Opinions in this paper may not be those of the Editorial team or City of Prospect.

EMBRACING GREAT PROSPECTS

What a terrific launch into summer we have had at City of Prospect, led by the opening of our new Council and community building, Payinthe, on Prospect Road.

The new facility encompasses the Town Hall and music programs, civic centre, services and staff, library, children's area, rear deck, maker spaces, history collection, meeting rooms and our Newmarch Gallery. Payinthe means good prospects and marks the first time we have used a Kaurna word to name a Council building.

The building officially opened its doors on 14 October, which created a buzz around the facility and Prospect Road, with many visitors through the door throughout the day, including hundreds of primary school students from across the area.

"It's beautiful, it's welcoming, it's comfortable and thoroughly engaging if the wonderful feedback from the community is any guide," said Mayor David O'Loughlin.

"Payinthe is our community's new home base. With the State Government declining to renew our lease at Thomas Street due to huge enrolment growth at Nailsworth Primary, we turned our loss into a community gain - and our community owns it in every way!"

"Many thanks must go to our hard working Community Reference Group for the project,

with representatives drawn from every user group of our old facility. Their care and love is evident in the building design and finishes. Thanks also to the Prospect Art Action Network, Public Art Advisory Board, and the project team, including key council staff who, together with elected members left no stone unturned to deliver a fabulous facility within our budget constraints."

Our new Chief Executive Officer Nigel McBride also started with us on the very same day we opened the doors of Payinthe!

"Nigel brings new energy, ideas and a first class network of contacts throughout the business and development sectors in South Australia which we intend to use to attract and guide a range of quality investments along our corridors including Main North Road, the northern gateway to the CBD and the burgeoning northern economy," said Mayor O'Loughlin.

The theme new beginnings is also reflected in this edition, and future editions, of Your Prospect. You will notice a new look and we hope you enjoy it as much as we do.

"Prospect Road recently won the Most Popular Main Street award, just one more sign that our community loves the new buzz around the city and all it has to offer. I can't wait for our summer events season to start - it's so good to see locals enjoying everything on offer," said Mayor O'Loughlin.

Find out more about our new building by visiting prospect.sa.gov.au/payinthe and head to page 19 to see more photos.

DO YOU WANT TO WRITE TO SANTA?

Australia Post is encouraging children to write and post their letters and wish-lists to Santa Claus early to ensure they receive a reply from the Big Man before Christmas Day.

To take part, send your festive letters to Santa, North Pole, 9999, with a 65-cent Christmas stamp on the front of the envelope and your name and return address on the back so Santa knows where to send his reply.

Parents and children who have low vision can opt-in to receive a large text reply from Santa by sending their letters to: Santa Mail (large text) North Pole, 9999.

Santa Mail letters can be placed in any dedicated Santa Mail box or red street post box, with families encouraged to lodge their letters before Friday, December 13, so Santa can reply before loading up his sleigh.

“Santa Mail letters can be placed in any dedicated Santa Mail box or red street post box”

Council services over the festive season

Payinthe (Council Office, Library and Newmarch Gallery) will close for the Christmas period from 1pm Tuesday 24 Dec 2019 to Wednesday 1 Jan 2020 (inclusive). Payinthe will re-open on Thursday 2 Jan 2020.

Some other Council services will take a short break over the Christmas period and return in January. Visit prospect.sa.gov.au/christmas-closures for more information.

Who has the best Christmas lights in City of Prospect?

Have you seen some magical Christmas light displays and want to share the location with others?

We are putting together a list of the streets within City of Prospect with festive light displays. We will list the street names on our website for everyone to enjoy!

To let us know about your light display, or one you have seen in our community, please fill out the form at www.prospect.sa.gov.au, email us at admin@prospect.sa.gov.au or give us a call on 8269 5355.

* Please note that we will only be publishing street names, not numbers, for privacy reasons.

WELCOME NIGEL MCBRIDE TO PROSPECT!

City of Prospect welcomed
our new CEO, Nigel McBride,
in October.

Nigel, a prominent business leader and senior lawyer, stepped down on 2 July after seven years as head of Business SA. In that role, he passionately supported South Australia’s business and employer community, and he championed the state locally, nationally and internationally. He has a wealth of CEO experience, strong networks and proven capability across the public, commercial and not-for-profit sectors.

“To me, City of Prospect exemplifies everything we want to be in South Australia; agile, intelligent, creative, sustainable, globally connected with cutting edge digital infrastructure and very much open for business,” said Mr McBride.

Mr McBride was thrilled to be able to turn his talents towards City of Prospect and its community.

“Prospect has long been a leader in digital transformation, business development, and community engagement,” he said.

“It has a wonderful inner-urban vibe that’s attracting both young professionals and young families looking for a great lifestyle as well as new business opportunities. I look forward to being a part of the City’s next exciting chapter of growth and success,” he said.

In his down time, Nigel has a passion for great design, travel, live music, interesting food and cooking and entertaining Finbar, his family’s “very indulged Welsh Terrier” (pictured with Nigel).

Twilight Sessions return in February

The highly-anticipated Twilight Sessions are set to return every Friday night in February 2020 at Prospect Memorial Gardens from 6.00pm to 9.30pm.

The Twilight Sessions are FREE live music events, which feature different artists each week. In addition to listening to the ambient tunes there will also be free activities for children, market stalls, pop up food trucks and a VW mobile cocktail van.

Pack a picnic rug, delicious platter, an esky and of course, your good vibes and set up a comfy patch on the grass. Let the music and ambience take over for the evening in this relaxed atmosphere.

Bring your friends and your family and get in early to secure a prime position!

For further information call 8269 5355 or visit www.prospect.sa.gov.au

Proudly Sponsored by Fenwicks Real Estate

A REMARKABLE LIFE

December 2019 marks the 125th anniversary of landmark legislation that enabled women in South Australia – for the first time anywhere in Australia – to vote in general elections, and to stand as members of Parliament.

To acknowledge this milestone, we celebrate the remarkable life of Dr Ruby Claudia Emily Davy, a former resident of Prospect.

Dr Davy was a gifted musician, composer, music teacher, conductor and performer and in 1920, Ruby and her mother opened the Dr Ruby Davy’s School of Music in Prospect.

In 1935, she established the Davy Conservatorium of Music in South Yarra, Victoria.

Early in 1939 Dr Davy organised a three year lecture and recital tour of England and Europe. Between engagements, she made several recordings with Decca Records and the BBC. In May 1940 she gave a recital in New York and later for the American

Broadcasting Company.

In 1941 Dr Davy founded the Society of Women Musicians of Australia and remained its President until her death in 1949.

Remarkably, Dr Davy was the first person in Australia to become a Licentiate of the London College of Music (1913), and was the first Australian woman to become a fellow of Trinity College of Music, London (1921), the first to be awarded outside England.

The first Australian woman to receive a doctorate in music as a pianist, Ruby was not only the first woman to earn this title at Adelaide University, but also the first woman to gain a Doctorate in any faculty. To read more about Dr Davy’s remarkable life, visit www.prospect.sa.gov.au

Around our streets: works updates

New Playspace and Dog Park at Broadview

We are delighted to have received grant funding to redevelop the Broadview Playspace and dog park within the Broadview Oval precinct. We have incorporated requests from community feedback and the project will include a new playspace, mound slide, new dog park, new turf, art, seating and drinking fountains. The new playground will be designed as family friendly and will cater for people of all ages and abilities. We anticipate commencing the project in the first half of 2020 and it is due for completion by December 2020.

New Playspace and Fitness Hub at Charles Cane Reserve/Parndo Yerta

Having secured grant funding to deliver a new family friendly area, playspace and fitness hub, we are preparing to deliver the project, due to commence mid-2020 and due for completion in December 2020. The project will include a playspace, new pathway, fitness hub and entry statement. The entry statement at the corner of Churchill Road will welcome visitors and contribute to a new look for Churchill Road.

Roadworks - Our annual roadworks program will commence in early 2020 and the following roads will be treated.

• Briar Lane	• Kingdom Place	• Murray Street
• Dora Street	• Lavender Lane	• North Street
• Edinburgh Street	• Le Cornu Street	• Prospect Terrace
• Fitzroy Terrace Service Road	• Le Hunte Avenue	• Second Avenue
• Fuller Lane	• Maud Street	• Stuart Road
• Gladstone Road	• Mawson Street	• Willcox Avenue
• Kingdom Lane	• Mona Place	• Winter Terrace

Main North Road - median greening project

As part of greening main traffic corridors within City of Prospect, we will be planting 10 trees in the centre median of Main North Road, within proximity of Prospect Oval. Works will commence early 2020, in preparation for tree planting in May/June 2020.

PROSPECT ROAD

Prospect Road, known for its creative art scene and indie sensibility, is now becoming a vibrant and eclectic precinct. The introduction of the Palace Nova Prospect Cinemas has injected a visible buzz and vibrancy into our local economy. Prospect Road is a lifestyle and entertainment mainstreet that lives and breathes historic charm and contemporary sophistication.

Experience a contemporary lifestyle, fine dining, boutique shopping, date night, entertainment, and street art.

Visit Prospect Road in search of a perfect weekend outfit from Le Toko, Lula Blu, or Montaigo Style Domain. Gift shop at EKTO Living or Retrovintage for someone special. To breathe new life into a once loved outfit, you could head to Vinnies or Mekko Market and Café.

Experience inner-metropolitan café and brunch culture at New Nordic or Café Komodo. Visit Prospect Road for the iconic Muratti cakes, barista coffee, and family-friendly vibe. Don't forget to bring your doggo along too!

Enjoy precious family moments at Cotto, The Upside on Prospect, or CIBO (while your little ones play in Vine Street Plaza or attend activities in the new library facility). Shop for beautiful children's gifts in Parthenon Emporium or Millars Marvelous Toy Shop (while you treat yourself next door in Wild Fusion).

If you love trying new flavours and foodie experiences you should visit Prospect Road's Meze Mazi, Spargo's, Pun Thai, or Cyn City.

Discover a boutique cinema experience accompanied with date night dining at Rosemont Hall, Café Di Roma, Jiro Sushi Train, and Al Mina.

Enjoy the laneway vibe and picturesque lighting as you venture down to Anchovy Bandit or Wassail Wine Bar for a cocktail or late night nibble.

Make time for yourself at SJ Establishment, Swerve Hair, Wellness Eyecare, Fringe Kinetics, Khrome Hair Studio, or Beauty By Kirsty.

Make Prospect Road your meeting location, with so many coffee options around various professional and allied health services.

Discover the unusual, quirky, and hidden gems in the heart of City of Prospect.

Prospect Road - Discover More.

IMMUNISATION CLINICS BACK AT PROSPECT

Eastern Health Authority (EHA) provides free immunisation services to residents on behalf of City of Prospect.

EHA provides vaccines recommended for children and adults on the National Immunisation Program (NIP) to people with a current Medicare card. EHA also provides the School Immunisation Program (SIP) and adolescent catch-up programs for students in / residents of EHA council areas. Annual flu vaccination, including adults and children eligible to receive free flu vaccine under the NIP, is also available.

During the past two years, City of Prospect residents have been invited to attend EHA's St Peters clinic while the redevelopment of Payinthe was in progress. Immunisation services are now available in Prospect on the second Friday of the month (excluding public holidays) from 10am – 12.00noon at Payinthe (128 Prospect Road). Drop in, no appointment is necessary.

Should Fridays not suit your schedule, City of Prospect residents are welcome to attend any of EHA's clinic locations at Burnside (Tusmore), Campbelltown, St Peters, Unley and Walkerville (Gilberton).

Visit www.eha.sa.gov for the timetable, clinic locations or to make a booking. Phone **8132 3600** for further information.

Make connections & boost motivation

We all know one of the most popular forms of activity is walking. Walking helps to reduce stress and build a healthier body.

City of Prospect wants to encourage a healthier community and has an idea of setting up an evening walking group for those who are interested. The advantages of walking with others are safety in numbers, socialisation and improvement of your overall quality and enjoyment of life.

City of Prospect continues to support the Prospect Active Walkers (PAWs) a Heart Foundation Walking Group. Prospect Active Walkers walk three days per week on Mondays, Wednesdays and Fridays from 8am to 9am and the walkers tell us it is the social contact that keeps them walking. On top of their regular walks they like to get together socially whether for a coffee after the walk or a bite to eat at a local café.

If you would like to be involved in an evening walking group or know more about the Prospect Active Walkers, visit our website under 'things to do in and around City of Prospect' or contact the Volunteer and Community Programs Coordinator, on **8269 5355** who is happy to get you started.

Sing along with our singing group!

Did someone ask if Prospect has a community choir I can join?

Yes, we do, and it's a fun, welcoming group that doesn't take itself too seriously.

It's all about enjoying the simple joy of singing with others without the stress of having to make a regular long term commitment. Actually, the term Choir seemed a bit too formal for this group, the members want to be known as Prospect Singing Group. All of the members are keen to be welcoming regardless of anyone's singing ability.

The group has been meeting weekly over the past year within the Broadview Uniting Church

Hall, however, in 2020 will move into the new facility on Prospect Road, Payinthe.

At the time of print, the exact dates and times have not been confirmed so please check out Council's website and social media channels for updated details.

Proudly funded by the Office for Ageing Well - Age Friendly SA Grant.

Further information is available by contacting our Community Development Officer on **8269 5355** or email admin@prospect.sa.gov.au.

SPOTLIGHT ON A VOLUNTEER

At City of Prospect we are so proud of our volunteers, and so grateful for all they do. One of our volunteer programs is the popular Justice of the Peace program where local JPs volunteer their time to provide a free service to the community.

Having a positive attitude is a quality attribute for volunteers in this program. One of these valued volunteers is Richard Harvey who has been a JP since 1962. Richard commenced as a Justice of the Peace with City of Prospect in 2005 and finds his Justice of the Peace work interesting because he meets all sorts of people from different nationalities.

Richard has led a remarkable life after suffering life-threatening burns in 1990 at the age of 64 on his farming property at Yalkuri on the Narrung Peninsula. He was awarded an AM as a member of the Order of Australia for his work as a pastoral consultant and has written a book as a patient who survived against the odds. Richard enjoys gardening, his regular walks and his JP work. Richard says that life at 92 is good and lives by the theory that 'miracles can happen'.

If you are interested in reading more about Richard's story - 'Miracle' is available for loan from the library.

For more information about the Justice of the Peace program visit our website. If you are a registered JP and would like to join this service please contact the Volunteer and Community Programs Coordinator on **8269 5355**.

“Awarded an AM as a member of the Order of Australia for his work as a pastoral consultant and has written a book as a patient who survived against the odds”

Join our Summer Reading Club!

The Summer Reading Club encourages children and young people to discover great authors and illustrators and to encourage a love of reading among children and their families. It is also a great boredom buster during the summer school holiday break.

So – how does it work?

Simply come into the Prospect Library to pick up your free reading pack and register to participate. The pack includes holiday activity sheets, the reading log and a special incentive gift.

Once you have completed the reading log of 10 books, bring it back to the Library

before Friday, 31 January 2020 to receive a free book and go in the draw to win an awesome prize from Prospect Library, as well as some national prizes up for grabs!

The Summer Reading Club caters for children of all ages, with three levels provided as a guide so as not to restrict participants who are above or below their average age reading level. The age ranges include preschool (children under 5 years), primary (children between 6-11 years) and secondary (children 12 years and over).

For more information, please contact the Library on **8269 5355** or email admin@prospect.sa.gov.au.

LET'S GET SOCIAL!

No matter how old you are, engaging socially with others is essential to ensure positive emotional and mental wellbeing. 'Let's get social' and have fun while maintaining or gaining new friendships.

Prospect Community Support provides a variety of social opportunities throughout the week. Put on your summer clothes and get out and about in your community. See below for details of activities available over the next few months:

Please note: Participation in the above activities requires that you be aged over 65 years and registered with My Aged Care

Explore Adelaide — 1st Monday of each month

Newman's Nursery / Topiary Café
– 3 February.

Enjoy one of Adelaide's most popular garden nursery / coffee shop.

Art Gallery of SA – 2 March.

Participate in a tour of the '2020 Adelaide Biennial of Australian Art: Monster Theatres'.

Wellness Wednesdays — Health and lifestyle events

Gourmet Lunch at Home Fresh (The Grove)
– 12 February and 11 March.

Enjoy a home cooked meal followed by a stroll through this newly renovated shopping centre.

Aqua Aerobics, Adelaide Aquatic Centre
– from 25 March.

Participate in a fun and energetic six-week aqua aerobic program.

Active Thursdays — Getting out and about

Community Lunch – 6 February

Enjoy a 3-course lunch and entertainment.

Dolphin Cruise – 13 February

Travel along the historic Port River with lunch included.

Downsizing Workshop – 27 February

This session is for you if you are thinking about ageing in your own home, selling your property or moving to other residences as you age.

Adelaide Zoo – 12 March

Enjoy this popular iconic Adelaide venue.

Sights of Glenelg – 26 March

Stroll along the foreshore, enjoy the shops or simply the company of others over a coffee.

Community Lunch - 5 March

Enjoy a 3-course lunch and entertainment

Shopping Experience — 4th Tuesday of each month

Enjoy the atmosphere and shopping opportunity

Churchill Centre – 25 February

Adelaide Central Market – 24 March

Lunch Groups — 3rd & 4th Monday each month

Enjoy the company of others over a meal at various metropolitan venues on 17 and 24 February and 16 and 23 March

Prospect Men's Shed — Tuesdays, Wednesdays, Thursdays

Enjoy a cuppa with other blokes while improving your woodworking skills on 21, 22, 23 January.

Friendship Group — Day/Time/Venue TBC

In the company of others, come along and enjoy indoor activities and morning tea.

Strength for Life exercises — Morning classes on Mondays and Fridays

Improve your flexibility and balance through a strength-based program from 6 January ongoing throughout the year.

Mobility exercises — Morning classes on Mondays

Improve your mobility and balance through chair-based exercises from 13 January ongoing throughout the year.

Need more information or are keen to book your place within an activity?
Contact the team by telephone **8342 8091** or email admin@prospect.sa.gov.au

Funded by the Commonwealth Home Support Program (CHSP) through the Department of Health.

MEET 'GREAT MATES' THROUGH U3A

In 2020, U3A Prospect is launching its Great Mates program for men, with the lead activity being the Craft Beer Enthusiasts Group. Men will have the opportunity to taste and critique a range of craft beers, plus visit some local craft beer breweries and explore the process of making their own beer.

"It will have an educational element but it will also be an opportunity for men to get together, to have a laugh and a banter with other men – talk men stuff. It is all about making connections with other men," said group leader, Neil.

For those men who wish to be physically active, U3A Prospect is exploring the options of a cycling group, a bushwalking group and a table tennis group

In 2020, U3A Prospect will be offering STEM (science, technology, engineering and maths) activities to all of our members, regardless of gender. Activities will include robotics, technology/IT lessons, visit to the planetarium, tour of the ABC studio, presentations such as "Flying is A Mathematical Game" by retired RAAF pilot and U3A member. Find out more about U3A Prospect by visiting sites.google.com/view/u3aprospect/join-u3a.

Live music returns to Prospect Town Hall after 12 month hiatus!

During its break, the Town Hall received a substantial makeover to upgrade building amenities and link the performance space to Payinthe, Council's stunning new community hub, library and innovation centre.

The live music and performance venue is now fully operational and is open for business!

To get back in rhythm, in November award-winning blues band Lazy Eye launched their third album Whisky and Gin at the venue to a sold out and enthusiastic crowd. This was followed by a performance by Australian pop rock legends Gangajang, who were inducted

into the South Australian Music Hall of Fame.

There's loads more great artists to come so we encourage local residents to get a group together to see a live show! A number of exciting concerts are scheduled, a combination of day and evening performances to suit your availability, budget and taste in music.

For more information regarding future shows and tickets sales please refer to the events calendar on page 18 or go directly to Club5082 Facebook page www.facebook.com/club5082 and click on the events tab or phone **8269 5355**.

Planning our future

People, Place, Prosperity and Services are the four cornerstones of Council's current Strategic Plan, having guided our day-to-day operations from 2016 until now.

The Plan is due for renewal from the end of this year, with Council discussing whether to put in place a four-year plan until 2024 or to plan further into the future and put in place a 20-year Strategic Plan to guide the development of our City until 2040.

What do you want our City to look like in 2040? It is exciting to think that the plans we put in place now will significantly shape our future.

Council is committed to ensure that our communities are broadly consulted to ensure our many voices are heard and provide input to the final Plan. Stay tuned to Your Prospect, Council's website and social media outlets to find out how you can get involved.

You can find our current plan on our website, for further information contact Manager Community Development by email to admin@prospect.sa.gov.au

Ovingham Level Crossing Removal and Main North Road upgrade

The Australian and South Australian governments have committed funding toward the proposed removal of the level crossing at Torrens Road, Ovingham.

To help inform the best solution for this project, the Public Transport Projects Alliance is undertaking a planning study, which will give the community and stakeholders the opportunity to provide feedback and comments. These will help shape recommendations from the study.

For further information on the project and to register for updates visit: dpti.sa.gov.au/torrens, email dpti.communityrelations@sa.gov.au

sa.gov.au or telephone **1300 794 880**.

The governments have also announced \$19 million joint funding for the upgrade of the Main North Road and Nottage Terrace intersection, with the cost shared equally.

Early works are planned to start in 2020 following detailed planning and design through the second half of 2019, with project completion expected in 2022.

For further information on the project and to register for updates visit: dpti.sa.gov.au/nottage, email dpti.communityrelations@sa.gov.au or telephone **1300 794 880**.

DAVID O'LOUGHLIN Mayor's Message

M: 0408 598 863
E: david.oloughlin@prospect.sa.gov.au

As the warmth returns to our great city, so too does the action - and the buzz around Payinthe is only one example.

Prospect Road north of Regency is finally being upgraded. Perhaps the best landscaped sections of all the upgrades, it will improve what has been a less than pretty part of our city for far too long.

Churchill Road has greatly benefitted from two stages of upgrading and design will start shortly on the next and final stage all the way up to Livingstone Street, which will also receive a rebuild.

The new Kaufland supermarket has commenced and that gives us the perfect opportunity to reimagine and beautify an area of our city that has been a blight for decades, and to upgrade and improve the safety along the southern and eastern links to Islington Station.

The electrification of the adjacent rail line is welcomed, but we have been fighting the proposed loss of almost every tree along Devonport Terrace to accommodate it. I'm pleased to report that due to passionate community reaction and Council leadership we are making progress.

Passionate, engaged and active - it's what I love about living in our wonderful community!

MATT LARWOOD West Ward/Deputy Mayor

M: 0458 019 994
E: matt.larwood@prospect.sa.gov.au

Many factors contribute to the livability of our city. And whilst there is probably not one factor alone which makes it so great to live here, if I was to go out on a limb (pardon the pun) I would say that the green leafy streets enjoyed by many (but not all) residents stands out.

There is a growing momentum around addressing at council this and I'm looking forward to seeing a significant amount of planting (of the right sort of trees) around our streets over the next few years so we can all enjoy the benefits that this brings.

KRISTINA BARNETT West Ward

M: 0408 822 923
E: kristina.barnett@prospect.sa.gov.au

Check out Council's 4 new solar operated compaction bins at George Whittle Reserve. The smart bins compact garbage and have a sensor system that notifies council when the bin can be emptied. Bin collection is done by demand not schedule, and operating costs are reduced!

Here's my challenge to your households over Christmas - reduce red bin waste by correctly recycling in yellow and green bins!

Thanks to our quiet achievers who contribute to our community. I thank them for their 'gift of giving' to us. Support our local shops when buying your gifts. Include a visit to our new Payinthe building! Safe and happy holiday season!

MARK GROOTE

Central Ward

M: **0401 717 491**
E: mark.groote@prospect.sa.gov.au

A new, well-oiled council working together, the opening of our new community facility with a name that recognises our traditional owners, and a budget that addresses community need around our entire city.

This is a great start to our new council term, but there is still lots more to be done – reducing traffic issues and vehicle speeds, making sure our roads, footpaths and parks meet community expectations, and getting the heritage protection and good design for new properties. Thankyou for your support to me, and on behalf of my family, I wish you all very happy Christmas.

ROBIN PEARCE

North Ward

M: **0407 244 772**
E: robin.pearce@prospect.sa.gov.au

It is hard to comprehend that the first 12 months as an elected member has passed so quickly. There have been many achievements in that time, Stan Watson Reserve upgrade, George Whittle skate park, completion of underground powerlines and associated kerbing, replacement of roof at Broadview/Yarnta Tutu yarta clubrooms to name a few. However, the most significant would be the new Council home named Payinthi meaning “good prospects”. Former North Ward councillors Talis Evans and Monica Lee must be congratulated for their efforts in these achievements. My family and I wish you a joyous Christmas and a safe, healthy and happy new year.

ALLEN HARRIS

East Ward

M: **0419 324 397**
E: allen.harris@prospect.sa.gov.au

The opening of Payinthi means residents on our side have to travel further but it is a magnificent complex. However, the Spring Fair, Nailsworth Primary taking back the Library, moving closer to fixing traffic problems with Edwin and Rutherglen and a lot more trees means lots to the East.

This time of year I like to thank the council workers, my family and residents for their hard work and assistance in making our city a safe liveable place. Individually we may not be able to make world peace or fix global warming, what we can do this Christmas is check on our neighbours.

ALISON DE BACKER

Central Ward

M: **0423 114 170**
E: alison.debacker@prospect.sa.gov.au

Prospect is currently conducting a heritage review that was included in the 2019-2020 budget ahead of changes to the State Planning System. Some may be aware of the increasing concerns about the quality of new infill development and the protections for some character buildings.

I have attended several briefings by the State Planning Department with lots of questions still to be answered. The full details are out for consultation and I encourage you to have your say. Please contact your Ward Councillor if you have any questions or concerns about the new planning system and what it means for you.

THUY NGUYEN

North Ward

M: **0413 499 109**
E: thuy.nguyen@prospect.sa.gov.au

Wow, it has been over 12 months since serving as Councillor for North Ward. So far, the journey has been very interesting and I have enjoyed being the bridge between the community and the Council.

I strongly encourage residents and the new citizens that I have met during the Citizenship Ceremonies to be more active in council matters as your views and opinions are important in the shaping of our City.

With Christmas just around the corner, I want to take this opportunity to wish you a Merry Christmas and have a wonderful and safe holiday.

STEVEN RYPP

East Ward

M: **0403 772 851**
E: steven.rypp@prospect.sa.gov.au

Council is undertaking an internal revision, with input from key stakeholders, of the existing draft Broadview Sports and Recreation Precinct / Yarnta Tutu yarta Masterplan. The revised draft Masterplan will then be presented to Council to seek formal endorsement by December 2019. Council has resolved to retain the traffic control device at this time at the Balfour Street, Howard Street T-intersection in Nailsworth, reinstate line marking, signage, retro reflective markers and conduct remedial works to modify damaged sections of the device. Council will then prepare options for alternate traffic control device(s), including cost estimates for Council's consideration by January 2020.

COMPOSTING

Close The Loop On Food Waste

Almost half, yes, around 48 per cent, of our waste could be made into compost. Composting your food and garden organics is great for our environment. Most of the harmful greenhouse gas emissions from landfill come from decomposing organic material, which could be composted through your green-lidded food and garden organics bin or in your home compost bin.

You can reduce these environmental impacts by using the kitchen organics basket and compostable liners to collect all food before placing into your green organics bin. Rather than decomposing in landfill, this material will be turned into high quality compost.

Items suitable for the kitchen organics basket include:

- Fruit and vegetable scraps
- Dairy, meats (raw or cooked), bones, fish
- Eggs and oyster shells
- Tissues and paper serviettes
- Meat and bones (raw or cooked)

- Coffee grounds
- Tea leaves and tea bags
- Hair and nail clippings
- Cut flowers

Items NOT accepted in the kitchen organics basket:

- Plastic bags
- Cling wrap
- Dishcloths and sponges
- Nappies
- Cigarette butts or ash
- Kitty Litter

City of Prospect supplies households with a kitchen organics basket and 150 compostable (corn starch) bags to help assist with the collection of food scraps for disposal in your green organics bin. If you don't have one, or are missing a kitchen organics basket at your property, please contact East Waste on **(08) 8347 5111**.

Avoid, reduce, re-use, recycle and compost this Christmas

Christmas brings festivities, food and presents – each of which can mean a lot of waste. With a little bit of thought and creativity it is easy to reduce your environmental footprint.

Avoid disposables - serve your food on real plates and drinks in real glasses. Use the good china and silverware. Use real cutlery and cloth napkins, and a real tablecloth.

Reduce - give the gift of experiences rather than things; a night out at a good restaurant, photography lessons, laser tag, or zoo memberships. Swap out Christmas cards for a phone call, personalised text or a fun e-card.

Choose to re-use – look for things around the house that can be repurposed as

wrapping paper; children might like to use their artwork to wrap gifts, re-use ribbons, cloths, scarves and newspaper. Invest in re-usable Santa sacks.

Recycle - many drink lids can be recycled too. For metal lids place them inside a steel can and squeeze the top closed so they don't fall out. For plastic lids (and other small plastic items like bread tags and straws) place them inside a see through plastic container or bottle (including milk or juice cartons). Small items fall through the machines and are not recycled but this method will capture them.

Compost your food waste – don't waste food scraps, place in green organics bin, compost bin or worm farm.

Five tips to staying cool on your bike this summer

Sunny, summer days are perfect for exploring our local streets. We've put together a few quick tips to help keep you safe and happy on the bike this summer.

1. Ride early or late in the day when the temperature is cooler.
2. Drink cold fluids. Remember to take your water bottle with you. To stay extra cool slip in a few ice cubes or freeze your water bottle the night before so it can melt as you ride.
3. Wear the right clothing. Pick clothes that will keep you cool, allow perspiration to evaporate.

4. Wear sunscreen. Protect your skin to avoid sunburn or sunstroke.
5. Slow down. Take regular breaks, sip your water, stop off at a café for a cool drink, and choose shady, tree-lined streets to ride down.

Looking for an adventure? City of Prospect has two cycling maps that will take you along a journey of local history, public art, and recreational opportunities within the City.

Download copies from our website at www.prospect.sa.gov.au

Buying back recyclables

In an Australian first, City of Prospect has joined with eight metropolitan and rural councils to prioritise buying products made from recycled materials as part of the Local Government Association's Circular Procurement Pilot Project.

This project is led by the Local Government Association, with the assistance of a \$96,500 Green Industries SA grant.

The goal is to increase local demand for recycled materials, support the development of a circular economy in SA, and ultimately reduce waste and recycling costs for councils.

2020 Waste Calendars

The 2020 Waste Collection Calendar is available to download from Council's website, or visit the customer service desk at Payinthe for a printed copy. The calendar includes collection dates for your recyclables, green organics for compost and waste for landfill as well as information about hard waste, e-waste (electronic waste) and hazardous waste.

For quick access to the next waste collection dates at your address, register for the free My Local Services app. You will also receive bin collection reminders and helpful recycling and waste reduction tips. The app can also be used to report if a bin collection is missed or book a hard waste collection. Utilise the handy "which bin" feature to check which bin to place items in.

You can access the "which bin" information and resources online if you do not have access to the My Local Services app. This online resource is kept up-to-date and answers many potential questions about how waste should be managed at <http://whichbin.sa.gov.au>

"For quick access to the next waste collection dates at your address, register for the free My Local Services app"

Keep feeling your best

Daily Moves is a free supportive physical activity program for adults aged 65 years and above. The program aims to encourage participants to move their bodies daily for 30 minutes. Daily movement, including things like taking out the bins, can go a long way to maintaining independence, preventing frailty, managing chronic pain, keeping us socially connected, lifting our mood, along with many other benefits.

Daily Moves is available for residents in City of Prospect. If you are interested in becoming a participant of the Daily Moves program, there's just three simple steps to get involved:

1. Contact the City of Unley Daily Moves team on **8372 5177** or at dailymoves@unley.sa.gov.au to express your interest. They will then post out an application form and questionnaire.

2. Return the forms in the post.

3. Come to an assessment day.

For more information about events, and to join the mailing list, visit unley.sa.gov.au/daily-moves.

English as a Second Language Program

Do you or someone you know speak English as a second language? Did you know that Council offers free group classes and individual tutoring sessions at Payinthe, 128 Prospect Road, Prospect?

The classes and tutoring sessions are available to adults who are newly arrived in Australia or who may have been here for some time, but speak a different language at home. Students will have the opportunity to practice and develop

skills and confidence in speaking, listening, reading and writing to assist in everyday life.

Group classes are held on Tuesdays during school terms from 10am – 12pm while individual tutoring sessions are available at various times during the school term.

For enquiries and bookings, contact Council's Community Development Officer on **8269 5355** or email admin@prospect.sa.gov.au.

TRAINING YOUR FOUR LEGGED FRIEND

All dogs need to learn a few manners and there are many reasons why training your dog is important, including forming a closer bond with your pet, easier management, safety and of course fun.

If you've recently adopted a new dog into your family, or if you already have one that regularly gets into trouble and needs some general etiquette and guidance, the RSPCA has produced a list of force-free dog trainers in SA. All trainers have qualifications and teach positive methods for training dogs.

Training can help with managing dog behavioural issues, such as learning strategies to help address nuisance barking and providing your dog with good manners when out and about in public. This is important for dog owners who may want to take their dog to a dog park, for instance.

The RSPCA SA Force Free Trainers list can be found at www.rspcasa.org.au/the-issues/force-free-dog-trainers/

Make sure your pooch gets home

In Prospect last financial year 58 dogs were either lost or found wandering. Fortunately, Council's Animal Management Officers reunited 25 of these dogs with their owners and impounded 33 at the Animal Welfare League, usually due to lack of identification or the inability to contact owners. We are happy to report that most of these dogs were either collected by their owners or rehomed.

If your dog is found wandering or taken to the pound, expiation and pound fees can be expensive, not to mention the emotional stress of losing a loved family pet.

Ensuring dogs are registered and identified provides the best chance of them being reunited with their families. If your dog is wearing its collar and registration disc it can

be quickly reunited with you. In addition to registration, microchipping offers a permanent solution to identifying pets and greatly increases the likelihood reuniting pets with their owners if they are lost.

Microchipping isn't expensive and can be conducted by organisations such as Chip Blitz for a small fee of \$10 or through your local vet.

Registration and microchipping are compulsory in South Australia and are safe and relatively inexpensive alternatives to paying costly expiation and pound fees. Dog owners can keep their pets details up to date using the centralised database Dogs and Cats Online at <http://www.dogsandcatsonline.com.au>.

Scoop the Poop

EW! You just stepped in a pile of dog poop! Scenes like these may make the mantra, "scoop the poop!" a well-deserved one, but more importantly, cleaning up after your dog helps prevent the spread of parasites and disease.

Why cleaning up after your dog is a must:

- It's the law. You could be fined \$210 for not cleaning up after your dog.
- It's courteous. The smell and potential for ruining shoes are enough to compel most of us to dutifully carry dog tidy bags wherever we roam with our four-legged friend.
- Dog poop spreads disease. One of the most contagious and aggressive illnesses that can befall a dog is parvovirus and exposure to a sick pet's stool can pose risks to young and/or unvaccinated dogs throughout the community.
- To encourage more pet friendly places. One of the best ways to change the hearts and minds of establishments with a No Dogs Allowed policy is through pet owner etiquette. Many venues, hotels, and other fun people places now welcome well-behaved pets precisely because of the simple courtesy and responsibility of well-mannered pet owners.
