# GANGAJANG ROCKS PROSPECT!

Australian music royalty GANGgajang rocked Eliza Hall in Prospect late last year!

City of Prospect was lucky enough to host the induction of the band into the AAMC SA Music Hall of Fame, followed by a performance with special guests.

Band member Geoffrey Stapleton has a rich connection with Prospect, as he is a gallery owner and local artist. Geoffrey and his wife Jude opened The Geoffrey Stapleton Gallery in Prospect in 2011 before relocating to the Wassail Wine Bar in 2014.

GANGgajang have been performing together for over 30 years with the band members remaining constant until the sad passing of bass player Chris Bailey in 2013.

Best known for their 1985 hit “Sounds of Then (This is Australia)”, the band has continued to record and tour with their latest single “Surfing Round The World” being released in early 2019.

Four of the original six members were born and raised in Adelaide. Chris Bailey, Graham “Buzz” Bidstrup, Geoffrey Stapleton and Robbie James and the band as a whole were recognised for their longevity and success in the music business.

GANGAjang have recently completed their Australia tour, which included bushfire relief charity concerts, and are planning to take a

break from touring. We congratulate the band on their induction and are honoured that we were able to host this fantastic event in our newly-refurbished Eliza Hall in Payinthe.

For more information about GANGgajang, visit their website at [www.gangajang.com](http://www.gangajang.com). You can view Geoffrey’s artwork at the Wassail Gallery at 95 Prospect Road, Prospect or find out more at <http://www.thegeoffreystapletongallery.com/>

# NUNZIA SHARES FRIENDSHIP WITH A SMILE

Between 1951 and 1968 around 42,000 Italians arrived in Australia under the assisted passage agreement between Australia and Italy. One of these new Australians was Nunzia Forlano.

As a young 22 year old, she arrived newly married to live in Adelaide with her husband Mauro. She was fortunate to join her sister and brother in law along with her mother to start a new life in Prospect away from her home in Abruzzo, Italy.

Although Nunzia spoke basic English when she arrived, she took it upon herself to continue to learn her new language as a self-taught student. She diligently read newspapers and books, watched TV and improved her English through employment at both Calvary and Memorial hospitals. She also kept

up her language skills with her daughter and son attending schools locally.

Nunzia is well-known for her huge infectious smile, her ability to connect friends, and her continuing advocating for others. Nunzia has assisted in translating for Italian women with very limited English skills, encourages neighbours to 'get out of the house' for a chat over coffee, and inspires many friends to attend social events at Council with the Prospect Community Support Team, like the monthly Community Lunch.

In short, Nunzia is renowned for sharing; sharing fruit from her own trees, sharing her cakes and recipes, but also spreading her enthusiasm and smile, and sharing friendships with others!

“...well-known for her huge infectious smile...”

## A voice for our youth

Council is seeking expressions of interest from young people aged 15 – 25 to join the YouthFM team!

YouthFM is a weekly radio show aired on Three D Radio 93.7FM on Thursdays from 4pm - 5pm. The program provides young people with a unique opportunity to access training and skill development in radio production and outside broadcasting.

YouthFM aims to give local young people a voice, raise awareness on issues that impact on young people, promote local events, provide air-time for local musicians and provide training, development and career pathways in radio production.

Four voluntary positions are available for Prospect residents. Successful applicants

must be available to attend three compulsory training sessions held in April school holidays on Wednesday 15 from 10.30am - 2.30pm, Friday 17 from 10am - 12.30pm and Wednesday 22 from 10am - 4.30pm, as well as a rostering meeting scheduled on Thursday 23 from 6pm - 7.30pm April.

The training and ongoing mentoring will provide participants with the necessary skills, knowledge and confidence to become a presenter at Three D Radio and assist with the preparation and delivery of one live to air broadcast per month.

For more information and to express interest, call our Youth and Live Music Coordinator on **8269 5355** or send our Club5082 Facebook page a message at [facebook.com/club5082](https://facebook.com/club5082).

# STREET LIBRARIES

The window to the mind  
of our community

You may have noticed little libraries popping up around City of Prospect over the past few months. These libraries are part of our Street Library Grant Program, with 10 library kits handed out to individuals, businesses and community organisations.

One street library was given to Prospect resident Merry Wickes, who has installed her colourful library out the front of her Milner Street home.

"I've always loved reading, books, libraries and bookstores and love sharing favourite books with others," said Merry.

"Not surprisingly, the idea of having a street library has long been an attractive idea for me so when I read that our local council was obtaining ten of them, and anyone in the community could put in a bid for one, I rushed off an application. And, lucky me, got this one. It came in unpainted timber, so I had the fun of personalising it with paint."

Merry's street library has already proven to be very popular, with book donations arriving before the cement for the post was even dry!

"Thanks to this sharing neighbourhood I've got plenty of books to keep the library well-stocked and frequently refreshed," said Merry.

"It's great fun to check each day and see what has disappeared and what's newly arrived."

Street Libraries are a window into the mind of a community; books come and go; no-one needs to check them in or out. People can simply reach in and take what interests them; when they are done, they can return them to the Street Library network, or pass them on to friends. If anyone has a book or two that they think others would enjoy, they can just pop it into any Street Library they happen to be walking past.

For a full list of street libraries in our Council area please visit [www.prospect.sa.gov.au/street-libraries](http://www.prospect.sa.gov.au/street-libraries).

## Off the Shelf: Book and DVD reviews

### The Suspect by Fiona Barton

Featuring journalist Kate Waters, this enjoyable thriller, this is the third book in the series by British born author Fiona Barton. The two earlier books in the series are *The Widow* and *The Child*.

Two young British girls go missing while travelling in Thailand, and the alarm is raised by their parents after they do not hear from them when arranged, especially as exam results have come out. Moving between one of the mothers, the detective, the reporter, and one of the missing girls, the tale is told by a different person in each chapter; thankfully the chapter headings identify who and when, as the story also shifts back and forth in time. After being tipped off, journalist Kate Waters is sent to Thailand to investigate and report the latest for her newspaper. Her son Jake is also travelling in the area, and she hasn't seen him for a couple of years but hopes to surprise him with a visit. Each new piece of information Kate uncovers just adds to her uneasy feelings about her son, as well as the fear felt by the families of the missing girls. The ending of the story is not as expected, and leaves the reader pondering family relationships.

### The Rocket - directed by Kim Mordaunt, starring Sittiphon Disamore, Loungnam Kaosinam and Suthep Po-ngam.

This prize-winning film, directed by Sydneysider Kim Mordaunt, has been around for some time now, released in 2013. It is a lovely heart-warming story about Ahlo, a young boy living in Laos, whose twin brother died at birth. In his village, it is believed that twins are bad luck and should be killed at birth as one will be blessed and the other cursed; since it is not known which child is which, it is best to kill both at birth. Ahlo lives, in spite of this superstition, thanks largely to his mother's determination. Some years later, the village is told to move as a dam is being built and the village will be flooded. Ahlo and his family pack up and move to a resettling village and on the way, bad luck strikes. He battles on, making a new friend or two, and eventually enters a spectacular annual festival that has villagers firing bamboo rockets into the sky to provoke the rain gods. This is a very moving and well-told tale, providing an excellent insight into a beautiful country still suffering from devastation resulting from the Vietnam War and bombings of Laos.

Facilitated by a range of local sports clubs and associations, with options including dance, karate, lacrosse, soccer, tennis and more.

## Get Active In The School Holidays!

We're inviting young people aged 5 – 16 years to Get Active and participate in Council's first sports program during April School Holidays.

The event will be held across various locations within our Council on Thursday 23 and Friday 24 April, providing participants with an opportunity to try new or different sport and recreation activities, all free of charge.

Fun 'come and try' sessions will be facilitated by a range of local sports clubs and associations, with options including dance, karate, lacrosse, soccer, tennis and more.

Get Active aims to boost young people's self-confidence, increase physical activity, provide links to local sports clubs, make new friends, and just have a good time!

Adult guardians are required to liaise directly with the activity provider to register, and must attend their nominated activity to supervise children. Participants are expected to bring a hat, water bottle, joggers and any required medication.

Spots are limited, to find out more visit [www.prospect.sa.gov.au/get-active](http://www.prospect.sa.gov.au/get-active)

### Roof Upgrade at Broadview Football Clubrooms

In January 2020, City of Prospect commenced refurbishment works on the Broadview Football Clubrooms including a new roof, removal of asbestos, and electrical safety upgrades.

Working in close collaboration with the Club, works were completed in February 2020. This project demonstrates our focus to continue building strong relationships with our sports community and our local community.

We thank the Broadview Football Club and our skilled trade contractors who completed the project on time and within budget.

Go Tigers!

### Female change room upgrade at Charles Cane / Parndo Yerta Reserve

In 2019, with support of BOSA Football Club and Eagles Lacrosse Club, City of Prospect successfully secured Federal Government grant funding from Sports Australia to upgrade the existing change room facilities to cater for female sporting participants.

The works included refurbishment of the change rooms to provide showers and toilets for use by male and female

sporting teams, new referee/umpire shower and bathroom facilities and, upgrade of the external public toilets.

BOSA Soccer Club, Eagles Lacrosse Club and Prospect District Cricket Club were instrumental in the successful delivery of the upgrade. We wish all the soccer, lacrosse and cricket teams a successful season in 2020!

# A rich history of our Toy Library

Kristina Barnett is well-known around City of Prospect, not only as a current Councillor, but as someone who has dedicated years of service to local community groups and wider services. But, did you know that she was instrumental in the establishment of the Prospect Toy Library and the Prospect Local History Group?

“The original toy library really started with a group of young mothers, driven by life circumstance and the community,” said Kristina. “A group of us would go out in cars with our children and visit the Unley Toy Library. One day, over coffee at someone’s house, we thought ‘why don’t we set one up of our own?’”

Through her role as Prospect City’s International Year of the Child Coordinator, Kristina headed up a local committee that established a community Toy Library run by volunteer parents.

“For the original toy library, we used to visit garage sales and hold fundraising stalls to stock the library,” Kristina remembered fondly.

David Kilner with Councillor Kristina Barnett

Originally the Toy Library was at Prospect Community House, then moved from Prospect Junior Primary School to Prospect Library, Nailsworth, and finally to its current location at the new Payinthe building on Prospect Road. So, the toy library has brought smiles to the faces of local children for nearly 40 years and across three separate sites!

Kristina was also instrumental in the establishment of the Prospect Local History Group, which has been, with its volunteers, providing local history resources and information since 2007.

“While I was Mayor, the then Library Manager and I had the same idea, around 2005, to form a Local History Group. We were able to set it up and it has been a great success story, with 19 publications and the restoration of the Prospect Air Raid Shelter,” said Kristina.

“I love doing the research side of new local history projects, including collating 407 local house names past and present,” said Kristina.

To find out more about the Toy Library or the Local History Group, visit our website at [www.prospect.sa.gov.au](http://www.prospect.sa.gov.au)

Deputy Mayor Matt Larwood.  
Photo by Chris North.

## Lacrosse – a sport for everyone

Central Ward Councillor and Deputy Mayor Matt Larwood was a student at Rosary School in Prospect when he first discovered his love of the game lacrosse. He is now President of the Eagles Lacrosse Club, based at Charles Cane /Parndo Yerta Reserve, as well as playing, coaching and volunteering for other duties.

“When I started at Rosary School in 1978, the only sport for females that the school offered was netball. But, when I was in year 3, a student arrived at the school who was into lacrosse. An advertisement then went out for anyone interested in lacrosse to meet on the oval and about 20 to 25 people showed up, which is enough people to form two teams.

“We ended up scoring three goals for the entire year, but then went on to win premierships,” said Matt.

The core group of original players went on to win 75 games in a row, which is an A Grade Australian record, and nine of the men went on to play for Australia, with one becoming the captain.

“The Eagles Lacrosse Club is unique in the way that it offers opportunities to play the game for boys and girls, men and women, from the

ages of 6 to 60. Lacrosse has always offered opportunities to males and females that that other sports haven’t always offered,” said Matt.

Future plans for the Club include partnering with local schools to engage more children in the sport.

“The club has been built on the hard work of our volunteers and funding from City of Prospect and now we can offer lacrosse opportunities to local kids,” said Matt.

“Our plans moving forward are to focus on partnering with local schools, like Blackfriars, St Dominic’s, Prospect Primary and Nailsworth Primary and offer scholarships and academy opportunities so everyone has the chance to play lacrosse.

“We offer opportunities for older juniors to get involved with coaching younger teams and they are mentored through the process and we provide start-up kits, uniforms and the free use of protective equipment, so it’s an affordable sport that is open to anyone.”

For more information about the Eagles Lacrosse Club please visit [www.eagleslax.com.au](http://www.eagleslax.com.au) or call President Matt Larwood on 0458 019 994.

# SUPPORTING OUR COMMUNITIES THROUGH GRANTS

Opportunities are available each year through Council's Community Grants program for local not for profit community groups to apply for financial support.

## Community Support Fund

This fund provides the opportunity for local groups and organisations to receive funding to support their activities and to develop new programs that will be of benefit to the Prospect community. Small grants of up to \$5,000 will be available through the Community Support Fund.

## Cultural Festival and Event Grants

This grant is to encourage community groups and cultural organisations develop and deliver a large scale and broadly accessible cultural festival or event for the benefit of our community.

In 2019/20, 25 groups received assistance to enhance their existing activities or to conduct new initiatives and programs with a focus upon positive benefit for our communities.

Activities included South Australian Bangladeshi Community Association hosting a multicultural festival and the Vietnamese Community in Australia to host a Vietnamese Full Moon Festival.

Major event grants of up to \$10,000 will be available through the Cultural Festival and Event Grants for activities and events held within City of Prospect.

All community groups and not-for-profit organisations are encouraged to apply for funding. Applications for the 2020/2021 Community Grants Program will be received from mid-July and close mid-September 2020.

For more information and guidelines visit [www.prospect.sa.gov.au](http://www.prospect.sa.gov.au)

## Valuer-General's Revaluation Initiative

City of Prospect has been identified to be included in Stage 2 of the Office of the Valuer-General's Revaluation Initiative, to be in place for the 2020/2021 financial year.

City of Prospect adopts and uses the capital valuations provided by the Office of the Valuer-General (OVG) for the calculation of council rates each year. The OVG is an independent Statutory authority, and their role is to provide fair and equitable valuations for properties in South Australia in accordance with the Valuation of Land Act 1971. Other organisations that utilise the OVG valuations are SA Water & Revenue SA.

In preparation for the 2020/2021 rating year, the OVG will be undertaking a

citywide review of property valuations. The purpose of this is to have more accurate valuation data for individual properties so that organisations such as Council have greater accuracy in their comparative rating.

Council is not yet aware of the impact on individual properties; however, we want to make sure that we keep our ratepayers informed of the project. We will continue to work with the OVG in the coming months to identify the impact on our ratepayers.

For more information please visit [prospect.sa.gov.au/revaluation-initiative](http://prospect.sa.gov.au/revaluation-initiative)

## Our volunteers are changing lives

To acknowledge the generous contribution of our local volunteers, City of Prospect will again formally acknowledge and say 'thank you' to our local volunteers during National Volunteer Week in May 2020. This year's theme is 'Changing Communities. Changing Lives'.

The census data tells us that 21% of our local population engage in some form of volunteering. Although this data has its limitations (only capturing volunteering through an organisation or church) it does tell us that of the 3.6 million people nationally who volunteer over the age of 15 years, City of Prospect is above the national standard.

If you are a volunteer, please accept a big heart felt thank you for the work you do!

## Citizen of the Year Awards

City of Prospect proudly presented our Citizen of the Year Awards at our **2020 Tourrific Prospect Street Party** on Monday, 20 January to the following recipients.

Robert Roocke was awarded the City of Prospect's **2020 Citizen of the Year Award**. Robert volunteers for various organisations within our community and was awarded life membership with the Prospect District Cricket Club for his 20 years' service, 15 of those years as junior cricket coach.

Robert joined Meals on Wheels in 2012, has been a member of the Prospect Rotary Club for 19 years, including serving as President in 2009/10, and has been awarded the Paul Harris Fellow Medal for good service on three occasions.

Robert mentors Year 10 students from Blackfriars, and for the last 10 years Robert has also volunteered at the Food Centre, an organisation that cares for 700 disadvantaged families, serving on the management committee where he has made a substantial contribution by assisting

with their policies and procedures.

This year we have dual recipients for the **Young Citizen of the Year**, and the winners for this category are both Charlotte Crosby and Max Weir.

Charlotte was concerned about children who had to stay in hospital being bored and she wanted to do something to help. Charlotte presented an idea to the Women's and Children's Hospital in 2016 at age 10. She is now working with the Women's and Children's Hospital Play Therapists and Foundation with her own charity, *Bags of Joy*, to raise money and provide sick children with bags filled with activities to keep them entertained whilst in hospital.

Max joined the STEMSEL (Science Technology Engineering Maths Social Enterprise Learning) Foundation when he was 11 years of age, which is where he developed his passion for technology, social enterprises and the environment.

After creating an automated compost bin

monitoring system, he entered his invention at the Royal Adelaide Show Inventions Competition in 2018 and took out first place in his category. His prize allowed him to enter into the Malaysian Invention & Design Society's World Young Inventors Exhibition in 2019. His project – titled 'Kids fight Climate Change with Artificial Intelligence' – was the only entry from Australia in the Secondary Level section of the competition.

The Broadview Football Club was presented with the **2020 Community Event of the Year** for taking a lead role in collaborating with three other amateur league clubs to arrange a "Community Day at the Footy" in August 2019.

The day was aimed at raising awareness and funds for causes including White Ribbon (Domestic Violence) and Pink Ribbon (Breast Cancer), with a feature of the day being a match between senior women's teams. A pink ribbon Broadview Football Club jumper was developed and worn by the team for the game.

## We are rising to the challenge

A message from Mayor David O'Loughlin

The state's highest growth in residential capital value, lowest main street vacancy rate, and most popular main street - our city is also the most awarded smart city in the nation this year. Our high profile is attracting steady main road investment and Payinthe is bustling with activity. Our city's a very different place to where it was just a few years ago.

So, what next? Take it easy, or keep striving to give you the best place to live, work and play? These are exactly the questions your elected members will be asking over coming months as we develop our new strategic plan and long-term budgets.

We'd also love to hear from you, via [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au) or contact me or any elected member.

So far, we have managed reasonably well. Our long-term rate trajectory has fallen at every review. This year's rate rise was lower than the state regulator recommended (before state bin tax increased by up to 40%) with our long-term outlook improving. Pleasingly, as your home values have risen, Council's rate in the dollar has fallen. And our borrowings are very manageable at much less than one year's revenue.

However, so much is tired and needs attention. Old sporting facilities, worn out roads, crumbling stormwater pipes, tired parks and playgrounds, inadequate street trees, bumpy footpaths and all the maintenance issues you could expect from a 148-year-old city.

With your help and inspiration, we know we can more than rise to the challenge!

Mayor David O'Loughlin starting this year's Loopy Kids race at Tourrific

## COME AND JAM WITH US!

City of Prospect's Club5082 is working in conjunction with Music SA and Headspace to offer Autumn Jams! This free three day masterclass focusses on song writing, arrangement and performance for young people aged 13–18 years, facilitated by members of Wolf & Cub, Cat Lucky, and other experienced Music SA personnel, who will all work with and mentor your teenager!

Participants will learn about the song writing process, common chord progressions, writing to a theme lyrically and sonically, choosing a feel, tempo, rhythm and developing a melody.

Ethan Hubbard, past participant said "the Jams workshop has helped me improve not only my song writing, but my relationships with others. I feel it has developed my ability to play comfortably with others and in front of crowds, even though I have horrible stage fright. I recommend this program for any musician who wants a career in music!"

Running from 14 to 16 April, participants will work together

to form bands and write, hone and perform music on stage to family and friends at a showcase event on the last night at Prospect Town Hall.

Alfie Rowson said "the Jams program was a fantastic experience because I got to interact with other like-minded musicians of similar age. We got to write a song and then perform it in front of a crowd. The staff are very friendly and caring, which made the experience even better."

The program is open to young people that live, work or study in City of Prospect with intermediate musical instrumentation or vocal experience.

For more information, and to register, call our Youth & Live Music Coordinator on **8269 5355** or send us a message to the Club5082 Facebook page at [facebook.com/club5082](https://facebook.com/club5082)

## Matinee series returns to Prospect

After a short hiatus, OOTS Matinee Series returns to Prospect Town Hall at Payinthe on a bi-monthly basis. OOTS stands for Out of the Square, a network of Adelaide suburban art centres that plan, package, programme and present the best possible arts and entertainment at convenient times to audiences outside Adelaide CBD.

You don't have to travel to the city, fight traffic and pay for parking to see quality entertainment – now it's just down the road from you!

The next show will be held on Wednesday 20 May from 11am – 12 noon at Prospect Town Hall. Harry Boulderstone and Marcus Ryan present Feelin Groovy, The Songs of Simon &

Garfunkel. The Adelaide-based duo faithfully capture the spirit and essence of the legendary folk duo as well as highlight the highs and lows of the pairs' career.

Tickets are \$20 each from Eventbrite at [feelinggroovy.eventbrite.com.au](https://feelinggroovy.eventbrite.com.au) or available over the counter at Payinthe, 128 Prospect Road, Prospect. For group bookings, and to receive information about future OOTS events, call our Youth & Live Music Coordinator on **8269 5355** or email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au).

An initiative of Cities of Tea Tree Gully, Playford, Prospect, Port Adelaide Enfield, Marion, Murray Bridge, Onkaparinga and All Sorts of Entertainment.

## Living Smart comes to Prospect

Join this unique course where you will meet people from our community, learn new skills and make lasting changes in your life. This course will feature international guest speakers, encourage interactive participation and provide you with practical ideas to 'live lightly'. You will develop knowledge and delve into living simpler with information about waste, energy, transport, water, gardening for biodiversity, gardening for food, a healthy you, a healthy home and community.

Living Smart is funded by the Natural Resources Adelaide & Mt Lofty Ranges (NRM) levy in partnership with Prospect

Local Environment Group (PLEG) and City of Prospect.

**When:** Every Wednesday from 6 May – 17 June 2020

**Time:** 6.30pm – 9pm

**Duration:** Weekly for 7 weeks, including a field trip

**Venue:** Irish Harp Room, Payinthe, 128 Prospect Road, Prospect

**Cost:** \$80 full price or \$40 concession

**Register:** [livingsmartprospect2020.eventbrite.com.au](https://www.eventbrite.com.au/e/livingsmartprospect2020)

**Enquiries:** Jo Anstey at [johanna.anstey@gmail.com](mailto:johanna.anstey@gmail.com) or Phone **0411 429 404**

## Don't let contamination make our recyclables go to waste!

Contamination refers to items that are placed into the recycling bin that cannot be recycled. There are several problems with contamination in yellow bins, including:

- Contamination costs you money. Reducing contamination will take pressure off of council rates.
- Contamination makes it difficult to sort materials for recycling, leading to increases in materials being sent to landfill.

*Top 5 items we need to keep out of our yellow lidded recycling bins*

1. Plastic bags. Bagged recycling cannot be sorted and is sent to landfill. Please place recycling loose into the yellow bin. Your soft plastics can be dropped off at REDcycle soft plastic collection points at Coles or Woolworths or placed in the waste-to-landfill (red-lidded) bin.
2. E-waste. E-waste is banned from landfill, and cannot go into the recycling bin.

Check the East-Waste's website for drop-off locations and further information.

3. Textiles. No clothes, textiles or fabric, as these materials get caught in the machinery. Take good quality clothing to a charity store. Old and worn out clothing can be reused as rags or placed in the waste-to-landfill bin.
4. Food and green organics. Place them in the green-lidded food and organics bin to be composted.
5. Polystyrene/foam. Items like meat trays, coffee cups and foam packaging contaminate recyclable materials as they break up into many small pieces when placed in the recycling bin. Avoid purchasing these items where possible or place in the waste-to-landfill bin.

Not sure which bin to use?  
Visit [www.whichbin.sa.gov.au](http://www.whichbin.sa.gov.au)  
or [www.prospect.sa.gov.au](http://www.prospect.sa.gov.au)

## Traffic changes to Collinswood

After extensive community engagement with residents in the suburb of Collinswood, changes to traffic conditions at Edwin Avenue, Rutherglen Avenue and Galway Avenue were implemented in December 2019.

The improvements that will assist to provide a safer road environment for all road users have included removal of right turns at Edwin Avenue and Rutherglen Avenue at the intersections with North East Road; left in only from North East Road into Edwin Avenue and Rutherglen Avenue, no through road to North East Road from Edwin Avenue and Rutherglen Avenue; and no stopping 7am-10am, 3pm-7pm, Monday - Friday on the east side of Galway Avenue between North East Road and Edwin Avenue.

Traffic data was collected prior to implementation of the changes and will also be collected mid-year to compare 'before and after' traffic volumes. A public forum will be scheduled in the later part of 2020 to share the traffic data results and seek feedback from the community regarding the effectiveness of the traffic changes.

# Create a wildlife friendly garden... better for birds and bees, you and me!

Gardening is a popular pastime and a great way to stay physically and mentally active and healthy. Establishing a natural habitat garden encourages native animals like birds, bats, lizards, frogs, butterflies and other insects to visit your garden. Not only will you be providing valuable habitat to native animals, you'll also be able to enjoy the wonders of nature right outside your window while reducing your carbon footprint, as plants soak up carbon dioxide and provide us with oxygen.

Creating a wildlife friendly habitat is easier than you think and can usually be done at little to no cost at all.

### Top 10 tips for a wildlife friendly garden

- 1. Plant local native vegetation
- 2. Use an assortment of plants that flower during different seasons or provide different resources for different species (e.g. butterflies need nectar to feed on as well as sedges or grasses to lay their eggs on)
- 3. Add layers to your garden by creating a combination of trees,

shrubs of varying heights, grasses and groundcovers

- 4. Leave a layer of mulch to encourage insects that in turn encourage lizards and birds. Mulch also improves soil condition, controls weeds and reduces evaporative water loss.
- 5. Practice responsible pet ownership. Keep your pets, especially cats, inside during the night to avoid them attacking wildlife
- 6. Add a nesting box, bee hotel, bird bath or pond
- 7. Pop a rock in a sunny spot for lizards, insects and frogs to use as a basking point
- 8. Use environmentally friendly alternatives to chemicals and pesticides whenever possible
- 9. Encourage your neighbours to create a habitat garden and share in the natural and native wonders in your own yard

For further information contact our Environment & Sustainability Officer by email [admin@prospect.sa.gov.au](mailto:admin@prospect.sa.gov.au) or phone **8269 5355**.

## Around our streets: works updates

### Main North Road - Tree Planting

In March-April 2020, Council commenced delivering a significant component of the Main North Road masterplan public realm upgrade, by planting 10 trees within the central median between Willcox Avenue and Kintore Avenue.

Planting the trees and improving the streetscape is part of Council's strategic vision to develop Main North Road as a destination; a place that will attract business investment and, by beautifying the public realm, will encourage pedestrians and cyclists to the area.

### Prospect Road Streetscape Upgrade

The final stage (Stage 5) of Prospect Road Streetscape Upgrade is nearing completion, with planting of 23 Jacaranda trees between

Regency Road and Angwin Avenue to be finalised by end May 2020.

Completing the final stage of the Prospect Road transformation over 20 years has resulted in a hugely successful outcome for the entire corridor between Council's southern boundary of Fitzroy Terrace and the northern boundary of Angwin Avenue.

The final stage has included undergrounding of public street lights, improved east-west crossing with construction of two pedestrian refuges, new, accessible, paved footpaths, improved inverts and crossovers (driveways) eliminating vehicle scraping, vegetation and tree planting, new kerb ramps at all intersections, extension of bike lanes.

### Churchill Road Streetscape Upgrade – Final Design Stage

Council is nearing completion of detailed design for the final stage (Stage 3) of Churchill Road, between Gurr Street and the northern boundary of Livingstone Avenue.

In recent years Council has completed the streetscape upgrade along Churchill Road across two stages between Avenue Road and Gurr Street. Improvements have included indented parking bays, new footpaths, extensive landscaping and east-west connectivity for pedestrians via construction of pedestrian refuges. The design will incorporate Water Sensitive Urban Design treatments where feasible to assist with stormwater management in this north west corner of City of Prospect.

This detailed design will assist Council to budget for the implementation and construction of this final stage in future years.

## Public Question Time: Be heard at Council Meetings

**H**ave a Question for Council? City of Prospect is committed to understanding the community's needs and to learn about your views.

After a successful six month trial, Council has resolved to continue Public Question Time indefinitely. We believe this is an excellent opportunity for the community to directly engage with Council, and members of the public are encouraged to come along to meetings and participate in question time. The nature of questions is subject to guidelines set out by the 'Code of Practice – Meeting Procedures'.

For further information, please contact us on **8269 5355** or visit our website [www.prospect.sa.gov.au](http://www.prospect.sa.gov.au)

**Dates:** every fourth Tuesday of the month, 7pm

**Address:** Payinthe, 128 Prospect Road, Prospect.

## KAURNA LANGUAGE IN PROSPECT

**K**aurna Warra Karrpanthi (KWK) is the leading group dedicated to Kaurna language revitalisation and maintenance. The traditional lands and language of the Kaurna people include the Adelaide Plains of South Australia.

Council has on a number of occasions consulted KWK to pursue an interest in the use of Kaurna language for naming sites and locations throughout our City.

Most recently, Payinthe was the name chosen for the newly constructed library, community hub and administration centre at 128 Prospect Road, Prospect. Payinthe is a simple translation into Kaurna of the English language phrase Good Prospect, with correct pronunciation being Pay-in-di.

Other examples of Kaurna language in use throughout our City are as follows:

**Payinthe is a simple translation into Kaurna of the English language phrase Good Prospects**

**Narnu Wirra** (Prospect Gardens)

**Payinthe yarta** (Prospect Oval)

**Yarnta Tutu yarta** (Broadview Sports and Recreation Precinct)

**Parndu yerta** (Charles Cane Reserve)

Council was keen to seize the opportunity of the new large property development at the northern end of Churchill Road to use Kaurna language for some of the new street names. When the development is finally opened you will be able to drive, walk or ride a bike down Parnta Avenue or Payinthe Drive or simply sit and enjoy the small park named Pingku Walk.

Each of these Kaurna words have the English language translation as follows:

- **Parnta** – Lime; limestone; brick
- **Payinthe** – Good Prospects
- **Pingku** – Bilby

Council's ongoing commitment to reconciliation with the Kaurna people is most strongly expressed through our Reconciliation Action Plan, which is available on our website [www.prospect.sa.gov.au](http://www.prospect.sa.gov.au)

## The introduction of the Planning and Design Code

**T**he Planning and Design Code (the Code) replaces all Council Development Plans across the State to become a single standardised source of online planning policy for assessing development applications.

The Code is being progressively introduced in three phases, with City of Prospect transitioning in Phase 3 on 1 July 2020. This follows a consultation period on the Code from 1 October 2019 to 28 February 2020 (led by the State) and a period for review of community and stakeholder feedback.

The new Code will contain maps, plans, overlays, zones, sub-zones and general development policies which together provide all the development rules that apply to a particular parcel of land.

You can have access to the Code and all supporting materials at [www.saplanningportal.sa.gov.au](http://www.saplanningportal.sa.gov.au). If you have any questions please email [DPTI.PlanningReform@sa.gov.au](mailto:DPTI.PlanningReform@sa.gov.au) or call **1800 318 102**.

## Be a part of the first community art show at Newmarch Gallery!

**B**udding, aspiring and experienced local artists are invited to submit an artwork for display in Newmarch Gallery as part of the 21st Prospect Community Show.

Returning to our exhibition calendar during the famous SALA event, artworks can be submitted by anyone who lives in, works in or has a strong connection to Prospect. The Community Show always delights, with a display as diverse in character as the people who love the city we live in.

There is no charge to participate and be a part of our thriving arts community. Artworks can be for sale and are commission free, so if your artwork sells you will receive the full sale amount. Opportunities will also be provided on the opening day for artists and community arts groups to book a stall for selling original arts and crafts.

Entry forms and details will be available from <https://www.newmarchgallery.com.au/>. With the deadline for artwork submissions on 30 June, now is the time to get creating!

And for all those exhibiting, as well as those of us who simply enjoy experiencing other's artwork, be sure to lock-in 3pm, Sunday 2 August into your calendar and we'll see you at the grand family friendly opening! The Community Art Show entries will be exhibited 2 August – 30 August 2020 in Newmarch Gallery.

## Do you have old photographs of the Prospect area?

**P**rospect Local History Group is on the lookout for old photographs of the Prospect area.

We are holding a special 'scanning afternoon' in History Month this year, run by volunteers from the History Group, with support from the Library. The photos will become part of the Library's photographic collection.

The event will take place at Prospect Library at Payinthe, 128 Prospect Rd, Prospect, between 2pm and 4.30pm. Scanning will take place on the spot and the photos will be returned.

The subject of the photo does not matter, as long as it was taken somewhere in the City of Prospect. We are after photos of people, houses, other buildings, a business, hospital, nursing home, school, surgery, events or indeed anything to do with our area, especially older photos.

We will ask you to sign a permission form for the Library to know you have given consent for the photo to be retained and used by them.

## Reporting an abandoned shopping trolley

**A**bandoned shopping trolleys are an eyesore and can be a danger to pedestrians and motorists when left hanging around in the streets.

We rely on members of the community to help keep the streets safe and clean, and stop shopping trolleys from being removed from shopping centres and dumped in local streets and parks.

For these reasons shoppers are encouraged to leave trolleys where they belong – at the supermarket in one of the designated trolley bays.

For shoppers who do take a trolley, don't forget to return it to the shops and please don't leave it in the parks or streets.

To report an abandoned shopping trolley, visit [www.prospect.sa.gov.au/abandoned-trolleys](http://www.prospect.sa.gov.au/abandoned-trolleys) or phone us on **8269 5355**.
