1 Purpose

- 1.1** The Corporate Risk Management Policy (“the Policy”) supports an integrated approach to managing risk across Council structures by ensuring:
- 1.1.1 Council’s commitment to core and universally accepted risk management principles.
 - 1.1.2 Risk Management responsibilities are specified and applied to relevant Council functions and operations.
 - 1.1.3 The Risk Management Framework (“the Framework”) provides the tools and processes to underpin a balanced approach, considering the resources required, to manage identified risks against anticipated benefits.
- 1.2** The management of risk is recognised as an integral part of good business practice and is an essential component of good corporate governance and the successful achievement of Council’s Community and other relevant Strategic & Business Plans.
- 1.3** To achieve the objectives of the Policy, a Risk Management Framework has been developed.

2 Policy Statement

- 2.1** Council is committed to maintaining and applying fundamental risk management principles to ensure that any impacts to strategic and business objectives are considered and analysed.

- 2.2 Risk Management involves the implementation and adoption of systematic processes to identify, assess, evaluate and treat (mitigate) risks. The risk management process involves identifying impacts and opportunities to ensure Council can effectively achieve its strategic and business objectives.
- 2.3 The Policy and Framework have been developed and implemented to standardise the process of identifying, evaluating, and managing risk across Council's Directorates.
- 2.4 The Policy and Framework have been developed and aligned to the International Risk Management Standard AS/NZ ISO 31000:2018: "*Risk Management Guidelines*".

3 Scope

- 3.1 The Policy is applicable to all employees, Council & Committee Members, volunteers, and contractors, across the organisation, providing Council based functions, works and services.

4 Objectives

- 4.1 The objectives of the Policy are to:
 - 4.1.1 Ensure a systematic approach is undertaken to manage risks and to apply appropriate treatment and mitigation strategies that are reviewed and monitored (see Risk Management Process Chart);
 - 4.1.2 Develop and nurture an organisational ethos and culture, which will integrate risk management processes into management activities at strategic, project and business levels;
 - 4.1.3 Achieve Council's goals, objectives, and targets within an acceptable (tolerable) level of risk.

5 Definitions
