FRINGE FEVER RETURNS TO PROSPECT FOR 2023

After back-to-back successes in 2021 and 2022, the Prospect Fringe is returning in fine form for 2023.

From 17 February to 19 March 2023, a diverse program of music, arts, cabaret, theatre, children's events and comedy will be taking over a variety of Prospect venues, including the heritage-listed Eliza Hall at Payinthe, cafes, cinemas, galleries, libraries, Prospect Memorial Gardens, Vine Street Plaza and other quirky venues.

Enjoy this slice of festival life on your doorstep!

Keep up to date with Fringe artist announcements by following us on Facebook, Instagram and Twitter, and by visiting prospect.sa.gov.au/prospect-fringe

Twilight Sessions

Make the most of balmy summer nights with the return of Twilight Sessions this February!

Each Friday night, Prospect Memorial Gardens transforms into the perfect setting to wind down with family and friends, featuring free live music, a variety of kids activities and delicious local food vendors.

Best of all, it's free!

For more information, visit prospect.sa.gov.au/twilight-sessions

Club 5082 gig guide

Summer is here and the entertainment is heating up at Club5082!

We've got a diverse line up of concerts scheduled for 2023, appealing to a range of ages and musical tastes. Don't forget – your first drink is on the house!

Grab your mates and make a night of it on Prospect Road.

Stay up to date with upcoming acts by scanning the QR code.

FESTIVITIES IN PROSPECT

Prospect is coming alive this Christmas!

City of Prospect is turning Payinthe into Christmas HQ with a fabulous range of festive-themed activities.

From elf-themed craft activities to story time with Santa and opportunities to give back, we encourage you to get into the jolly Christmas spirit and make the most of council's programs and initiatives.

For a full list of Christmas events and activities happening in and around Prospect, visit prospect.sa.gov.au/Christmas-in-Prospect

Give the Gift of Reading

Prospect Library has teamed up with Vinnies once again to help spread literacy and Christmas cheer to children experiencing disadvantage.

Through the Give the Gift of Reading initiative, we're encouraging members of the community to buy a children's book to donate to Vinnies.

The Give the Gift of Reading book donations will be distributed to local families in Christmas hampers.

To donate, people can collect a gift tag from the Prospect Library, purchase a children's book and drop it off at the library from 21 November until 10 December. Books will be presented to Vinnies on 12 December.

Letters to Santa

It's confirmed - Prospect has a direct line to Santa this year!

Prospect Library can send everyone's letters and wish lists straight to the North Pole to make sure a reply is received before Christmas Day.

To take part, collect your festive letterhead and envelope from Prospect Library and write your letter to Santa.

Remember to write your name and return address on the back so Santa knows where to send his reply.

Once completed, letters to Santa can be placed in the big red Santa Mailbox, with families encouraged to lodge their letters before Friday 16 December so Santa can reply before loading up his sleigh.

Jump for joy with craft this Christmas

Santa's creative and clever elves are excited for Christmas – are you?

This December, the Prospect Library are providing take-home craft kits to make your very own jumping elf puppets!

Children (or adults) can make easy jumping elves that leap up and down when you pull their strings.

Once completed, hang your elf on a hook or door handle. When you pull the strings out to the side, the elf will jump up, then jump down when you bring your hands back together.

For more information, visit Prospect Library and chat to our friendly staff.

CHRISTMAS CLOSURES FOR 2022/2023

Payinithi, including council offices, Prospect Library and Newmarch Gallery, will close for the Christmas period from 1pm on Friday 23 December 2022 and will re-open at 9am on Tuesday 3 January 2023.

Some council services will be affected over the festive period.

JUSTICE OF THE PEACE

If you urgently require a JP during the holiday period, visit sa.gov.au and search 'Find a JP'.

LIBRARY ITEMS

Due dates will be automatically extended until after the Christmas closure, and the after-hours returns chute (located at the front entrance of Payinithi) will be open

for returns across the holiday period. Please note toy library items cannot be returned during the closure period.

BIN COLLECTION

Bin collections will continue as scheduled. Visit eastwaste.com.au for more information on waste collection and recycling tips.

EMERGENCIES

In the event of a council-related emergency, calling **8269 5355** will transfer you to our after-hours service centre.

For more information on City of Prospect's Christmas closures, visit prospect.sa.gov.au/christmas-closures

Santa visits Payinithi

We've heard a rumour that Santa will be stopping by Prospect Library to say hi to the all the children attending the last sessions of Story Time and Rhyme Time for the year.

Be sure to bring your pre-schoolers to Story Time at 11am on Wednesday 14 December, and your babies and toddlers to Rhyme Time at 11am on Thursday 15 December to say g'day to the jolly man in the red suit!

Community Events

The greater Prospect community are also getting into the Christmas spirit.

For more community Christmas events, visit prospect.sa.gov.au/christmas-in-prospect

Carols in Prospect

Lions Carols in the Park
Friday 2 December at 6.30pm
Memorial Gardens,
Menzies Cres, Prospect

Carols at St Cuthberts

Sunday 18 December at 7pm

Menzies Cres, Prospect

Twilight Christmas Markets

Pop up market with stalls, food, and entertainment including animal farm and jumping castle.

Saturday 26 November
3pm - 7pm

Paisley Park Early Learning Centre,
Johns Rd, Prospect

Markets in Prospect Christmas Markets

Pop up markets, live music, VIP visit from Santa and kids Christmas activities.

Saturday 17 December, 8am – 4pm

Sunday 18 December, 8am – 3pm
Vine Street Plaza, Prospect

Where's Rudolph?

We've heard a rumour that Rudolph will be visiting Prospect in the lead up to Christmas!

From 1-23 December, Rudolph will be hiding in businesses along Prospect Road, giving away daily prizes to those who find him first.

Curious? To find Rudolph, follow Prospect Road on Facebook and Instagram for updates and keep your eyes peeled!

PROSPECT'S INTELLIGENT COMMUNITY CELEBRATED ON GLOBAL STAGE

Sometimes it's so easy to get caught up in the day to day, you forget just how far you've come.

Recently we have been provided with an opportunity to reflect on City of Prospect's social and digital successes when we were named as a finalist in the global Intelligent Community of the Year Awards.

The Intelligent Communities Forum (ICF) is a global network that connects cities and regions across five continents to collaborate on economic development and community growth in the digital age. Each year, the ICF crowns one city its Intelligent Community of the Year.

City of Prospect's journey began earlier this year when the council area was selected as one of the Top 7 Intelligent Community Finalists. While compiling materials for each stage of the award nomination process, we were reminded of the many innovative council and community-led initiatives that have transformed Prospect into such a

desirable location for people to work, live, study, connect and play within. This included GigCity high-speed internet connectivity, innovative community consultations, Council's state-of-the-art Payinthe building, imaginative STEM education programs in local schools, environmental initiatives, and collaborative works with community artists.

Through our many interviews with community members, including artists, residents, school students, businesses, Members of Parliament and CEOs, we were again reminded of those within our community whose passion, talent, and drive has contributed to making Prospect the vibrant urban hotspot it is.

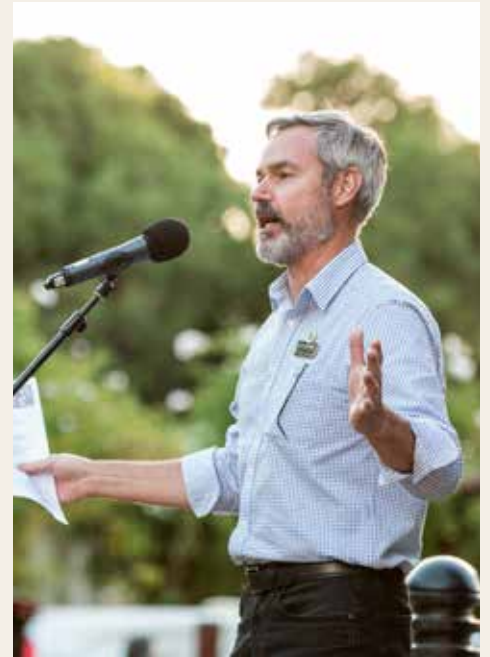

At October's Intelligent Community Forum Global Summit in Ohio, our delegates were invited to speak on the development of our community and the benefits of collaboration. We received a lot of interest in our innovative businesses, sustainable solutions and pioneering community that have revolutionised Prospect.

Although City of Prospect didn't win Intelligent Community of the Year (Congratulations to the winner, New Taipei, Taiwan!), we were both honoured and humbled to be in the running. Being named a Top 7 finalist represents that we are charting new paths to lasting prosperity for our residents, businesses and institutions. We appreciated the opportunity to showcase our intelligent community on the global stage, and to reflect on the transformation Prospect has undergone.

Whilst in Ohio, we also welcomed the opportunity to visit the local council, City of Dublin. It was a fantastic opportunity to learn how they operate, share knowledge and draw parallels between what each council is implementing within their respective communities. We look forward to drawing on these learnings and considering opportunities to integrate them into our own operations.

While looking back has made us proud, with a community as unique, eclectic, innovative and, of course, intelligent as ours, the future for Prospect is even more exciting.

MAYOR'S MESSAGE

The opportunity to lead your council for 16 years has been an extraordinary privilege.

Working together we have achieved so much: a vibrant Village Heart, a beautified Churchill Road and Devonport Terrace precinct, undergrounding of power lines and beautification of Prospect Road, the upgrade and creation of many new play spaces, the consolidation of staff and services in the wonderful Payinthe building, and the soon-to-commence Broadview Community and Sports Hub redevelopment.

We have become more inclusive in our decision making, with extensive community consultation on everything from annual budgets to playground upgrades to our largest building projects. Did you know we implemented a 15-person Community Reference Group to help guide the decision making on our Payinthe project? Similarly for the Devonport Terrace upgrade and the Broadview Community Hub

redevelopment. We are now a hands on decision-making community.

We are still the only council in South Australia to have optic fibre to every single home and business across the city. We are safely future proofed in this regard.

Botanic High School and being (mostly) included in the highly sought-after city school zone was another major achievement on behalf of terrific local activists like Catherine Symes. You may recall I ran for state parliament in 2014, but did you know I refused to run unless Labor promised a second city high school? Then-Premier Weatherill himself made the promise to me. Labor won, funding and constructing the \$100 million school almost exactly where I asked for it, resolving a decades-old shortfall.

Sharing the bouquets and also retiring is long-serving Councillor Allen Harris, much loved for his passion for many causes including our work with native title holders the Kaurna Yerta

Aboriginal Corporation, listening and learning how we can form a local treaty to guide collective decision making in future. The very talented Councillor Steven Rypp is also retiring having recently relocated to nearby Town of Walkerville, hopefully to continue to make a positive impact.

My sincere thanks to the elected members who have served us all, and to the staff and CEOs over my tenure. Thank you so much.

To my wonderful wife Alison and son Jack, thank you both so much for your support and patience over many years.

Finally, congratulations to the newly elected Council. May you serve us well.

The opportunity to lead your council for 16 years has been an extraordinary privilege.

City of Prospect thanks David O'Loughlin for his service and contribution to our community

Peppermint Gums Reserve

OPEN SPACE UPGRADES

Better access and density of green spaces lead to a happier and healthier community.

Parks and reserves have been shown to improve social cohesion, encourage social interaction with those outside our regular social circles, support community mental health and promote active living.

Open green spaces also provide many environmental benefits, including lowering the temperature of their surroundings.

Whether you use one of Prospect's 24 parks and gardens as a place to gather with friends, a safe space for your children to play in, or to maintain an active lifestyle, we're committed to providing our residents and visitors with improved open spaces.

RL PASH RESERVE

We are pleased to announce RL Pash Reserve (corner Collins St and D'Erlanger Ave, Collinswood) is now in the planning stages for an upgrade with community consultation to commence in late October to work with the community to develop a design. We will also develop a stormwater solution that has been identified at this park as part of our endorsed Stormwater Management Plan which will add to broader water quality benefits downstream.

For more information on the RL Pash Reserve project, read the Council Report from the August Council Meeting, found here (item 10.2): prospect.sa.gov.au/rl-pash-reserve-upgrade

PERCY STREET RESERVE

The upgrade at Percy Street Reserve (65 Percy Street, Prospect) now has a draft concept design prepared from two rounds of consultation with the community and stakeholders. We identified the importance of considering the straightening of the reserve's western boundary to ensure our community feels safe when using the park, the result of which may alter the current draft design.

Staff have progressed negotiations with the property owner impacted and a way forward will be presented to Council in the coming months.

Once Council has considered all options, we will finalise the concept design. For more information, visit at prospect.sa.gov.au/percy-street-reserve-upgrade-round-2

PEPPERMINT GUMS RESERVE

We are also planning the upgrade for Peppermint Gums Reserve (Corner Dean St and Barker Rd, Prospect). We recently ran a second round of consultation on a draft concept plan. The draft concept plan included new play equipment, sheltered family picnic area, BBQ, multi-use court and a looped running/walking track. We are currently finalising the design based on the feedback received and will prepare costings for construction for Council's consideration in the 2023/24 financial year. For more information, visit prospect.sa.gov.au/peppermint-gums-reserve-upgrade-round-2

MATTHEWS RESERVE

At the August Council meeting, the decision was made to put the Matthews Reserve upgrade on hold until next financial year, and to instead focus our resources and budget on the planning and design of RL Pash Reserve. This decision was made as a result of receiving \$250,000 of State Government funding towards RL Pash Reserve, as part of an election promise to the local community and Member of Parliament Lucy Hood.

IRISH HARP RESERVE

There has been a slight delay in the commencement of construction on Irish Harp Reserve (350 Regency Road, Prospect). We now expect construction to commence in the second quarter of 2023. For the latest information on this project, visit prospect.sa.gov.au/irish-harp-reserve-upgrade

We'd like to thank our community for providing us with insightful and valuable feedback during the planning and design phases of the current open space upgrade projects. Your feedback allows us to better cater for resident needs and ensures our open spaces are inclusive for all.

Broadview Community and Sports Hub construction commencing

The Broadview Community and Sports Hub redevelopment is an exciting project for our community. Following extensive community consultation and planning, construction will commence in late 2022 and is scheduled for completion by late 2023.

Broadview's suburban character is known for its leafy eucalyptus trees, green grass and natural earth tones, which has influenced the design of the new Broadview Community and Sports Hub.

The new building will encompass two levels, providing the community with multiple views of both the oval and surrounding park areas. Level one will feature full-height windows and balcony featuring glass balustrades, allowing for uninterrupted views of the oval in the foreground and rolling hills in the background. The upper-level features a for-hire function space with the flexibility to be split into two, supporting increased community use, along with a kitchen, bar and additional amenities.

An exciting new feature is the provision of additional changerooms and amenities to support increasing participation in football, particularly for women.

Other additions include a gymnasium available for community use, modern home-and-away changerooms, a medical room, two accessible toilets and a café/kiosk. The ground floor main entry is easily accessible through an automatic sliding door, while level one can be accessed either via the internal stairs or lift, or externally using stairs on the oval side of the facility.

When the redevelopment is completed, the new community asset will perfectly suit its surrounding urban and landscape identity with natural materials and hues, art deco influences, Australian eucalypt tones, sandstone and a greying tree bark colour palette.

This is an exciting time for the City of Prospect, and a great opportunity for the community to benefit from this investment.

While the new hub will provide a reinvigorated home for the mighty Broadview Football Club, the community space on level one provides flexible options for community groups to casually hire this space.

Community groups are invited to nominate their interest in hiring the function space within the building. Council staff are available to discuss ideas and thoughts further.

Contact City of Prospect on **8269 5355** or at admin@prospect.sa.gov.au.

For further background and future updates on the Broadview Community and Sports Hub redevelopment, visit cityofprospect.engagementhub.com.au/broadview-community-sports-hub

LET'S AVOID, REDUCE, RE-USE, RECYCLE AND COMPOST THIS CHRISTMAS!

Save both time and money with these great tips from our mates at East Waste.

Avoid

- 7/10 Australians received at least one unwanted gift at Christmas. Find out what your family and friends really want or consider an experience gift instead.
- Buy only what you need. Make a shopping list and avoid the deals.
- Opt for a real tree over plastic! It'll fill your home with a fresh pine scent and can be either mulched or cut up and disposed of via your green bin post-festivities.
- Let people serve themselves to avoid over-catering.
- Store leftovers efficiently. Store food in airtight containers, keep fruit and veg in the fridge and freeze food near its use-by date.

Reduce

- Save time, money and hassle by embracing the Kris Kringle method and purchase one quality gift per person.
- Provide rechargeable batteries and a recharger pack with any battery-operated gifts. It will save money longer-term and ensure that less batteries are used.

Re-use

- Buy quality decorations that can be reused for multiple years.
- Consider making your own Christmas decorations using natural materials such as gumnuts, shells and pinecones.
- Make your own Christmas cards using anything from magazine clippings to pressed flowers.
- Create unique wrapping paper using brown craft paper and potato stamps. This makes a great holiday activity for kids!
- Purchase pre-loved gifts and items made from recycled materials.

Recycle

- Recycle bottles and jars (plastic and glass), cards, cans, foil trays (give them a quick clean first), cardboard boxes (crush them down to make more room in the bin), foil wrappers (scrunched into a fist sized ball), milk, juice and custard cartons, tins and paper wrapping paper.
- Cellophane can be recycled in the REDCycle bins found at Coles and Woolworths.
- Rinse and empty containers before placing them in the recycle bin.

- Place items in loose and not in a plastic bag.

Compost

- Fruit and vegetable scraps can be composted or added to your worm farm.
- Place food scraps including meat, seafood, bones and dairy, unwanted leftovers or spoilt food in your green bin.
- To avoid the smells from seafood and food scraps in the bin, wrap them in newspaper and store in the freezer until the night before your bin collection. Place a reminder on your fridge or bin so you don't forget to pop them in the green bin.

Cities Power Partnership pledge

City of Prospect is looking forward to working with more than 170 councils across Australia to tackle climate change locally and promote sustainability within our community as part of the Cities Power Partnership.

With an aim of a zero-carbon emissions future, the Cities Power Partnership focuses on supporting and celebrating local councils across the country who succeed in reducing community carbon emissions.

As part of the partnership, local councils are asked to make five pledges within the categories of renewable energy, efficiency, transport and working in partnership.

Council recently met to decide on the five pledges City of Prospect will work towards as part of the partnership.

Our pledges are:

1. Install renewable energy (solar PV and battery storage) on council buildings.
2. Adopt best-practice energy efficiency

measures across all council buildings, and support community facilities to adopt these measures.

3. Roll out energy efficient lighting across the municipality.
4. Ensure council fleet purchases meet strict greenhouse gas emissions requirements and support the uptake of electric vehicles.
5. Encourage sustainable transport use such as public transport, walking and cycling through council transport planning and design.

To deliver on our pledges, we plan to undertake an energy audit of council buildings, install renewable energy as council building assets are upgraded, and investigate the rollout of LED lighting across all streetlights.

For more information on the Cities Power Partnership, visit citiespowerpartnership.org.au/

BRUNCH HOTSPOT BRINGS ASIAN FUSION TO PROSPECT ROAD

Inspired in name by the colourful leaves of autumn (kōyō) in Japan, Prospect Road's newest restaurant offers a modern Japanese cultural and dining experience.

A locally-owned business, the sisters behind Koyo are excited to share their dream brunch spot with their local community after 18 months in the making.

The brunch hotspot has already gained a loyal following across social media platforms Instagram and TikTok, with diners posting mouth-watering photos and videos showcasing a range of contemporary and traditional Asian-fusion dishes, including the chicken katsu sando, crisp okonomiyaki (Japanese vegetable pancake) and the restaurant's signature dry ramen, served with teriyaki-glazed pork belly, egg noodles, tare, ajitsuke egg, nori butter, onion and leeks.

Koyo's name isn't the only aspect of the restaurant influenced by Japanese autumn. The colour scheme of crimson, burgundy, oranges, and yellows, coupled with thoughtful design creates a sophisticated yet warm aesthetic synonymous with the transitional season.

Whether you're seeking the perfect brunch with a stunning backdrop or a matcha latte, Koyo is sure to please.

You can find Koyo at **132 Prospect Rd, Prospect**, or on Instagram at **@koyo.adl**.

New retail to discover in the heart of Prospect

Two artistic retail experiences are now trading on Prospect Road.

Paintelaide

"I always wanted to be a part of this warm and accepting community".

Leaving behind a career as a research analyst, Palavi Kokil (pictured top-left) and her husband (and now business partner) moved to Australia from India. Not long after settling in Adelaide, Palavi decided to return to her previous pastime of painting and "just couldn't stop".

After hosting sell-out events as part of the Prospect Fringe in 2021, Palavi and her Paintelaide 'paint and sip' workshops received overwhelmingly positive feedback from the art-loving Prospect community. So much so that she changed her entire business' pop-up model to set up a permanent base right here on Prospect Road!

From regular 'paint and sip' ticketed events teaching you how to mimic the masters, pottery painting workshops, to creating

tailored group 'paint and sip' parties, Paintelaide provides the opportunity to celebrate special moments.

Paintelaide's new studio can be found at **120 Prospect Road, Prospect**.

Ready to paint? And sip? Visit **paintelaide.com.au** for upcoming sessions times and to enquire about private events.

Artisans of Prospect

Artist-run cooperative Artisans of Prospect provides a platform for local artists to promote and sell their wearable and usable art and the unique experience for shoppers to meet the maker behind these gorgeous products. Constantly changing, you can expect an array of locally and handmade jewellery, beauty products, pottery, candles, vintage clothing, wellness support and bespoke items for yourself and loved ones this Christmas.

Discover the temporary pop-up shop within the Coles complex at **144-150 Prospect Road, Prospect**.

PROSPECT ACTIVE WALKERS

Are you looking to improve your fitness and make new friends? Look no further than the PAWS Heart Foundation Walking Group.

While making friends is one of the main reasons new walkers join the group, there are a number of reasons the current members joined.

After retiring, Glenys needed an activity to occupy her time and to meet people in her local community. She is now a dedicated walk organiser for a half-hour walking group known as Prospect Active Walkers (PAWS).

Julie is a walk organiser for the one-hour walking group and feels PAWS provides the benefit of regular exercise and enjoys the company of a wonderful group of people from diverse and interesting backgrounds.

Whereas when Lee joined PAWS, she began walking one day a week. Over the years, she's become a walk organiser and enjoys walking followed by catching up for a coffee. Meanwhile, Geoff joined the group after he suffered a heart attack. Looking to increase

his fitness post-retirement, he is one of the regular walkers. He also enjoys the conversation and coffee after the walks. PAWS walk in and around Prospect up to three mornings a week, with many of the walkers staying on afterwards for coffee and a chat. To learn more about the Prospect Active Walkers, including walking times and meeting locations, prospect.sa.gov.au/activities-club-directory. Alternatively, call Lee on **0417 002 720**.

Melissa Scott pictured with South Australian Petanque League President, Stan Wilson

Van Nguyen and Stan Wilson

Prospect Petanque Club's Six a Side champions (from left to right): Melissa Scott, Gavin Scott, Van Nguyen, Ha Nguyen, Janet Jenkin and Michael Frodyma

A championship year for Prospect Petanque Club

The unlikely sport of petanque is putting Prospect on the map!

A type of bowls originating from France, it's a game that can be played at any age and without previous experience, Allan Sanderson, prominent Prospect Petanque Club member, says.

Taking over the vacant Prospect Gardens Women's Bowling Club in Buchanan Street more than 25 years ago, Prospect Petanque Club was founded in 1996.

Now, the club is celebrating their latest victories, having recently won a number of statewide and national competitions.

Allan believes the success of the club has been building for the last two years, and is owed in part to a local family.

"The club was fortunate to secure the membership of the Nguyen family from Vietnam, in particular Van Nguyen who was a member of the Vietnamese National Petanque training squad. Van's wife, Ha Nguyen, has also returned to playing," Allan said.

"Van's presence at club practice and on match days has inspired other members to become more focused on their own training and competitive play."

Two club members, Melissa and Gavin Scott, have spent as much time as possible practising and playing with Van.

Melissa in particular has benefitted from the coaching, going from never having played competitive sport to winning the South Australian Women's Championship two years in a row, and her team placing second at the 2022 National Women's Triples Title.

Van has also enjoyed success since joining the club, having won multiple statewide championships, including the Men's Precision Shooting Title and the SA Men's Singles Championship. He also won the National Open Triples Championship with fellow club member Gavin Scott, and friend Harold Dercy from Sydney.

The local club has also pioneered a unique 'Six a Side' competition, which has brought them further success.

"Our games are usually played in the doubles format, with some competitions in the state league played in teams of three," Allan said.

"The success of our six-person team in the last two years has widened our base of quality players who enjoy the winning success and the comradery of playing in a larger team environment.

"It's not easy to win. It took Prospect seven years to win our first sixer competition. Now we don't want to let the title go!"

Interested in giving petanque a go? Allan says the club is always happy to welcome new members.

"Petanque can be played at a competitive level or, like many of our members, played for the social interaction," he says.

"We provide initial coaching about the game to new members and work with them to choose their preferred path in our sport."

Visit the club on Wednesday evenings or Saturday afternoons to experience petanque, or find out more online at prospectpetanque.com.au.

HOP ABOARD THE COMMUNITY BUS

Meet Emma (pictured right), one of our staff at City of Prospect who says City of Prospect's community bus is fun to drive.

"Driving the community bus is a fulfilling experience, as people in the community really love seeing the bus driving around the streets of Prospect," Emma says.

"Children wave with big smiles on their faces as they see the bus go by!"

Emma believes the community bus programs offer residents the opportunity to explore Prospect, try new activities such as visiting local shopping centres and the Prospect Library, and assists them in maintaining a full social life.

"Knowing that we offer this service is a great option for people to keep in mind when wanting to get out and about."

Would you like transport to assist with your weekly fresh food and grocery shopping, postal or banking needs?

City of Prospect offers door-to-door shopping services to take you to and from Northpark Shopping Centre. Hop aboard the community bus to do your shopping, meet with friends for a coffee, or browse through over 40 specialty shops and fashion boutiques in the one convenient location.

The Community Bus Shopping Service is available Tuesdays and Fridays. Pick up is from 8:30am with drop off after 10:30am.

Our regular Community Bus Shopping Service will conclude for 2022 on Friday 16 December. We are offering a special Christmas shopping service on Wednesday 21 December. Shopping services will then resume as usual from Tuesday 10 January 2023.

Do you wish to visit Prospect Library, but can't get there?

The community bus also offers a door-to-door service to and from the Prospect Library, located within Payinthi at 128 Prospect Road, Prospect. Select items from the library shelves, discover new books, DVDs and CDs on offer, or visit the Newmarch Gallery to enjoy

the latest art on display.

The Community Bus Library Service is available each Tuesday. Pick up begins from 10:15am and drop off from 11:30am. Please note that the last library service will be Tuesday 13 December and return on Tuesday 10 January 2023.

The bus is wheelchair accessible and fitted with handrails and seatbelts for passenger safety. Shopping and library services are available to residents of any age living within City of Prospect council areas (subject to eligibility and availability).

For more information, and to book your seat on the bus, please contact the Prospect Community Support team on **8342 8091**. The team will return in the New Year on Monday 9 January 2023.

I hope you can join me!

"I've had a fabulous day out here at Carrick Hill," Erika of Prospect said.

"This door-to-door social day out is one of the many day trips I attend as they allow me to discover new sights and venues in and around Adelaide."

On Tuesdays, Erika participates in the Friendship Group. She says she loves being part of this group and enjoys playing cards and bingo whilst laughing and chatting over morning tea because the atmosphere is welcoming, friendly and supportive.

The Prospect Community Support team has a range of day trips and events, exercise

programs and friendship groups, giving you the opportunity to connect with the local community and get you out and about metropolitan Adelaide.

Below are some of the activities on offer for 2023. Please note that participation in these activities require you to be aged 65+ and be registered with My Aged Care. Programs are funded by the Commonwealth Home Support Program (CHSP) through the Department of Health and Aged Care.

Hotel lunch group First, second and third Mondays of each month

Enjoy the company of others over a meal at various metropolitan venues.

This group will recommence on 5 February.

Friendship Group Tuesdays each week

Enjoy connecting with others over morning tea and participating in indoor activities including bingo.

This group recommences on 17 January.

Shopping for fun Wednesdays monthly

This shopping experience will take you to various Adelaide shopping centres every month. You can enjoy a coffee or lunch,

window shop or grab a few bargains when this program returns on 22 February.

Men's Shed Wednesdays & Thursdays each week

Blokes can enjoy a cuppa with your fellow fellas, learn new woodworking skills, enhance existing skills and develop valuable friendships.

The fellas will be back on Wednesday 18 and Thursday 19 January.

Day trips and events

We have a range of day trips available, including to coastal and Adelaide Hills locations, cinemas, museums and galleries.

Being active

Whether it's aqua aerobics, chair-based exercises, Strength for Life circuit training or our Dynamic Balance for Life falls prevention program, our team are sure to have an exercise class suited to you. If you are wanting to regain your fitness and maintain your wellbeing, ask the team for more details.

We're also looking to expand our social activities and events to the broader community in 2023, so watch this space!

Please call the Prospect Community Support team on **8342 8091** for further information. The team will be unavailable from Friday 23 December 2022 to Monday 9 January 2023.

CHRISTMAS CHEER FROM PROSPECT TO OUR TROOPS

including a contribution from Mrs A Wilson of Clifton Street in Prospect.

Mrs Wilson's billy was gratefully received by Lance Corporal N. R. McKinnon, 24th Battalion, 6th Brigade, who wrote:

"This is the first opportunity I have had for answering letters for some weeks, and I thought I could not do better than thank you for your gift 'billy' before I answered my other correspondence.

"The 'billy' came to hand on Christmas Day. We were camped on Lemnos Island then having evacuated the Peninsula a few days previously.

"After a stay of about two weeks, we left Lemnos, and are now in Egypt, preparing for a Turkish advance on Suez.

Well, my dear friend, I must conclude, as we have not much time for letter writing now; but I will write more fully later. Thanks very much again."

The call for Christmas billy cans had gone out in October 1915, with some interesting guidelines, including painting the cans a dull brown so the glittering tin didn't attract enemy fire.

As for the contents, the instructions were explicit:

"It is thought this billy should contain – (1) chocolate, (2) tobacco in tins, (3) cigarettes in tins, (4) pipe, (5) dried fruits in tins, nuts, (6) game, puzzle, or musical instrument. List of other articles suitable to send in billy: Playing cards, simple housewives (a type of sewing kit), pocket mirror, boot laces, cigarette papers, watch straps, safety pins, cigarette lighters, post cards, indelible pencils, pen knives, small books, cheese, butter scotch in tins, sweets, figs or prunes in tins, cocoa, soup tablets, chicken essence, sardines, potted meats, bonbons.

As fun is the spirit of a Christmas packet, include plenty of jokes, funny riddles, sketches, limericks, mouth organs.

A post card addressed to yourself might be returned by the man in the trench. Write a note, it is usually appreciated. Pack tightly. Fill in any spaces with tissue paper, which is useful. Send cigarettes and tobacco in tins - not paper."

Read more about the Christmas billies in the Prospect Local History Group's book, *Stories of Prospect Past*, available for purchase on their website, prospecthistorygroup-adelaide.com.au or from Prospect Library, 128 Prospect Road, Prospect.

As thoughts turn to Christmas, we look back to 1915 during a time when the people of Australia banded together to send some festive cheer to troops in the Dardanelles.

Organisations such as the Red Cross and the Australian Comforts Funds helped add to the festivities in the form of care parcels. One of the most popular in the First World War was the Christmas billy, given to Australian soldiers in December 1915 together with a plum pudding.

The billies were mostly compiled by families back home in Australia -

Mayor AA Stevens with plans for new municipal buildings, September 1962

Sesquicentenary

This year marked the sesquicentenary (150th anniversary) of City of Prospect.

The greater Prospect area was originally part of the District Council of Yatala, a large council area that struggled to maintain roads and bridges with the rates that were paid. As time progressed, boundary changes were made, and new councils created to adequately cater to the growing needs of residents and traders.

Residents of Prospect were concerned they were being forgotten, and their rates were not being invested into local infrastructure to support them. A petition was circulated, followed by a counter petition, but eventually the decision was made for the greater Prospect area to have its own council. On August 1 1872, the new District

Council of Prospect was proclaimed, and the first meeting was held on August 5 1872.

Fast-forward 150 years, and we've celebrated this milestone with a variety of activities, including a jam-packed History Month in May, and the Mayor's dinner in August marked the momentous occasion with a sesquicentenary theme.

The wider community has also celebrated the 150th anniversary of City of Prospect. Prospect Theatre for Young People worked throughout the year to create a play that celebrated snippets of our local history, allowing local children to learn more about the origins of our city.

We've enjoyed looking back on the history of our council and look forward to seeing what the future brings.

COMMUNITY ART CHAMPIONED BY LOCAL FOOTBALL CLUB

A stobie pole at Prospect Oval has been given a facelift thanks to artist Diana Waters, community footy fanatics, and a City of Prospect Public Art Grant.

Artist Diana Waters was engaged by council to restore the original Prospect stobie pole art, which was championed by artist and local resident Ann Newmarch in 1982.

Diana, who has gained a reputation across South Australian councils as an artist with the skills and talent required to repair stobie pole art, worked with passionate North Adelaide Football Club supporters after they recently requested council revitalise the vibrant art.

The stobie pole is a valued community tribute to footy legends Barrie Charles Robran and Ian Lawson McKay.

Barrie Charles Robran, Member of the Order of British Empire, is a former Australian rules footballer who represented North Adelaide in the South Australian National Football League (SANFL) from 1967 - 1980. He won South Australian football's highest individual honour, the Magarey Medal, on three occasions – 1968, 1970 and 1973.

Ian (9 March 1923 – 3 April 2010) was also an Australian rules footballer who played with North Adelaide in the SANFL. He played a total of 164 games for North Adelaide.

Check it out next time you're in Prospect Memorial Gardens or heading to the oval to support the Roosters!.

Community Service Awards

People like Ian Teague remind us there is more to life than our jobs and social circles.

Ian was nominated for our Community Service Awards by the Kiwanis Club of Prospect (pictured above) for his many years of service and commitment to volunteering in their local community projects.

As well as assisting with fundraising, Ian plays a lead role in providing maintenance and gardening at Prospect's Michael Rice Unit, which provide accommodation country and interstate families while their child is undergoing cancer treatment.

In 2021, Ian worked independently due to COVID restrictions. He used his initiative and innovative thinking to repair and maintain the aging facilities at minimal cost with fantastic outcomes and has spent many hours assisting in constructing a shed for the Michael Rice Unit, including concreting and fit-out. He has updated the onsite play

equipment, cut back trees and gardened whilst continuing the overall maintenance of all the units and facilities.

Ian is always ready to help, which he does quietly, efficiently, and selflessly for others. People like Ian are the backbone of the City of Prospect community and make Prospect a great place to live.

Our Community Service Awards recognise and acknowledge individuals like Ian who take the time to help others, in particular the vital role they play in making our community stronger, as well as community groups and sporting clubs.

The program is community-driven, recognising that our community is best placed to know and appreciate those within their own community, group or club who should receive an award.

Is there an individual, community group or sporting club you want to see recognised? We want to celebrate their efforts! Get in touch with our Volunteer and Community Programs Coordinator on **8269 5355** or admin@prospect.sa.gov.au.

For further information, or to nominate online, visit prospect.sa.gov.au/community-service-awards

SUMMER READING CLUB STARTER PACK

SUMMER READING CLUB

The Summer Reading Club encourages people to discover great authors and illustrators and develop a love of reading, as well as being a great boredom buster during the school holidays.

So how does it work? Simply go to the website cityofprospectlibrary.beanstack.org from Thursday 1 December 2022 to Tuesday 31 January 2023 and register to participate.

After registering, visit Prospect Library at **128 Prospect Road, Prospect** to collect a registration pack for the challenge kick-off. The pack includes holiday activity sheets, the reading log and a special incentive gift.

Once the reading log has been completed, participants will go in the draw to win a \$50 voucher to use at a local Prospect business of their choice.

The Summer Reading Club caters for all ages, with three levels provided as a guide so as not to restrict participants who are above or below their average age reading level. The age ranges include children aged 5-12, children between 13-18 and adults 18+.

For more information, please contact Prospect Library on **8269 5355**.

Step into the Studio

Experiment, play, and create. It's never too late to learn a new skill or try something out of your comfort zone.

Prospect Library has launched a new series – Step into the Studio.

Local South Australian artists have been engaged to deliver workshops that showcase and teach their art practice to the community.

We have a variety of different artists from printmakers to ceramists, and more to come. Each workshop is released on the first

Monday of each month and are for all adults, no matter what stage of your creative journey you are at.

We will also be expanding the program in the summer school holidays for a week of Step into the Studio – Mini Addition for families and young people to get making together.

Get excited, make some mess and Step into the Studio with us.

Spaces are limited. Monthly workshops can be found online at prospect.sa.gov.au/Step-into-the-studio

For further information, please contact Camille Fitzgerald on **8269 5355** or at admin@prospect.sa.gov.au.

Seed Library

The Prospect Library Collection is growing – plants!

Our new Seed Library encourages residents to have a go at making their own seasonal gardens.

Introduced in time for spring, thanks to a generous donation from the Prospect Community Garden, the collection can be found near the gardening section on the ground floor of Payinthe.

How it works:

- We provide seeds with some basic instructions
- Take them home and help them grow
- At the end of the growing season, harvest seeds from the successful plants, and return some back to us so everyone can enjoy the benefits, greening even the smallest of gardens, and encouraging seasonal eating.

More fun and exciting collection news is coming – watch this space!

Library programs

The library isn't just a place to access books and information. At Prospect Library we offer a wide range of programs for people from all walks of life and interests.

At their core, library programs provide a range of life-long learning workshops and activities for the community. From cultural interest and creative communities, recreation and connection, wellbeing and personal development, learning, and literacy.

To find the latest program, follow the prompts via the QR code. We promise there is something for everybody!

2023 at the Newmarch Gallery

Newmarch Gallery will serve up another year of eclectic contemporary exhibitions set to spark imagination and stimulate discussion in 2023.

Local favourites will make an appearance, including the Community Art Show in partnership with the SALA Festival.

The Local Schools Art Exhibition will return, bigger and better than ever. The 2023 program also includes the Prospect Portrait Prize, a national portrait prize art competition held every two years.

For the latest exhibition information, visit the Newmarch Gallery website at newmarchgallery.com.au

PROSPECT PORTRAIT PRIZE

Zoe Freney, 2021 Prospect Portrait Prize Winner, believes Newmarch Gallery to be a professional and supportive gallery that allows local community to engage with the work of practicing artists.

Inspired to make the most of the space after the gallery's namesake, Ann Newmarch, a local community artist and strong advocate for the visual arts, Zoe says her art practice explores the domestic space and experiences of mothering that counteract the traditional motherhood stereotype.

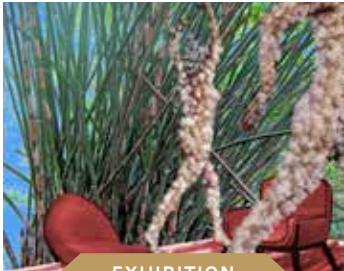

"Newmarch was an outspoken feminist in her life and art, so it feels fitting for me to show my work here," Zoe says.

Newmarch Gallery will once again host the Prospect Portrait Prize in 2023.

A national biennial prize, the Prospect Portrait Prize is the longest running prize of its kind in South Australia, with portraits in any medium welcomed.

Keep up to date with current and upcoming Newmarch Gallery exhibitions at newmarchgallery.com.au.

Art Walk

Winter is just a memory at this time of the year, but we simply had to revisit the Prospect Art Walk.

For the second year, 'art walkers' embarked on a self-guided adventure exploring Prospect's streets, laneways, hidden nooks and local businesses to discover Adelaide's best emerging and established creative minds.

Despite the slightly wet and windy weather, crowds braved the cold to be warmed by fire, food, light, music, crafts and a variety of artistic displays.

Some highlights included the new community art show at Newmarch Gallery, a pop-up shop hosted by Artisans of Adelaide, an in-house tattoo studio, iconic artist KAB101 creating a new live mural amongst fire, sound and sculpture installations in Honeysuckle Lane and existing local street murals coming to life via augmented reality.

It was great to see the outdoor and indoor areas light up with a wide range of artistic endeavours – keeping Prospect's focus on art front and centre.

A big thanks to all the creatives, businesses, locals and visitors who attended for a night of immersion in public art.

Spring Fair

After a three-year wait, the Prospect Spring Fair returned momentarily to Broadview Oval/ Yarrta Tutu Yarta on Saturday 29 October.

A fun-filled day out was had by the community with markets, show rides, delicious food, children's activities, live music, arts and crafts, flyball, giant games, local clubs and services and much more.

A new much-loved feature of the event was the Glam Adelaide Dachshund Mini Dash that saw 30 sausage dogs race to be the fastest dachshund.

It was great to see many two and four-legged locals enjoying the sunshine and celebrating the fair's return.

City of Prospect thanks its generous principal sponsor Harris Real Estate Prospect for their ongoing contribution and support of this event.

Blocked drains causing issues in Prospect.

Scan for discount!

Blocked drains are a major issue and can eventually lead to slow water drainage, corrosion of pipes and even flooding.

There has been an increase in the number of blocked drains in Prospect, with one case particularly trying for the homeowners.

After having their drains cleaned every three months, this family was fed up with the ongoing costs of the problem.

Russell Dent from RD Plumbing solutions says this is not uncommon.

"We see this every day, families are being fed this idea that they need ongoing maintenance," Russell said.

"While they needed their drain cleaned, we were able to completely remove the issue with the use of our hydrojet and drain camera to find what the actual problem was - a large crack in the drain. "This was permanently fixed with our no dig, no fuss, no mess pipe relining method which ensured the blocked drain issue was something of the past."

RD Plumbing Solutions wants to help more families in Prospect with their pesky blocked drains. The team is happy to offer a free drain camera inspection with every blocked drain service in Prospect, this normally costs \$315 inc GST.
