, safe, and Merry Christmas.

Cr Talis Evans (North Ward)

SPOTLIGHT ON STAFF:  
GREG GEORGOPOULOS  
Director of Infrastructure Assets and Environment

I am Prospect's Director of Infrastructure Assets and Environment. I love my job and I'm proud of my work but I want to shine this "spotlight" on my team. Why? Because I am very proud of their work and they, too, absolutely deserve their moment in the spotlight.

I'm an Australian with a Greek background and community is very important to me. I'm lucky because I get to serve my community. I know that what my team and I do, in a very real way, will have a lasting and profound impact on our community – both now and into the future.

I grew up with my Greek family in Mile End. My father drove a Valiant Safari station wagon and spoke with a thick, Greek accent, both of which mortified me. But it's only as an adult that I've come to appreciate the great courage it took for him to uproot his family and move to the other side of the world. He left everything he knew behind him and plunged headlong into the unknown. That's change. Real change.

As I drive along Prospect Road, I often reflect on the changes we've made to our city – changes for the better. We're lucky to have Elected Members with the breadth of vision, the intellect and the courage to take our community forward. Prospect Road is now a thriving Main Street – shops, cafes, boutiques. Not so long ago, we all hurried along Prospect Road to get to somewhere more interesting. Not anymore!

I'm delighted to reflect on the part I've played in this transformation but it would be a mistake to underestimate the challenges my team confronted and overcame. I'm proud of them because they embraced change which was both difficult and scary.

When I was driving around with my Dad in his Valiant station wagon, council workers were the butt of everybody's jokes. Some decades later I found myself in charge of Infrastructure Assets and Environment and teams of council workers. I remembered what Dad used to say and I wanted to change that stereotype, change the practices and break forever the image of the Australian council worker leaning on his shovel, with a fag hanging

**"I grew up with my Greek family in Mile End. My father drove a Valiant Safari station wagon and spoke with a thick, Greek accent, both of which mortified me. But it's only as an adult that I've come to appreciate the great courage it took for him to uproot his family and move to the other side of the world. "**

out of the corner of his mouth. To do this, I looked at the work we did and how we did it through the eyes of our community.

A big part of my strategic review was deciding whether or not we should outsource Prospect's City Maintenance work. It would have meant a loss of jobs, a loss of independence and great upheaval. In the end, we decided to keep the depot and City Maintenance. Yes, we retained the work and we rebuilt our workforce but I knew there was more to it than that. We absolutely had to reimagine the way we went about things. And we did. I'm proud to say that, now, the Prospect City Maintenance Team are best trained, best qualified and most strategic and productive council workers in the country. We are even equipped now to bring work in from other, less efficient councils if we want to.

In the 1970s, when my hard-working Greek father drove past a gang of council workers, he would say to me, "Grigori, look at those bludgers. They don't know how to work." But if he drove past one of our Prospect City Maintenance teams today, he would see a well-organised, proactive, doubly-skilled and strategically-oriented group of people.

I could look him in the eye and say, "Dad, we're the best at what we do. We know what we're doing, we're good, we're thorough, we're quick and we don't waste money."

This is my team. They are the people that deserve this spotlight. I'm proud of them.

# Technology in every book

The RFID system (coming in January 2016) replaces the current barcode system and scanner by utilising an RFID reader and microchip to identify items.

All South Australian public libraries are placing special microchips, known as RFID (radio frequency identification) tags on all items. The tags are central to a new digital system that allows:

- Rapid item checkout and check in
- The collection to be kept in better order
- Customers to self-checkout their own items and review their Library account
- Better overall stock control

## What is RFID?

Radio Frequency Identification (RFID) uses electronic tags attached to an item to enable identification from a distance without a direct line-of-sight. This is achieved using invisible radio waves over distances ranging from millimetres to hundreds of metres. Within a library, the RFID system replaces the current barcode system and scanner by utilising an RFID reader and microchip to identify items.

## How does RFID work?

RFID works by sending and receiving information via radio waves using Radio Frequency (RF) tags and Radio Frequency (RF) readers to transfer data. The RF tag receives radio frequency waves from the RF reader, using the energy from these waves to broadcast back the information located on its microchip via its tiny, built-in antenna.

## How will City of Prospect Library use it?

As well as the familiar barcodes, all our items now have an RFID tag. The tag allows library staff to quickly and accurately 'check in' resources as well as lend items out. In addition, our Library will have a 'Self Loan Station' that allows customers to checkout multiple items quickly and easily themselves – and be able to check their account.

## How will I check out my items?

We will be encouraging all customers to use the Self

Loan Station which provides library customers with a fast and simple check out service. Multiple items can be borrowed in the one process. With customers utilising the Self Loan Station, library staff will have more time to offer their skills and knowledge towards a greater number of beneficial and informative programs on the library floor, ultimately providing greater value to the Prospect community.

## What about returns?

Items will still be returned in the same way through the return chutes. No change.

## Will there be less staff to help me?

No. This technology has been introduced to improve customer service. Along with our collections, our staff are our best asset and will continue to help you. RFID technology simply provides our staff with an extremely effective means of managing the library collection, along with efficiently handling large numbers of loans and returns. You may like to ask staff to show you how to use the new self-loan kiosk, which they will be very happy to do, as many times as you need.

## Any other questions?

Please contact us if you have any other questions on phone 8342 8170, or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au)

## LIFT OFF! - PROSPECT LIBRARY CELEBRATES CHILDREN'S WEEK

Children's Week 2015 is a National Annual Festival and the theme this year was 'Children's Rights are Human Rights'. On Thursday 29th October, Prospect Library launched the refurbished children's area. A special Rhyme Time program saw children, parents, grandparents, care givers and invited guests gather to sing, dance and enjoy some delicious cupcakes. New modern seating, toys and a technology bench complete with iPads and gaming machines round out the new look.

Deputy Mayor Mark Groote spoke of the importance of learning and literacy programs for children in the community. He then went on to thank the Prospect Friends of the Library for their generous donation to refurbish the children's area.

It was also announced that the Prospect Toy Library will open the same hours as the Library from November 2015, which extends the service from 12 to 43 hours per week. Toy Library items can be borrowed and returned anytime the Library is open.

## CHRISTMAS ACTIVITIES AT PROSPECT LIBRARY

Tuesday, 15 December will see Sue Harris Puppets performing at Prospect Library as part of our annual Library Christmas Show. Sue will take to the stage from 7pm, and with her last performances being so popular, you might want to get there early to grab your seat! Bookings are not required and the event is free. Prospect Library will also offer a free surprise craft activity in the Library. Watch the Prospect Library Facebook page for more details.

## REGISTER FOR LOST WORLDS!

Underwater worlds, alternate universes, epic adventures, mythical creatures and so much more await discovery in this Summer's SRC program, Lost Worlds – what will you uncover?

The Summer Reading Club encourages children and young people to discover great authors and illustrators and to encourage a love of reading among children and their families. It is also a great boredom buster during the summer school holiday break.

Simply come into Prospect Library from Tuesday, 1 December 2015, to pick up your free reading pack and register to participate. The pack includes holiday activity sheets, the reading log and a special incentive gift.

Once you have completed the reading log of 10 books, bring it back to the Library before Sunday, 31 January 2016, to go into the draw to win an awesome prize from Prospect Library, or other amazing prizes in the Summer Reading Club national draw.

Summer Reading Club caters for children of all ages, with three levels provided as a guide so as not to restrict participants who are above or below their average age reading level. The age ranges include preschool (children under 5 years), primary (children between 6–11 years) and secondary (children 12 years and over).

**For more information please contact the Library on 8342 8170.**

PROSPECT PORTRAIT PRIZE

**6 Dec – 17 Jan**  
**Prospect Gallery, 1**  
**Thomas St, Nailsworth**

Our annual exhibition of portraits as interpretations and reflections of the subject, but not as a literal likeness.

Image: Image Courtesy of Country Arts SA

SUMMER SCHOOL HOLIDAY PROGRAMS

Prospect Library is holding four exciting school holiday programs across the Summer holidays for ages 5 and over. Activities include a movie screening in the Prospect Digital Hub, a bike safety session run by Bike SA, a multiplayer gaming session in the Prospect Digital Hub and a belly dancing workshop by Belly Dance Arabesque.

Bookings are not required for the school holiday programs, but children are encouraged to get there early as spots will fill up fast! A responsible adult must remain with children at all times when participating in children's activities.

**Movie + Popcorn**  
2.30–4pm Wednesday, 20 Jan

**Bike education**  
2.30–4pm Friday, 22 Jan

**Gaming**  
2.30–4pm Wednesday, 27 Jan

**Belly dancing**  
2.30–4pm Friday, 29 Jan

TOURRIFIC PROSPECT

**18 Jan, 5–11pm, Prospect Road, Prospect**  
Come along to Prospect's Village Heart precinct as it transforms into a family-friendly hub of street party excitement as part of the Santos Tour Down Under. Featuring a stellar line up of entertainment, market stalls, music and gourmet food catering to all ages and tastes, Tourrific Prospect is the place to be on 18 January!

UKULELE CHALLENGE

**18 Jan**  
**Prospect Oval, Menzies**  
**Crescent, Prospect**

Join City of Prospect as we attempt to break the Guinness World Record for the Largest Ukulele Ensemble! The song is easy to learn. Gather friends and join us for a history making moment.  
Register here: [www.prospect.sa.gov.au/ukulele](http://www.prospect.sa.gov.au/ukulele)

CLUB 5082

**7pm, 18 Jan**  
**Prospect Town Hall, 126 Prospect Road,**  
**Prospect**

To celebrate Tourrific, Club5082 will transform Prospect Town Hall into a tropical beach. Come dressed in your favourite loud shirt, board shorts and dancing shoes to show your support. It's going to be a night of great entertainment.

TWILIGHT CONCERTS

**Every Friday in February**  
**6.30–9.30pm**  
**Memorial Gardens, Menzies Crescent,**  
**Prospect**

Fill your soul with great music in a relaxed, yet vibrant atmosphere. Bring your family, friends and favourite picnic kit and you're all set for a memorable night under the stars. Unwind to the sound of a completely different music theme each week as you get comfortable over a drink and a bite as the kids roam the newly upgraded play-ground and other entertainment close by.

**5 Feb:** Party – Gumbo Ya Ya

**12 Feb:** Country – Country in the park

**19 Feb:** Jazz – Souzie D Wilson & the Coolmints

**26 Feb:** Latin – Soul Macumbia

PROSPECT FAIR

**19 Mar**  
**10am–4pm**  
**St Helens Park,**  
**Prospect Road,**  
**Prospect**

A family-focused fun day, showcasing the services, sporting, community and educational clubs and organisations we proudly acknowledge as the backbone of the community of Prospect.

PROSPECT FARMER'S MARKET

**3–7pm, every**  
**Thursday**  
**Vine St Plaza,**  
**Prospect**

Check out the fantastic range of fresh produce and other products available for purchase straight from the growers themselves.

AFRICAN TWILIGHT MARKET

**5.30–9pm, every Friday during daylight savings**  
**Vine St Plaza, Prospect**

Get a taste of African culture by perusing the many items available at the market stalls, and try some different cuisine – yum!.

DESERT ATLAS : WOVEN FROM MEMORY

**3 – 24 Apr**  
**Opening on 3 Apr at 3pm**  
**Artist: Koruna Schmidt-**  
**Mumm**

Artworks that were conceived by Koruna when living in Saudi Arabia, Woven from Memory is an exhibition of works using various mediums.

“Navigating a place in Saudi daily life was my biggest challenge. Inspired by weavings of unnamed artists and nomadic carpet makers, I made maps for my own desert atlas.”

## HOME EXERCISE & LIFESTYLE PROGRAM (HELP)

Want to learn home based exercises to improve strength, balance & independence?

Would you like to incorporate exercise strategies into your daily life at home? Does a family member require support to participate in exercises? The HELP program may just be what you are looking for!

Home Exercise & Lifestyle Program (HELP) is a home based exercise program for older adults in need of assistance and / or support to engage in exercise.

In conjunction with Active Ageing Australia, City of Prospect will commence the HELP program in February 2016. Program funding is provided by

Commonwealth Home Support Program (CHSP). The program will include:

- An instructional workshop with an exercise physiologist
- A booklet to help you continue exercises at home
- Telephone support
- A follow up workshop by the trainer

This empowering program:

- Encourages self-management
- Improves physical and mental health
- Aids in reducing risk of falls

**For further information contact Denise on 8342 8042. We also welcome enquiries from GPs, Clinics and health professionals.**

## School Holiday Activity for Pirates

Family friendly twenty/20 cricket match

Prospect Cricket Club (the Pirates) is joining with Rachel Lawrie from LJ Hooker Walkerville to provide a family fun day at Prospect Oval on Tuesday, 12 January 2016, gates open at 4:00pm.

The focus of the entertainment is a Family friendly twenty/20 cricket match, the Pirates vs Woodville District Cricket Club (The Peckers).

Twenty/20 matches are a shorter form of one-day cricket in which each team bats for a maximum of only 20 overs.

Entrance is free with an optional gold coin donation to support the McGrath Foundation.

"Everyone on the day will hopefully embrace the Prospect Pirate spirit, get excited and turn a little pink to support the McGrath Foundation", said event organiser Rachel Lawrie.

There are some awesome prizes and a fun time guaranteed with plenty of activities for the kids including:

- Prizes awarded for BEST dressed PIRATE "ARGHHH"!
- Raffles
- Bouncing Castles
- Treasure race and prizes
- Face Painting
- Pirate Treasure Race
- Triple M Monster Trucks
- Food tents

A great activity to entertain your kids during the School Holidays so be sure to pencil this event into your diary.

**Further information, please contact Rachel Lawrie by mobile: 0439 160 161 or by email: rachell@ljhookerwalkerville**

## & HOME ASSISTANCE & SOCIAL ACTIVITIES

### Business As Usual

As some of you know, Council's Home and Community Care (HACC) is now the Commonwealth Home Support Program (CHSP). If you are already using the Home Assist services and participating in the Social Programs, it's *business as usual* – please continue to contact our friendly team at Council for continued support.

However, **if for the first time**, you now require assistance at home or wish to attend one of the Council's social groups, you will need to contact *My Aged Care* before we can help you.

For residents of the Prospect and Walkerville council areas

**3** Ask to have **City of Prospect** as your preferred service provider. Then we can help you!

**2** Contact My Aged Care on 1800 200 422

**1** Need help at home? Looking to connect with your community?

IT'S HOW  
WE CONNECT

**WE'LL COME TO YOU!**

The NBN is finally here, and your local Telstra store now has in-home consultants to meet with you at your convenience.

If you are looking to connect to the NBN with Telstra, and need advice about how the NBN works, simply call Mark and arrange an appointment today.

**For your in home consultation contact:**  
**Mark Rayment 0457 581 305 or 8269 1294**

**BARNEY SMITH**  
LOCAL LICENSEE  
& RESIDENT

**Telstra Store Northpark**  
Northpark Shopping Centre 264 Main North Rd, Prospect PH: 8269 1294

THINGS YOU NEED TO KNOW: SERVICE AVAILABILITY: NBN not available to all areas, homes or customers. WI-FI SPEEDS: Actual performance depends on many factors including interference, device type and distance between the gateway and devices. To enjoy fast speeds, devices need to be AC compatible and connected on the 5GHz band. TM and © are trademarks and registered trademarks of Telstra Corporation Limited ABN 33 051 775 556. The NBN is a trademark of NBN Co Limited and is used under the license from NBN Co Limited.

## Christmas in Prospect

Excitement is building for two great post-Christmas Prospect events – proudly sponsored by Fenwicks.

### Tourrific Prospect Street Party 18th January

The best street party in Adelaide. For a swinging good time be at the "Fenwick Main Stage"

### Twilight Concerts in the Park every Friday evening in February

Sponsored by us since 1998, these ever popular community gatherings draw hundreds of people – including some who come from out of the area drawn by the reputation of fantastic music and good family fun. Commencing at 6.00pm every Friday in February, at the end of Flora Terrace Memorial Gardens. Come along and have the chance to win one of our Fantastic Fenwick prizes...

*May we wish you all a Merry Christmas  
and a Happy New Year.*
